FOR THE ISSUE OF OBLIGATIONS FONCIÈRES AND OTHER PRIVILEGED NOTES

Under the Euro Medium Term Note Programme (the "**Programme**") described in this base prospectus (the "**Base Prospectus**"), Crédit Mutuel Arkéa Public Sector SCF (the "**Issuer**"), subject to compliance with all relevant laws, regulations and directives, may from time to time issue French law *obligations foncières* or German law notes, as specified in the relevant Final Terms (as defined below) (respectively, the "**French law Privileged Notes**" and the "**German law Privileged Notes**" and together, the "**Privileged Notes**"), benefiting from the statutory *privilege* created by article L.515-19 of the French *Code monétaire et financier* (the "**French Monetary and Financial Code**"), as more fully described herein.

The aggregate nominal amount of all Privileged Notes outstanding under the Programme will not at any time exceed €10,000,000,000 (or its equivalent in other currencies) at the date of issue of any Privileged Notes.

Application for approval of this Base Prospectus has been made to the *Commission de surveillance du secteur financier* (the "**CSSF**") in its capacity as competent authority in Luxembourg under the *loi relative aux prospectus pour valeurs mobilières* dated 10 July 2005 which implements Directive 2003/71/EC dated 4 November 2003 on the prospectus to be published when securities are offered to the public or admitted to trading, as amended by Directive 2010/73/EU dated 24 November 2010 (the "**Prospectus Directive**"). The CSSF assumes no responsibility as to the economic and financial soundness of the Privileged Notes and the quality or solvency of the Issuer. Application may be made (i) to the Luxembourg Stock Exchange for French law Privileged Notes issued under the Programme during a period of twelve (12) months after the date of this Base Prospectus to be listed on the Official List of the Luxembourg Stock Exchange and admitted to trading on the regulated market of the Luxembourg Stock Exchange and/or (ii) to the competent authority of any other member state of the European Economic Area ("**EEA**") for French law Privileged Notes issued under the Programme to be admitted to trading on a Regulated Market (as defined below) in such member state. The regulated market of the Luxembourg Stock Exchange is a regulated market for the purposes of Directive 2004/39/EC dated 21 April 2004 (a "**Regulated Market**"). French law Privileged Notes issued under the Programme may also be unlisted or listed and admitted to trading on any other market, including any other Regulated Market in any member state of the EEA. The relevant final terms (the "**Final Terms**") in respect of the issue of any French law Privileged Notes will specify whether or not such Privileged Notes will be listed and admitted to trading on any market and, if so, the relevant market. The German law Privileged Notes will not be admitted to trading nor listed on any market or stock exchange.

French law Privileged Notes may be issued either in dematerialised form ("**Dematerialised Privileged Notes**") or in materialised form ("**Materialised Privileged Notes**") as more fully described herein. Dematerialised Privileged Notes will at all times be in book-entry form in compliance with article L.211-3 *et seq.* and R.211-1 *et seq.* of the French Monetary and Financial Code. No physical documents of title will be issued in respect of the Dematerialised Privileged Notes.

Dematerialised Privileged Notes may, at the option of the Issuer, be (i) in bearer dematerialised form (*au porteur*) inscribed as from the issue date in the books of Euroclear France (acting as central depository) which shall credit the accounts of the Account Holders (as defined in section "*Terms and Conditions of the French law Privileged Notes - Form, Denomination and Title*") including Euroclear Bank S.A./N.V. ("**Euroclear**") and the depository bank for Clearstream Banking, *société anonyme* ("**Clearstream, Luxembourg**"), or (ii) in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder (as defined in section "*Terms and Conditions of the French law Privileged Notes - Definitions*"), in either fully registered dematerialised form (*au nominatif pur*), in which case they will be inscribed in an account maintained by the Issuer or by a registration agent (appointed in the relevant Final Terms) for the Issuer, or in administered registered dematerialised form (*au nominatif administré*) in which case they will be inscribed in the accounts of the Account Holders designated by the relevant Noteholder.

Materialised Privileged Notes will be in bearer materialised form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a "**Temporary Global Certificate**") will initially be issued in relation to Materialised Privileged Notes. Such Temporary Global Certificate will subsequently be exchanged for definitive Materialised Privileged Notes with, where applicable, coupons for interest or talons attached (the "**Definitive Materialised Privileged Notes**"), on or after a date expected to be on or about the fortieth (40th) day after the issue date of the Privileged Notes (subject to postponement as described in section "*Temporary Global Certificate in respect of Materialised Privileged Notes*") upon certification as to non-U.S. beneficial ownership as more fully described herein. Temporary Global Certificates will (a) in the case of a Tranche intended to be cleared through Euroclear and/or Clearstream, Luxembourg, be deposited on the issue date with a common depository for Euroclear and Clearstream, Luxembourg, and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream, Luxembourg or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer(s) (as defined below). In the case of a Tranche which is not intended to be cleared notably through Euroclear and/or Clearstream, Luxembourg, the Privileged Notes of such Tranche cannot be listed on the Official List of the Luxembourg Stock Exchange and traded on the Regulated Market of the Luxembourg Stock Exchange.

German law Privileged Notes will be issued in materialised registered form only.

Privileged Notes issued under the Programme are expected to be rated AAA by Standard & Poor's Credit Market Services Europe Ltd. ("**S&P**") and Aaa by Moody's Investors Service Ltd. ("**Moody's**" and, together with S&P, the "**Rating Agencies**"). The credit rating of Privileged Notes will be specified in the relevant Final Terms. Credit ratings included or referred to in this Base Prospectus have been issued by S&P and Moody's, which are established in the European Union, are registered under Regulation (EC) no. 1060/2009 of the European Parliament and of the Council of 16 September 2009 on credit rating agencies and appear on the list published by the European Securities and Markets Authority (<http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>). A credit rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal by the assigning rating agency, at any time and without prior notice. The credit ratings address (i) in respect of S&P, the likelihood of full and timely receipt by any of the relevant Noteholders of interest on the Privileged Notes and the likelihood of receipt by any relevant Noteholder of principal of the Privileged Notes on the relevant due date specified in the relevant Final Terms and (ii) in respect of Moody's, the expected loss which the investors are exposed to in respect of the Privileged Notes.

See "**Risk Factors**" below for certain information relevant to an investment in the Privileged Notes to be issued under the Programme.

Accordingly, no Privileged Note may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Privileged Notes may come are required by the Issuer, the Arranger and the Dealers to inform themselves of, and to observe any such restrictions on the distribution of this Base Prospectus and the offering and sale of Privileged Notes. This Base Prospectus has not been submitted to the clearance procedures of the *Autorité des marchés financiers* in France.

This Base Prospectus does not constitute an offer of, or an invitation by or on behalf of the Issuer, the Arranger or the Dealer(s) to subscribe for, or purchase, any Privileged Notes.

None of the Dealers or the Issuer makes any representation to any investor in the Privileged Notes regarding the legality of its investment under any applicable laws. Any investor in the Privileged Notes should be able to bear the economic risk of an investment in the Privileged Notes for an indefinite period of time.

Each Series of Privileged Notes may be issued in tranches (each a "**Tranche**") on the same or different issue dates.

The specific terms of each Tranche (including, without limitation, the aggregate nominal amount, issue price, redemption price thereof, and interest, if any, payable thereunder and completed, where necessary, with additional terms and conditions which, save in respect of the issue date, issue price, first payment of interest and nominal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be determined by the Issuer and the relevant Dealer(s) at the time of the issue and will be set out in the final terms of such Tranche (the "**Final Terms**").

Maturities:

Subject to compliance with all relevant laws, regulations and directives, the Privileged Notes may have any maturity as specified in the relevant Final Terms, subject to such minimum maturity as may be required by the applicable legal and/or regulatory requirements.

Payments in respect of Privileged Notes may, subject to compliance with the aforesaid, be made in and/or linked to, any currency other than the currency in which such Privileged Notes are denominated.

Denomination(s):

The Privileged Notes shall be issued in the Specified Denomination(s) set out in the relevant Final Terms, save that all French law Privileged Notes admitted to trading on a Regulated Market in circumstances which require the publication of a prospectus under the prospectus directive 2003/71/EC dated 4 November 2003, as amended (the "**Prospectus Directive**") shall have a minimum denomination of €100,000 (or its equivalent in any other currency at the time of issue) or such higher amount as may be allowed or required from time to time in relation to the relevant Specified Currency.

