## 2 CRÉDIT MUTUEL ARKÉA: A MISSION-LED COMPANY

### ONE AMBITION: TO INCREASE THE GROUP'S OVERALL PERFORMANCE

**A deep and concrete commitment** to major social and environmental transitions.

A project adopted at the general meeting on 10 May 2022: **Crédit Mutuel Arkéa has thus officially become one of the first banks to obtain this status.**

The mission committee was appointed in June. It is composed of a majority of people from outside the company, as well as employees and directors, committed to both environmental and social issues.

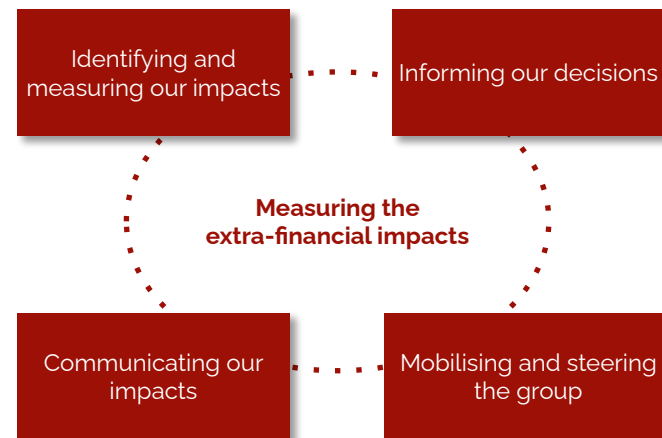

**The group's missions will be organised around the five commitments defined in application of the Raison d'Être.**

**A roadmap is currently being drawn up** to define the concrete implementation of each of these commitments. It will be validated by the Committee and will form the basis for monitoring the execution of its mission. It will also be regularly assessed by an approved independent third-party organisation.

The four-year quantitative targets will be defined by the committee by the autumn.

The Mission Committee will present an annual report to the General Assembly. **The first report will therefore appear in the first quarter of 2023.**