Privileged Notes having a maturity of less than one year will, if the proceeds of the issue are accepted in the United Kingdom, constitute deposits for the purposes of the prohibition on accepting deposits contained in section 19 of the Financial Services and Markets Act 2000 unless they are issued to a limited class of professional investors and have a denomination of at least £100,000 or its equivalent.

Dematerialised Privileged Notes shall be issued in one (1) denomination only.

Status of the Privileged Notes:

The obligations to pay principal and interest under the Privileged Notes (and

where applicable any Receipts, Coupons and Talons) will constitute direct, unconditional and privileged obligations of the Issuer, all as described in section "*Terms and Conditions of the French law Privileged Notes - Status*". The Privileged Notes are issued under articles L.515-13 to L.515-33 of the French Monetary and Financial Code. Noteholders benefit from a statutory *privilege* (priority right of payment) over all the assets and revenues of the Issuer. See "*Terms and Conditions of the French law Privileged Notes - Privilege*" and "*Main features of the legislation and regulations relating to sociétés de crédit foncier*".

Use of Proceeds:	The proceeds from the issuance of the Privileged Notes under the Programme will be used by the Issuer to fund advances to be made available to Crédit Mutuel Arkéa. Such advances will be fully secured (<i>totalement garanties</i>) by a pool of exposures to French public sector entities or guaranteed by such entities, so that each of such advances characterises as exposure to public legal persons (<i>exposition sur des personnes publiques</i>) within the meaning of article L.515-15 of the French Monetary and Financial Code.

Redemption Amount:	The Final Terms issued in respect of each Tranche will specify the final redemption amounts payable.
Optional Redemption:	The Final Terms issued in respect of each Tranche will state whether such Privileged Notes may be redeemed prior to their stated maturity at the option of the Issuer (either in whole or in part) and/or at the option of the Noteholders, and if so the terms applicable to such redemption.
Redemption by Instalments:	The Final Terms issued in respect of each Tranche that are redeemable in two (2) or more instalments will set out the dates on which, and the amounts in which, such Privileged Notes may be redeemed.
Early Redemption:	Except as provided in section "Optional Redemption" above, Privileged Notes will be redeemable at the option of the Issuer prior to their stated maturity only for illegality (as provided in Condition 7(g)).
Taxation:	<p>All payments of principal and interest by or on behalf of the Issuer in respect of the Privileged Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.</p> <p>If any law would require that payments of principal or interest in respect of any present or future Privileged Note or any present or future Receipt or Coupon relating thereto, be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever, the Issuer will not be required to pay any additional amounts in respect of any such withholding or deduction.</p>

Each prospective holder or beneficial owner of Privileged Notes should consult its tax adviser as to the tax consequences of any investment in or ownership and disposition of the Privileged Notes.

A more detailed description of the tax regime applicable to the Privileged Notes is contained in section "*Taxation*".

Interest Periods and Interest Rates:

The length of the interest periods for the Privileged Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. The Privileged Notes may have a maximum interest rate, a minimum interest rate or both. The use of interest accrual periods permits the Privileged Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Final Terms.

Fixed Rate Privileged Notes:

Fixed interest will be payable in arrears on the date or dates in each year specified in the relevant Final Terms.

Floating Rate Privileged Notes:

Floating Rate Privileged Notes will bear interest determined separately for each Series as follows:

- (a) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by the 2001 or 2007 FBF Master Agreement relating to transactions on forward financial instruments as supplemented by the Technical Schedules, as published by the *Fédération Bancaire Française* (FBF); or
- (b) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, INC., and as amended and updated as at the Issue Date of the first Tranche of the Privileged Notes of the relevant Series, or
- (c) on the basis of a reference rate appearing on an agreed screen page of a commercial quotation service (including, without limitation, EURIBOR, EONIA, LIBOR, CMS or TEC),

in each case plus or minus any applicable margin, if any, and calculated and payable as indicated in the applicable Final Terms. Floating Rate Privileged Notes may also have a maximum rate of interest, a minimum rate of interest or both.

Dematerialised Privileged Notes may, at the option of the Issuer, be issued in bearer form (*au porteur*) or in registered form (*au nominatif*) and, in such latter case, at the option of the relevant holder, in either fully registered form (*au nominatif pur*) or administered form (*au nominatif administré*). The Issuer is Category 1 for the purposes of Regulation S under the United States Securities Act of 1933, as amended.

Materialised Privileged Notes will be issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(D) and any successor regulation issued under the Hiring Incentives to Restore Employment Act of 2010 (the "**Hire Act**") (the "**D Rules**") unless (i) the relevant Final Terms state that such Materialised Privileged Notes are issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(C) and any successor regulation issued under the Hire Act (the "**C Rules**") or (ii) such Materialised Privileged Notes are issued other than in compliance with the D Rules or the C Rules but in circumstances in which the Privileged Notes will not constitute "registration required obligations" under the United States Tax Equity and Fiscal Responsibility Act of 1982 ("**TEFRA**"), which circumstances will be referred to in the relevant Final Terms as a transaction to which TEFRA is not applicable.

Dematerialised Privileged Notes which are not in bearer form for U.S. tax purposes do not require compliance with the TEFRA rules.

General Information:

Copies of this Base Prospectus and various other documents are available free of charge during usual business hours on any weekday (Saturdays, Sundays and public holidays excluded) from the registered office of the Issuer and at the specified office of the Paying Agent(s).

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Privileged Notes issued under the Programme. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

The Issuer believes that the factors described below represent the principal risks inherent to investing in Privileged Notes issued under the Programme. However, the Issuer does not represent that the statements below regarding the risks of holding any Privileged Notes are exhaustive. Investors must be aware that the list of factors set out below is not intended to be exhaustive and that other risks and uncertainties which, as of the date of this Base Prospectus, are not known to the Issuer, or are considered not to be relevant, may have a significant impact on the Issuer, its activities, its financial condition and the Privileged Notes. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus (including any documents deemed to be incorporated by reference herein) and make their own opinion about risk factors prior to making any investment decision. Investors should in particular conduct their own analysis and evaluation of the risks relating to the Issuer, its financial condition and the Privileged Notes.

In addition, factors which are material for the purpose of assessing the market risks associated with Privileged Notes issued under the Programme are also described below.

The Issuer considers that the Privileged Notes shall only be subscribed for or purchased by investors which are (or are advised by) financial institutions or other professional investors who have sufficient knowledge and experience to appropriately evaluate the risks associated with the Privileged Notes.

Words and expressions defined elsewhere in this Base Prospectus shall have the same meanings when used below.

1. Risks related to the Issuer

Issuer's sole liability under the Privileged Notes

The Issuer is the only entity which has obligations to pay principal and interest in respect of the Privileged Notes. The Privileged Notes will not be obligations or responsibilities of any other entity, including (but not limited to) Crédit Mutuel Arkéa or any other company in the same group, or the shareholders or directors or agents of any company in the same group of companies.

Reliance of the Issuer on third parties - Substitution risk - Conflicts of interest

The Issuer has entered into agreements with a number of third parties, which have agreed to perform services for the Issuer (See "*Material contracts and relationship between Crédit Mutuel Arkéa Public Sector SCF and Crédit Mutuel Arkéa*"). In the event that any other party providing services to the Issuer fails to perform its obligations under the relevant agreement(s) to which it is a party, the ability of the Issuer to make payments under the Privileged Notes may be affected. However, the relevant agreements provide for the ability of the Issuer under certain circumstances to terminate the appointment of any relevant third party which would be defaulting in performing their obligations under the relevant agreements.

Under certain circumstances described in the agreements executed with respect to the Programme (See "*Material contracts and relationship between Crédit Mutuel Arkéa Public Sector SCF and Crédit Mutuel Arkéa*") and leading to the substitution of one (1) or more counterparties of the Issuer, no assurance can be given that a substitute entity will be found.

Conflicts of interest may arise during the life of the Programme as a result of various factors involving the Issuer and certain counterparties of the Issuer. For example, such potential conflicts may arise because Crédit Mutuel Arkéa acts in several capacities under the agreements relating to the Programme, it being provided that its rights and obligations under the agreements relating to the Programme are not contractually conflicting and are independent from one another. Other conflicts of interest may arise as further described in point "*Potential Conflicts of Interest*" below.

Credit risk on assets

The Issuer's main business activity is to grant or acquire exposures to, or guaranteed by, public sector entities (either directly or indirectly). Therefore, the Issuer is exposed, directly or indirectly, to the credit risk of such public sector entities.

However, in order to mitigate such credit risk, the assets of the Issuer will be selected as to comply with certain eligibility criteria contained in the legal framework relating to French *sociétés de crédit foncier*.

Legal eligibility criteria

The assets of the Issuer must comply with the legal eligibility criteria provided for in articles L.515-15 and L.515-16 of the French Monetary and Financial Code, according to which the Issuer may in particular:

- (i) grant or acquire exposures to, or guaranteed by, public sector entities which comply with the provisions of article L.515-15 of the French Monetary and Financial Code, i.e. without limitation, exposures to public entities such as states, central banks, local authorities or state-owned entities located in a Member State of the European Community ("EC"), within the European Economic Area ("EEA"), in the United States of America, Switzerland, Japan, Canada, Australia or New Zealand or exposures to public entities such as states or central banks not located within the EEA, nor in a Member State of the EC, nor in the United States of America, Switzerland, Japan, Canada, Australia nor New Zealand, but located in a State benefiting from the highest level of credit assessment (*meilleur échelon de qualité de crédit*) given by a rating agency recognised by the French *Autorité de contrôle prudentiel* as provided in article L.511-44 of the French Monetary and Financial Code, and
- (ii) within the limits of article R.515-4 of the French Monetary and Financial Code, subscribe for senior units or senior notes issued by French *organismes de titrisation* or any other similar foreign entities governed by the laws of a Member State of the EC or EEA, the United States of America, Switzerland, Japan, Canada, Australia or New Zealand, if the following provisions of article L.515-16 of the French Monetary and Financial Code are complied with:
 - (a) the assets of such securitisation vehicles comprise at least 90% of exposures to public entities complying with the criteria defined in article L.515-15 of the French Monetary and Financial Code or other receivables benefiting from the same level of guarantees;
 - (b) such units or notes are not subordinated units or subordinated notes; and
 - (c) such units or notes benefit from the highest level of credit assessment (*meilleur échelon de qualité de crédit*) assigned by an external rating agency recognised by the French *Autorité de contrôle prudentiel* pursuant to article L.511-44 of the French Monetary and Financial Code.

Compliance with those legal eligibility criteria is controlled by the specific controller (*contrôleur spécifique*) of the Issuer who reports to the French *Autorité de contrôle prudentiel* (See "*Main Features of the legislation and regulations relating to sociétés de crédit foncier*").

In addition, according to articles L.515-17 and R.515-7 of the French Monetary and Financial Code, the Issuer may hold securities, values or deposits which are sufficiently secure and liquid as substitution assets (*valeurs de remplacement*). Those substitution assets may only comprise exposures on credit institutions or investment firms benefiting from the highest level of credit assessment (*meilleur échelon de qualité de crédit*) assigned by an external rating agency recognised by the French *Autorité de contrôle prudentiel* pursuant to article L.511-44 of the French Monetary and Financial Code, or guaranteed by credit institutions or investment firms benefiting from the same credit assessment, or when the remaining maturity of such exposures on credit institutions or investment firms is less than 100 days, the second highest level of credit assessment (*second meilleur échelon de qualité de crédit*) assigned by an external rating agency recognised by the French *Autorité de contrôle prudentiel* pursuant to article L.511-44 of the French Monetary and Financial Code, or guaranteed by credit institutions or investment firms benefiting from the same credit assessment.

The total amount of such substitution assets must not exceed 15 per cent. of the nominal amount of the Privileged Notes issued by the Issuer and other resources benefiting from the *Privilège* as described in (See "*Main Features of the legislation and regulations relating to sociétés de crédit foncier*").

Cover ratio between assets and privileged debts

According to article L.515-20 and R.515-7-2 of the French Monetary and Financial Code, the ratio between the total amount of assets of *sociétés de crédit foncier*, after application of the relevant weighting percentage, and the amount of liabilities benefiting from the *Privilège* must be at least one hundred and two per cent. (102%). Calculation of this cover ratio is set out in Regulation 99-10 of the *Comité de la Réglementation Bancaire et Financière* (the "*CRBF*") pursuant to which the ratio's denominator is comprised of *obligations foncières* and other resources benefiting from the *privilège* and the ratio's numerator is made up of all the assets weighted with the percentage applicable to their respective categories. In accordance with the French current legal framework applicable to *sociétés de crédit foncier*, in the case of the Issuer, since the loans are granted to, or guaranteed by, public sector entities, they are accounted for at their accounting value (100% weighting).

The specific controller (*contrôleur spécifique*) (see "*Description of the Issuer*") has access to information that allows confirmation of each issue's compliance with the cover ratio. This cover ratio is published twice a year and checked on a quarterly basis by the specific controller (*contrôleur spécifique*).

Credit risk on assets is also overseen by the risk direction of Crédit Mutuel Arkéa.

Additional contractual constraints

The agreements relating to the Programme provides for additional contractual eligibility criteria for the assets of the Issuer. In accordance with those criteria, the vast majority of these assets comes from the commercial financing activities of Crédit Mutuel Arkéa group entities.

In addition, Crédit Mutuel Arkéa and the Issuer have entered into agreements in order to ensure, by providing to the Issuer liquidity support or transferring to the Issuer additional eligible assets or otherwise, that the Issuer will, at all times, maintain an overcollateralisation ratio between its eligible assets and its Privileged Notes equal to or greater than 105% (See "*Description of the Issuer – Business Overview – OC Test*").

Credit risk on bank counterparties

For the Issuer, bank counterparty risk is that of counterparties in:

- (i) hedging operations with which it may enter into ISDA or FBF (French banking association) master agreements that meet rating agency standards for *sociétés de crédit foncier*,
- (ii) administrating the Issuer's bank accounts,
- (iii) paying any sums due under the Facility Agreement (See "*Description of the Issuer – Business Overview*"), and
- (iv) providing cash collateral in accordance with a cash collateral agreement concluded with Crédit Mutuel Arkéa (See "*Material contracts and relationship between Crédit Mutuel Arkéa Public Sector SCF and Crédit Mutuel Arkéa – Other Agreements*").

The agreements to be entered into between the Issuer and the above counterparties will comply with the specific legal requirements applicable to *sociétés de crédit foncier* and with the applicable rating agencies public methodologies and criteria which are commensurate to the then current rating of the Privileged Notes.

Interest and currency risks

As described in section "*Description of the Issuer – Business Overview*", each Advance granted by the Issuer to the benefit of the Borrower under the Facility Agreement shall be made available in the same Specified Currency and according to the same interest conditions to those applicable to the Privileged Notes funding such Advance. As a consequence, as long as an event of default under the Facility Agreement has not occurred, the Issuer shall not be exposed to any currency and interest risk regarding the Advances and the Privileged Notes.

There is no assurance that the assets being part of the Collateral Security bear interest in the same conditions as those of the Privileged Notes and are denominated in the same currency as those of the Privileged Notes. Upon the occurrence of an event of default under the Facility Agreement and the enforcement of the Collateral Security, Collateral Security assets will be transferred to the Issuer. In this case, in order to hedge the potential mismatch of the currency/interest rates applicable to the Privileged Notes and to those Collateral Security Assets, the Issuer shall apply a hedging strategy which will comply with the specific legal requirements applicable to *sociétés de crédit foncier* and with the applicable rating agencies public methodologies and criteria which are commensurate to the then current rating of the Privileged Notes. However, there can be no assurance that the hedging strategy will adequately address such hedging risks.

Liquidity risk

The maturity and amortisation profile of the assets transferred as Collateral Security will not match the repayment profile and maturities of the Privileged Notes. Therefore, upon the occurrence of an event of default under the Facility Agreement and the enforcement of the Collateral Security, such mismatch creates a potential need for liquidity at the level of the Issuer.

Pursuant to articles L.515-17-1 and R.515-7-1 of the French Monetary and Financial Code, the Issuer must, at all time, cover its treasury needs over a period of 180 days, taking into account the forecasted flows of principal and interest on its assets and net flows related to derivative financial instruments referred to in article L.515-18 of the French Monetary and Financial Code (for further description, see "*Main features of the legislation and regulations relating to sociétés de crédit foncier*").

To anticipate and address the above mentioned liquidity risk and in order to comply with the liquidity ratio of article R.515-17-1 of the French Monetary and Financial Code, the Issuer will benefit from an undertaking from Crédit Mutuel Arkéa to fund certain amounts as cash collateral (*gage espèces*) so as to secure as they become due and payable the payments of all and any amounts owed by the Borrower under the Facility (See "*Material contracts and relationship between Crédit Mutuel Arkéa Public Sector SCF and Crédit Mutuel Arkéa – Other Agreements*").

On the date on which Crédit Mutuel Arkéa's short-term, unsecured, unsubordinated and unguaranteed debt obligation falling below such minimum rating complying with the Rating Agencies' public methodologies and criteria in order to maintain the rating of the Privileged Notes (a "**Pre-Maturity Rating Event**") and on a regular basis throughout the period starting from such date and ending on the date on which the Pre-Maturity Rating Event ceases to be continuing, Crédit Mutuel Arkéa has undertaken (x) to transfer certain amounts to the Issuer on such date by crediting such cash collateral account as designated by the Issuer and (y) to maintain, on a rolling basis until such Pre-Maturity Rating Event has ceased to occur, a minimum reserve amount in such cash collateral account, as security for its payment obligations under the Facility Agreement.

Commingling risk

The Collateral Providers have been appointed by the Issuer to carry out the administration and recovery of the assets transferred as Collateral Security. In the event that insolvency proceedings are opened against any Collateral Provider, a statutory stay of proceedings under French insolvency law will prevent the Issuer from having recourse against such Collateral Provider for the repayment of collections under those assets transferred as Collateral Security which are commingled with other funds of such Collateral Provider.

To address such commingling risk, the Issuer will benefit from a guarantee from Crédit Mutuel Arkéa and an undertaking from Crédit Mutuel Arkéa to transfer to the Issuer, by crediting such account as designated by the Issuer, certain amounts on each relevant collection payment date following Crédit Mutuel Arkéa's short-term, unsecured, unsubordinated and unguaranteed debt obligation falling below such minimum ratings, complying with the Rating Agencies' public methodologies and criteria in order to maintain the rating of the Privileged Notes.

Operating risks involving information systems

The security of the Crédit Mutuel Arkéa group's information systems is managed within Crédit Mutuel Arkéa. A security policy has been defined, including directives and operating procedures broken down by risk sector: physical security, security of system access control, security of data bases and applications, security of continued operation.

2. Risk factors relating to the Privileged Notes

The Privileged Notes may not be a suitable investment for all investors

Each potential investor in the Privileged Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Privileged Notes, the merits and risks of investing in the relevant Privileged Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement to this Base Prospectus and the relevant Final Terms;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial condition, an investment in the relevant Privileged Notes and the impact the relevant Privileged Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Privileged Notes, including where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the relevant Privileged Notes and be familiar with the behaviour of any relevant indices and financial markets;
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks; and

- (vi) ensure that, in terms of any legislation or regulatory regime applicable to such investor, it complies with existing restrictions (if any) on its ability to invest in Privileged Notes generally and in any particular type of Privileged Notes.

Some Privileged Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Privileged Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Privileged Notes will perform under changing conditions, the resulting effects on the value of such Privileged Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Risks related to the structure of a particular issue of Privileged Notes

Privileged Notes issued under the Programme will either be fungible with an existing Series (other than the German law Privileged Notes which will be issued in registered form) or have different terms to an existing Series (in which case they will constitute a new Series). All Privileged Notes issued from time to time will rank *pari passu* with each other in all respects and will benefit equally from the *Privilège*.

A wide range of Privileged Notes may be issued under the Programme. A number of these Privileged Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Privileged Notes subject to optional redemption by the Issuer

An optional redemption feature of Privileged Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Privileged Notes, the market value of such Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The redeemed face amount of the Privileged Notes may be lower than the purchase price for the Privileged Notes paid by the Noteholders. As a consequence, part of the capital invested by the Noteholder may be lost, so that the Noteholder in such case would not receive the total amount of the capital invested.

The Issuer may be expected to redeem Privileged Notes when its cost of borrowing is lower than the interest rate on the Privileged Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Privileged Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Fixed Rate Privileged Notes

Investment in Privileged Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the value of the relevant Tranche.

In addition, the yield of Privileged Notes which bear interest at a fixed rate is calculated at the issue date of such Notes on the basis of its issue price. It is not an indication of future yield.

Floating Rate Privileged Notes

Investment in Privileged Notes which bear interest at a floating rate comprise (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Privileged Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three (3) months or six (6) months) which itself will change in accordance with general market conditions. Accordingly, the market value of floating rate Privileged Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Privileged Notes upon the next periodic adjustment of the relevant reference rate.

Potential Conflicts of Interest

The Arranger, the Dealer(s) or their respective affiliates may from time to time advise the issuers of or obligors in respect of assets used as reference to determine principal or interest of Privileged Notes ("**Reference Assets**") and regarding transactions to be entered into by them, or engage in transactions involving Reference Assets for their proprietary accounts and for other accounts under their management. Any such transactions may have a positive or negative effect on the value of such Reference Assets and therefore on the value of any Privileged Notes to which they relate. Accordingly, certain conflicts of interest may arise both among the Arranger, the

Dealer(s) or these affiliates and between the interests of the Arranger, the Dealer(s) or these affiliates and the interests of holders of Privileged Notes.

Potential conflicts of interest may also arise between the Calculation Agent, if any, for a Tranche and the Noteholders, including with respect to certain discretionary determinations and judgments that such Calculation Agent may make pursuant to the Terms and Conditions that may influence the amount received upon redemption of the Privileged Notes.

Fixed to Floating Rate Privileged Notes

Fixed to Floating Rate Privileged Notes may bear interest at a rate that will automatically, or that the Issuer may elect to, convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The conversion (whether automatic or optional) will affect the secondary market and the market value of such Privileged Notes since it may lead to a lower overall cost of borrowing. If a fixed rate is converted to a floating rate, the spread on the Fixed to Floating Rate Privileged Notes may be less favourable than then prevailing spreads on comparable Floating Rate Privileged Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Privileged Notes. If a floating rate is converted to a fixed rate, the fixed rate may be lower than then prevailing rates on its Privileged Notes.

Privileged Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Zero Coupon Privileged Notes

Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Privileged Notes than on the prices of ordinary Privileged Notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Privileged Notes can suffer higher price losses than other Privileged Notes having the same maturity and credit rating. Due to their leverage effect, Zero Coupon Privileged Notes are a type of investment associated with a particularly high price risk.

Risks related to Privileged Notes generally

Modification of the Conditions

Except as otherwise provided by the relevant Final Terms, holders of French law Privileged Notes will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *masse*, as defined in Condition 11, and a General Meeting can be held. The Terms and Conditions permit in certain cases defined majorities to bind all French law Noteholders including French law Noteholders who did not attend and vote at the relevant General Meeting and French law Noteholders who voted in a manner contrary to the majority. The General Meeting may deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, as more fully described in Condition 11.

Similarly, any modification of the Terms and Conditions of the German law Privileged Notes may be made pursuant to specific provisions with respect thereto.

Change of law

The Terms and Conditions of the French law Privileged Notes are based on French law and the Terms and Conditions of the German law Privileged Notes are based on German law, in each case in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to French law, German law (as applicable) or administrative practice after the date of this Base Prospectus.

Taxation

Potential purchasers and sellers of the Privileged Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Privileged Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial notes such as the Privileged Notes. Potential investors are advised not to rely upon the tax overview contained in this Base Prospectus but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, sale and redemption of the Privileged Notes. Only these advisors are in a position to duly consider the specific situation of the potential

investor. This investment consideration has to be read in connection with the taxation sections of this Base Prospectus.

Withholding Taxes - No gross-up obligation

If French law should require that any payments in respect of any Privileged Notes be subject to deduction or withholding in respect of any taxes or duties whatsoever, the Issuer will not pay any additional amounts in respect of any such deduction or withholding. Therefore, the corresponding risk shall be borne by the Noteholders or, if applicable, the Receiptholders and the Couponholders.

EU Savings Taxation Directive

The EC Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments (the "**Savings Taxation Directive**") requires each Member State as from 1 July 2005 to provide to the tax authorities of another Member State details of payments of interest and other similar income within the meaning of the Savings Taxation Directive made by a paying agent within its jurisdiction to (or under circumstances to the benefit of) a beneficial owner (within the meaning of the Savings Taxation Directive) resident in that other Member State, except that Luxembourg and Austria will instead impose a withholding system for a transitional period unless the beneficiary of interest payment elects for the exchange of information.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Privileged Note as a result of the imposition of such withholding tax.

On 15 September 2008 the European Commission issued a report to the Council of the European Union on the operation of the Savings Taxation Directive, which included the Commission's advice on the need for changes to the Savings Taxation Directive. On 13 November 2008 the European Commission published a detailed proposal for amendments to the Savings Taxation Directive, which included a number of suggested changes. The European Parliament approved an amended version of this proposal on 24 April 2009. If any of those proposed changes are made in relation to the Savings Taxation Directive they may amend or broaden the scope of the requirements described above.

U.S. Foreign Account Tax Compliance Withholding

The Issuer and other financial institutions through which payments on the Privileged Notes are made may be required to withhold U.S. tax at a rate of thirty per cent. (30%) on all, or a portion of, payments made after 31 December 2016 in respect of any Privileged Notes issued or materially modified after 31 December 2012 (and any Privileged Notes which are treated as equity for U.S. federal income tax purposes, whenever issued) pursuant to the U.S. Foreign Account Tax Compliance Act ("**FATCA**"). This withholding tax may apply to such payments if (i) the Issuer is a foreign financial institution (a ("**FFI**") (as defined in FATCA) and if it agrees to provide certain information concerning its account holders to the U.S. Internal Revenue Service (making the Issuer a "**Participating FFI**"), (ii) the Issuer has a positive "passthru payment percentage" (as defined in FATCA) and (iii) either a Noteholder does not provide information sufficient for the relevant Participating FFI (i.e. the Issuer or any other financial institution through which payments on the Privileged Notes are made and which are Participating FFIs) to determine whether the holder is subject to withholding under FATCA, or any FFI that is an investor, or through which payment on the Privileged Notes is made, is not a Participating FFI.

However, the application of FATCA to the Privileged Notes, and to any interest, principal or other amounts paid with respect to the Privileged Notes, is presently unclear. If an amount in respect of U.S. withholding tax were to be deducted or withheld from interest, principal or other payments on the Privileged Notes as a result of FATCA, none of the Issuer, any paying agent or any other person would, pursuant to the applicable terms and conditions of the Privileged Notes be required to pay additional amounts as a result of the deduction or withholding of such tax. As a result, investors may receive less interest or principal than otherwise expected.

The attention of investors is drawn to the fact that FATCA is particularly complex and its application to the Issuer is uncertain at this time. Each Noteholder should therefore consult its own tax advisor to obtain a more detailed explanation of FATCA and to learn how this legislation might affect each Noteholder in light of its particular circumstances.

Risks related to the market generally

Market value of the Privileged Notes

The market value of the Privileged Notes will be affected by the creditworthiness of the Issuer and a number of additional factors, including the value of the reference assets, including, but not limited to, the volatility of the reference assets, market interest and yield rates and the time remaining to the maturity date.

An active trading market for the Privileged Notes may not develop

French law Privileged Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. German law Privileged Notes will not be admitted to trading on any stock exchange or any other market and a secondary market will probably not develop through other means.

Therefore, investors may not be able to sell their Privileged Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Privileged Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Privileged Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have an adverse effect on the market value of Privileged Notes.

In addition, Noteholders should be aware of the prevailing and widely reported global credit market conditions (which continue at the date of this Base Prospectus), whereby there is a general lack of liquidity in the secondary market for instruments similar to the Privileged Notes. Such lack of liquidity may result in investors suffering losses on the Privileged Notes in secondary resales even if there is no decline in the credit strength of the Issuer or the performance of the Collateral Security assets. The Issuer cannot predict when these circumstances will change and if and when they do whether there will be a more liquid market for the Privileged Notes and instruments similar to the Privileged Notes at that time.

Furthermore, the secondary market for securities is currently experiencing significantly reduced liquidity, which could limit investors' ability to resell Privileged Notes and adversely affect the price of Privileged Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Privileged Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls.

Appreciation in the value of the Investor's Currency relative to the value of the applicable Specified Currency would result in a decrease in the Investor's Currency-equivalent yield on a Privileged Note denominated, or the principal of or return on which is payable, in such Specified Currency, in the investor's currency-equivalent value of the principal of such Privileged Note payable at maturity (if any) and generally in the Investor's Currency-equivalent market value of such Privileged Note.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Privileged Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Privileged Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the relevant rating agency at any time.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Privileged Notes are legal investments for it, (2) Privileged Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Privileged Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Privileged Notes under any applicable risk-based capital or similar rules.

SUPPLEMENT TO THE BASE PROSPECTUS

The Privileged Notes are issued with the benefit of an amended and restated agency agreement dated the date hereof (the "**Agency Agreement**") entered into between the Issuer, CACEIS Corporate Trust (as fiscal agent, principal paying agent and Paris paying agent) and CACEIS Bank Luxembourg (as Luxembourg paying agent and calculation agent). The fiscal agent, the paying agents and the calculation agent(s) for the time being (if any) are referred to below respectively as the "**Fiscal Agent**", the "**Paying Agents**" (which expression shall include the Fiscal Agent) and the "**Calculation Agent(s)**". "Representative Amount" means, with respect to any Floating Rate to be determined in accordance with a Screen Rate Determination on an Interest Determination Date, the amount specified as such in the relevant Final Terms or, if none is specified, an amount that is representative for a single transaction in the relevant market at the time.

"**Specified Currency**" means the currency specified as such in the relevant Final Terms or, if none is specified, the currency in which the Privileged Notes are denominated.

"**Specified Duration**" means, with respect to any Floating Rate to be determined in accordance with a Screen Rate Determination on an Interest Determination Date, the duration specified in the relevant Final Terms or, if none is specified, a period of time equal to the relative Interest Accrual Period, ignoring any adjustment pursuant to Condition 6(c)(ii).

(b) Interest on Fixed Rate Privileged Notes

Each Fixed Rate Privileged Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrears on each Interest Payment Date.

If a fixed amount of interest ("**Fixed Coupon Amount**") or a broken amount of interest ("**Broken Amount**") is specified in the relevant Final Terms, the amount of interest payable on each Interest Payment Date will amount to the Fixed Coupon Amount or, if applicable, the Broken Amount so specified and in the case of the Broken Amount will be payable on the particular Interest Payment Date(s) specified in the relevant Final Terms.

(c) Interest on Floating Rate Privileged Notes

- (i) *Interest Payment Dates*: Each Floating Rate Privileged Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrears on each Interest Payment Date. Such Interest Payment Date(s) is/are either shown in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period shown in the relevant Final Terms as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.
- (ii) *Business Day Convention*: If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the "**Floating Rate Business Day Convention**", such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the "**Following Business Day Convention**", such date shall be postponed to the next day that is a Business Day, (C) the "**Modified Following Business Day Convention**", such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the "**Preceding Business Day Convention**", such date shall be brought forward to the immediately preceding Business Day. Notwithstanding the foregoing, where the applicable Final Terms specify that the relevant Business Day Convention is to be applied on an "unadjusted" basis, the Interest Amount payable on any date shall not be affected by the application of that Business Day Convention.
- (iii) *Rate of Interest for Floating Rate Privileged Notes*: The Rate of Interest in respect of Floating Rate Privileged Notes for each Interest Accrual Period shall be determined by the provisions below relating to either ISDA Determination, FBF Determination or Screen Rate Determination, depending upon which is specified in the relevant Final Terms.

(A) FBF Determination for Floating Rate Privileged Notes

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant FBF Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any, as indicated in the relevant Final Terms). For the purposes of this sub-paragraph (A), "**FBF Rate**" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Transaction under the terms of an agreement incorporating the FBF Definitions and under which:

- (a) the Floating Rate is as specified in the relevant Final Terms; and

- (b) the relevant Floating Rate Determination Date (*Date de Determination du Taux Variable*) is the first day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (A), Floating Rate (*Taux Variable*), Calculation Agent (*Agent*) and Floating Rate Determination Date (*Date de Determination du Taux Variable*) and Transaction (*Transaction*) have the meanings given to those terms in the FBF Definitions, provided that EURIBOR means the rate calculated for deposits in euro which appears on Telerate Page 248, as more fully described in the relevant Final Terms.

(B) ISDA Determination for Floating Rate Privileged Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any, as indicated in the relevant Final Terms). For the purposes of this sub-paragraph (B), "**ISDA Rate**" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (a) the Floating Rate Option is as specified in the relevant Final Terms;
- (b) the Designated Maturity is a period specified in the relevant Final Terms; and
- (c) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (B), "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**", "**Reset Date**" and "**Swap Transaction**" have the meanings given to those terms in the ISDA Definitions.

(C) Screen Rate Determination for Floating Rate Privileged Notes

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent at or about the Relevant Time on the Interest Determination Date in respect of such Interest Accrual Period in accordance with the following:

- (1) if the Primary Source for Floating Rate is a Page, subject as provided below, the Rate of Interest shall be:
 - (I) the Relevant Rate (where such Relevant Rate on such Page is a composite quotation or is customarily supplied by one (1) entity); or
 - (II) the arithmetic mean of the Relevant Rates of the persons whose Relevant Rates appear on that Page, in each case appearing on such Page at the Relevant Time on the Interest Determination Date as disclosed in the relevant Final Terms, plus or minus (as indicated in the relevant Final Terms) the Margin (if any, as indicated in the relevant Final Terms); and
- (2) if the Primary Source for the Floating Rate is Reference Banks or if sub-paragraph (1)(I) applies and no Relevant Rate appears on the Page at the Relevant Time on the Interest Determination Date or if sub-paragraph (1)(II) applies and fewer than two (2) Relevant Rates appear on the Page at the Relevant Time on the Interest Determination Date, subject as provided below, the Rate of Interest shall be the arithmetic mean of the Relevant Rates that each of the Reference Banks is quoting to leading banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date, as determined by the Calculation Agent, plus or minus (as indicated in the relevant Final Terms) the Margin (if any, as indicated in the relevant Final Terms), and
- (3) if paragraph (2) above applies and the Calculation Agent determines that fewer than two (2) Reference Banks are so quoting Relevant Rates, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates *per annum* (expressed as a percentage) that the Calculation Agent determines to be the rates (being the

nearest equivalent to the Benchmark) in respect of a Representative Amount of the Specified Currency that at least two (2) out of five (5) leading banks selected by the Calculation Agent in the principal financial centre of the country of the Specified Currency or, if the Specified Currency is Euro, in the Euro-zone as selected by the Calculation Agent (the "**Principal Financial Centre**") are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration (I) to leading banks carrying on business in Europe, or (if the Calculation Agent determines that fewer than two (2) of such banks are so quoting to leading banks in Europe) (II) to leading banks carrying on business in the Principal Financial Centre; except that, if fewer than two (2) of such banks are so quoting to leading banks in the Principal Financial Centre, the Rate of Interest shall be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for any difference between any Margin or Maximum or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period).

(d) Zero Coupon Privileged Notes

Where a Privileged Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Final Maturity Date pursuant to an Issuer's Option or, if so specified in the relevant Final Terms, pursuant to Condition 7(e) or otherwise and is not paid when due, the amount due and payable prior to the Final Maturity Date shall be the Early Redemption Amount. As from the Final Maturity Date, the Rate of Interest for any overdue principal of such a Privileged Note shall be a rate *per annum* (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 7(e)(i)).

(e) Accrual of Interest

Interest shall cease to accrue on each Privileged Note on the due date for redemption unless (i) in the case of Dematerialised Privileged Notes, on such due date or (ii) in the case of Materialised Privileged Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgement) at the Rate of Interest in the manner provided in this Condition 6 to the Relevant Date.

(f) Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts and Rounding:

- (i) If any Margin is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one (1) or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with Condition 6(c) above by adding (if a positive number) or subtracting (if a negative number) the absolute value of such Margin, subject always to the next paragraph.
- (ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
- (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (w) if FBF Determination is specified in the relevant Final Terms, all percentages resulting from such calculations shall be rounded, if necessary, to the nearest ten-thousandth of a percentage point (with halves being rounded up), (x) otherwise, all percentages resulting from such calculations shall be rounded, if necessary, to the nearest fifth decimal (with halves being rounded up), (y) all figures shall be rounded to seven (7) decimals (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes "**unit**" means the lowest amount of such currency that is available as legal tender in the country of such currency.

(g) Calculations

The amount of interest payable in respect of any Privileged Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Privileged Note by the Day Count Fraction, unless an Interest Amount (or a formula for its calculation) is specified in respect of such period, in which case the amount of interest payable in respect of such Privileged Note for such period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two (2) or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

(h) Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and Instalment Amounts

The Calculation Agent shall, as soon as practicable on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Privileged Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the holders of Privileged Notes, any other Calculation Agent appointed in respect of the Privileged Notes that is to make a further calculation upon receipt of such information and, if the Privileged Notes are admitted to trading on a Regulated Market and the rules of such Regulated Market so require, such Regulated Market as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such Regulated Market of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth (4th) Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 6(c)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(i) Calculation Agent and Reference Banks

The Issuer shall procure that there shall at all times be four (4) Reference Banks (or such other number as may be required) with offices in the Relevant Financial Centre and one (1) or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Privileged Note is outstanding. If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer shall appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one (1) Calculation Agent is appointed in respect of the Privileged Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Paris or Luxembourg office, as appropriate, or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid. So long as the Privileged Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, that Regulated Market so require, notice of any change of Calculation Agent shall be given in accordance with Condition 15.

7. Redemption, Purchase and Options

(a) Final Redemption

Unless previously redeemed, purchased and cancelled as provided below or its maturity is extended pursuant to any Issuer's or Noteholders' option in accordance with Condition 7(c) or 7(d), each Privileged Note shall be finally redeemed on the Final Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount) or, in the case of a Privileged Note falling within Condition 7(b) below, its final Instalment Amount.

(b) Redemption by Instalments

Unless previously redeemed, purchased and cancelled as provided in this Condition 7, or the relevant Instalment Date (being one (1) of the dates so specified in the relevant Final Terms) is extended pursuant to any Issuer's or Noteholders' option in accordance with Conditions 7(c) or 7(d), each Privileged Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified in the relevant Final Terms. The outstanding nominal amount of each such Privileged Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by

reference to a proportion of the nominal amount of such Privileged Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused (i) in the case of Dematerialised Privileged Note, on the due date for such payment or (ii) in the case of Materialised Privileged Note, on presentation of the related Receipt, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.

(c) Redemption at the Option of the Issuer, Exercise of Issuer's Options and Partial Redemption

If a Call Option is specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than fifteen (15) nor more than thirty (30) days' prior irrevocable notice in accordance with Condition 15 to the holders of Privileged Notes (or such other notice period as may be specified in the relevant Final Terms) redeem, or exercise any other option in relation to all or, if so provided, some, of the Privileged Notes on any Optional Redemption Date or Option Exercise Date, as the case may be. Any such redemption of Privileged Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption, if any. Any such redemption must relate to Privileged Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed as specified in the relevant Final Terms and no greater than the Maximum Redemption Amount to be redeemed as specified in the relevant Final Terms.

All Privileged Notes in respect of which any such notice is given shall be redeemed, or the Issuer's Option shall be exercised, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption or a partial exercise of an Issuer's Option in respect of Materialised Privileged Notes, the notice to holders of such Materialised Privileged Notes shall also contain the numbers of the Definitive Materialised Privileged Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and Regulated Market requirements.

In the case of a partial redemption or a partial exercise of an Issuer's Option in respect of Dematerialised Privileged Notes, the redemption may be effected, at the option of the Issuer, either (i) by reducing the nominal amount of all such Dematerialised Privileged Notes in a Series in proportion to the aggregate nominal amount redeemed or (ii) by redeeming in full some only of such Dematerialised Privileged Notes and, in such latter case, the choice between those Dematerialised Privileged Notes that will be fully redeemed and those Dematerialised Privileged Notes of any Series that will not be redeemed shall be made in accordance with article R.213-16 of the French Monetary and Financial Code and the provisions of the relevant Final Terms, subject to compliance with any other applicable laws and Regulated Market requirements.

So long as the Privileged Notes are listed on the Official List of the Luxembourg Stock Exchange and admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and the rules thereof so require, the Issuer shall, once in each year in which there has been a partial redemption of the Privileged Notes, cause to be published either on the website of the Luxembourg Stock Exchange (www.bourse.lu) or in a leading newspaper of general circulation in Luxembourg a notice specifying the aggregate nominal amount of Privileged Notes outstanding and, in the case of Materialised Privileged Notes a list of any Materialised Privileged Notes, drawn for redemption but not surrendered.

(d) Redemption at the Option of Noteholders and Exercise of Noteholders' Options

If a Put Option is specified in the relevant Final Terms, the Issuer shall, at the option of the Noteholder, upon the Noteholder giving not less than fifteen (15) nor more than thirty (30) days' notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms) redeem such Privileged Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption.

To exercise such option (which must be exercised on an Option Exercise Date) the Noteholder must deposit with a Paying Agent at its specified office a duly completed option exercise notice (the "**Exercise Notice**") in the form obtained during normal business hours from any Paying Agent or the Registration Agent, as the case may be, within the notice period. In the case of Materialised Privileged Notes, the Exercise Notice shall have attached to it the relevant Privileged Notes (together with all unmatured Receipts and Coupons and unexchanged Talons). In the case of Dematerialised Privileged Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Privileged Notes to be redeemed to the account of the Paying Agent with a specified office in Paris, as specified in the Exercise Notice. No option so exercised and, where applicable, no Privileged Note so deposited or transferred, may be withdrawn without the prior consent of the Issuer.

(e) Early Redemption

(i) Zero Coupon Privileged Notes

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Privileged Note, upon redemption of such Privileged Note pursuant to Condition 7(g) shall be the Amortised Nominal Amount (calculated as provided below) of such Privileged Note.
- (B) Subject to the provisions of sub-paragraph (C) below, the amortised nominal amount of any such Privileged Note (the "**Amortised Nominal Amount**") shall be the scheduled Final Redemption Amount of such Privileged Note on the Final Maturity Date discounted at a rate *per annum* (expressed as a percentage) equal to the amortisation yield (which, if none is shown in the relevant Final Terms, shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Privileged Notes if they were discounted back to their issue price on the Issue Date) (the "**Amortisation Yield**") compounded annually.
- (C) If the Early Redemption Amount payable in respect of any such Privileged Note upon its redemption pursuant to Condition 7(g) is not paid when due, the Early Redemption Amount due and payable in respect of such Privileged Note shall be the Amortised Nominal Amount of such Privileged Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Privileged Note becomes due and payable was the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (both before and after judgement) until the Relevant Date, unless the Relevant Date falls on or after the Final Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Privileged Note on the Final Maturity Date together with any interest that may accrue in accordance with Condition 6(d).

Where such calculation is to be made for a period of less than one (1) year, it shall be made on the basis of the Day Count Fraction as provided in the relevant Final Terms.

(ii) Other Privileged Notes

The Early Redemption Amount payable in respect of any Privileged Note (other than Privileged Notes described in (i) above), upon redemption of such Privileged Note pursuant to Condition 7(g) shall be the Final Redemption Amount together with interest accrued to the date fixed for redemption.

(f) No Redemption for Taxation Reasons

If French law should require that payments of principal or interest in respect of any present or future Privileged Note be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever, such Privileged Notes may not be redeemed early.

(g) Redemption due to illegality

If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, it would become unlawful for the Issuer to perform or comply with one or more of its obligations under the Privileged Notes, the Issuer will, subject to having given not more than forty-five (45) nor less than thirty (30) days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem all, but not some only, of the Privileged Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any arrears of interest).

(h) Purchases

The Issuer shall have the right at all times to purchase Privileged Notes (provided that, in the case of Materialised Privileged Notes, all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise (including by tender offer) at any price, subject to any applicable laws and regulations and in particular to article L.515-32-1 of the French Monetary and Financial Code. All Privileged Notes so purchased by the Issuer may be held and resold in accordance with Article L.213-1 A of the French Monetary and Financial Code for the purpose of enhancing the liquidity of the Privileged Notes.

(i) Cancellation

All Privileged Notes purchased by or on behalf of the Issuer may at its sole option be held or cancelled in accordance with applicable laws and regulations.

Privileged Notes will be cancelled, in the case of Dematerialised Privileged Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Privileged Notes, by surrendering the relevant Temporary Global Certificate or the Definitive Materialised Privileged Notes in question, together with all unmatured Receipts and Coupons and all unexchanged Talons, if applicable, to the Fiscal Agent and, in each case, if so transferred or surrendered, shall, together with all Privileged Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Privileged Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Privileged Notes and, in the case of Definitive Materialised Privileged Notes, all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Privileged Note so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Privileged Notes shall be discharged.

8. Payments and Talons

(a) Dematerialised Privileged Notes

Payments of principal and interest in respect of Dematerialised Privileged Notes shall (i) in the case of Dematerialised Privileged Notes in bearer dematerialised form or administered registered form, be made by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the holders of Privileged Notes and, (ii) in the case of Dematerialised Privileged Notes in fully registered form, to an account denominated in the relevant currency with a Bank (as defined below) designated by the relevant holder of Privileged Notes. All payments validly made to such Account Holders or Bank will be an effective discharge of the Issuer in respect of such payments.

(b) Definitive Materialised Privileged Notes

(i) Method of payment

Subject as provided below, payments in a Specified Currency will be made by credit or transfer to an account denominated in the relevant Specified Currency, or to which the Specified Currency may be credited or transferred (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Euro, shall be any country in the Euro-zone, and, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney or Auckland, respectively).

(ii) Presentation and surrender of Definitive Materialised Privileged Notes, Receipts and Coupons

Payments of principal in respect of Definitive Materialised Privileged Notes will (subject as provided below) be made in the manner provided in paragraph (i) above only against presentation and surrender (or, in the case of partial payment of any sum due, annotation) of such Privileged Notes, and payments of interest in respect of Definitive Materialised Privileged Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, annotation) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Payments of instalments of principal (if any) in respect of Definitive Materialised Privileged Notes, other than the final instalment, will (subject as provided below) be made in the manner provided in paragraph (i) above only against presentation and surrender (or, in the case of part payment of any sum due, annotation) of the relevant Receipt in accordance with the preceding paragraph. Payment of the final instalment will be made in the manner provided in paragraph (i) above only against presentation and surrender (or, in the case of part payment of any sum due, annotation) of the relevant Privileged Note in accordance with the preceding paragraph. Each Receipt must be presented for payment of the relevant instalment together with the Definitive Materialised Privileged Note to which it appertains. Receipts presented without the Definitive Materialised Privileged Note to which they appertain do not constitute valid obligations of the Issuer.

Upon the date upon which any Definitive Materialised Privileged Note becomes due and payable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment will be made in respect thereof.

Fixed Rate Privileged Notes in definitive form should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling

to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of ten (10) years after the Relevant Date in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 10) or, if later, five (5) years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Privileged Note in definitive form becoming due and repayable prior to its Final Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Privileged Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof.

If the due date for redemption of any Definitive Materialised Privileged Note is not an Interest Payment Date, interest (if any) accrued in respect of such Privileged Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against presentation and surrender (if appropriate) of the relevant Definitive Materialised Privileged Note.

(c) Payments in the United States

Notwithstanding the foregoing, if any Materialised Privileged Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States of America with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Privileged Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(d) Payments subject to Fiscal Laws

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in any jurisdiction (whether by operation of law or agreement of the Issuer or its Agents) and the Issuer will not be liable for any taxes or duties of whatever nature imposed or levied by such laws, regulations, directives or agreements.

No commission or expenses shall be charged to the holders of Privileged Notes, Receiptholders or Couponholders in respect of such payments.

(e) Appointment of Agents

The Fiscal Agent, the Paying Agents and the Calculation Agent initially appointed by the Issuer and their respective specified offices are listed at the end of the Base Prospectus relating to the Programme of the Privileged Notes of the Issuer. The Fiscal Agent, the Paying Agents and the Registration Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent experts(s) and, in each case such, do not assume any obligation or relationship of agency for any Noteholder or Couponholder. MAIN FEATURES OF THE LEGISLATION AND REGULATIONS RELATING TO *SOCIÉTÉS DE CRÉDIT FONCIER*

Entities entitled to issue *Obligations Foncières*

The legal and regulatory regime applicable to *sociétés de crédit foncier* results from the following provisions:

- articles L.515-13 to L.515-33 of the French Monetary and Financial Code (which is amended from time to time, lately by the law n°2010-1249 of 22 October 2010);
- articles R.515-2 to R.515-9, D.515-10 to D.515-11, and R.515-12 to R.515-14 of the French Monetary and Financial Code;
- regulation no. 99-10 dated 9 July 1999 issued by the Banking and Financial Regulatory Committee (*Comité de la Réglementation Bancaire et Financière*, CRBF) (the "**CRBF Regulation**"); and
- regulation (*instruction*) no. 2011-I-06 dated 15 June 2011 issued by the Banking Authority (*Autorité de contrôle prudentiel*).

Pursuant to article L.515-13 of the French Monetary and Financial Code, *sociétés de crédit foncier* may grant or acquire either secured loans or exposures to public entities or other eligible securities and issue *obligations foncières* (or incur other forms of borrowings) in order to finance these assets. However, article L.515-13 of the French Monetary and Financial Code allows *sociétés de crédit foncier* to issue ordinary notes or raise funds which do not benefit from the *privilege* as described below.

Eligible assets

The eligible assets of *sociétés de crédit foncier* comprise, *inter alia*:

- (i) secured loans which include loans which are secured by a first-ranking mortgage or other real estate security interests that are equivalent to a first-ranking mortgage or loans that are guaranteed by a credit institution or an insurance company that does not belong to the same group as the relevant *société de crédit foncier*. The property must be located in France or in any other member state of the European Community ("EC") or European Economic Area ("EEA") or in a State benefiting from the highest level of credit quality (*meilleur échelon de qualité de crédit*) assigned by an external rating agency recognised by the Banking Authority (*Autorité de contrôle prudentiel*, formerly *Commission Bancaire*) as provided in article L.511-44 of the French Monetary and Financial Code. Article R.515-2 of the French Monetary and Financial Code provides that the mortgage-backed loans cannot exceed a threshold of sixty per cent (60%) of the property's value, except under certain conditions;
- (ii) exposures to public entities such as state, central banks, local authorities or state-owned entities located, in particular, within the EEA, in a Member State of the EC, in the United States of America, Switzerland, Japan, Canada, Australia or New Zealand, or exposures to public entities such as states or central banks not located within the EEA, nor in a Member State of the EC, nor in the United States of America, Switzerland, Japan, Canada, Australia nor New Zealand, but located in a State benefiting from the best credit level rating given by a rating agency recognised by the Banking Authority (*Autorité de contrôle prudentiel*, formerly *Commission bancaire*) as provided in article L.511-44 of the French Monetary and Financial Code, and subject to compliance with credit level rating given by a rating agency recognised by the Banking Authority;
- (iii) within the limits of article R.515-4 of the French Monetary and Financial Code, units or notes (other than subordinated units or subordinated notes) issued by *Organismes de Titrisation*, which are French securitisation vehicles, or other similar vehicles governed by the laws of a member state of the EC or EEA, the United States of America, Switzerland, Japan, Canada, Australia or New Zealand, the assets of which shall comprise at least ninety per cent. (90%) of secured loans or exposures to public entities complying with the criteria defined in articles L.515-14 and L.515-15 of the French Monetary and Financial Code or other receivables benefiting from equivalent security interests; such units or notes must benefit from the highest level of credit assessment (*meilleur échelon de qualité de crédit*) assigned by an external rating agency recognised by the French *Autorité de contrôle prudentiel* pursuant to article L.511-44 of the French Monetary and Financial Code; the similar vehicles shall be governed by the laws of a Member State of the EC or EEA if the assets are composed of loans or exposures referred to in article L.515-14 of the French Monetary and Financial Code; and

- (iv) promissory notes (*billets à ordre*) governed by article L.313-42 *et seq.* of the French Monetary and Financial Code, under the conditions set out in article L.515-16-1 of the French Monetary and Financial Code.

Sociétés de crédit foncier are not allowed to make any other investments, except investments in securities which are sufficiently secure and liquid to be held as so-called substitution assets, as defined in article R.515-7 of the French Monetary and Financial Code.

Pursuant to article L.515-32-1 of the French Monetary and Financial Code (as created by the law n°2010-1249 of 22 October 2010), a *société de crédit foncier* may subscribe for *Obligations Foncières* issued by such *société de crédit foncier* itself, for the sole purpose of securing credit operations made with the *Banque de France* under its monetary policy and intraday credit operations, in case such *société de crédit foncier* is not in a position to face its treasury needs by any other available means. *Obligations Foncières* issued pursuant to new article L.515-32-1 of the French Monetary and Financial Code shall not represent more than 10% of the resources benefiting from the *Privilège*, as calculated at the time such *Obligations Foncières* are acquired by the relevant *société de crédit foncier*.

Cover ratio

A *société de crédit foncier* must at all times maintain a cover ratio between its assets and its liabilities benefiting from the *Privilège*. In particular, pursuant to articles L.515-20 and R.515-7-2 of the French Monetary and Financial Code, *sociétés de crédit foncier* must at all times maintain a ratio of at least one hundred and two per cent. (102%) as between its assets and the total amount of its liabilities benefiting from the *Privilège*.

The ratio's denominator (article 8 of the CRBF Regulation) is comprised of *obligations foncières* and other resources benefiting from the *Privilège*.

The ratio's numerator (article 9 of the CRBF Regulation) is made up of all the assets, weighted to reflect their category. In the case of exposures to public entities (*expositions sur des personnes publiques*), they are accounted for at their accounting value (100% weighting).

In addition, Crédit Mutuel Arkéa and the Issuer have entered into agreements in order to ensure, by providing to the Issuer liquidity support or transferring to the Issuer additional eligible assets or otherwise, that the Issuer will, at all times, maintain an overcollateralisation ratio between its eligible assets and its Privileged Notes equal to or greater than 105% (See "*Description of the Issuer – Business Overview – OC Test*").

A *société de crédit foncier* must appoint a specific controller (*contrôleur spécifique*) with the prior approval of the Banking Authority (*Autorité de contrôle prudentiel*, formerly *Commission bancaire*) whose task is to ensure that the required cover ratio is at all times complied with. In particular, the specific controller must certify that the cover ratio is satisfied in connection with (i) the *société de crédit foncier* quarterly programme of issues benefiting from the *Privilège* and (ii) any specific issue also benefiting from the *Privilège* which amount is greater than €500 million. The specific controller must verify the quality of the assets, the process of yearly revaluation and the quality of the asset liability management.

Liquidity Ratio

Pursuant to articles L.515-7-1 and R.515-7-1 of the French Monetary and Financial Code (*Code monétaire et financier*), the Issuer must, at all time, cover its treasury needs over a period of 180 days, taking into account the forecasted flows of principal and interest on its assets and net flows related to derivative financial instruments referred to in article L.515-18 of the French Monetary and Financial Code (*Code monétaire et financier*). The treasury needs are covered by substitution assets, eligible assets to the credit operations of the *Banque de France* and refinancing agreements entered into with credit institutions benefiting from the highest level of credit assessment (*premier échelon de qualité de crédit*) assigned by an external rating agency recognised by the French *Autorité de contrôle prudentiel* pursuant to article L.511.44 of the French Monetary and Financial Code, or guaranteed by other entities benefiting from the same credit assessment.

***Privilège* relating to the Privileged Notes and certain other obligations of the Issuer**

Pursuant to article L.515-19 of the French Monetary and Financial Code, notwithstanding any legal provisions to the contrary and in particular the provisions of book VI (*Livre VI*) of the French Commercial Code relating to the difficulties of companies (*difficultés des entreprises*):

- the sums resulting from the loans, assimilated receivables, exposures, titles and securities referred to in articles L.515-14 to L.515-17 of French Monetary and Financial Code and from the financial instruments used for hedging as referred to in article L.515-18 of the French Monetary and Financial Code (in each case after any applicable set-off), together with the claims in respect of deposits made by a *société de crédit foncier* with credit institutions, are allocated by way of priority to the payment of any sums due in relation to the Privileged Notes, to other resources benefiting from the *privilège*, as mentioned in article L.515-13 of the French Monetary and Financial Code, to derivatives transactions used for hedging, under the condition of article L.515-18 of the French Monetary and Financial Code and to ancillary expenses relating to the transactions referred to in article L.515-19 of the French Monetary and Financial Code;
- when a *société de crédit foncier* (such as the Issuer) is subject to conciliation procedure (*procédure de conciliation*), safeguard procedure (*procédure de sauvegarde*), judicial reorganisation (*redressement judiciaire*) or judicial liquidation (*liquidation judiciaire*), the amounts regularly originated from the operations referred to in article L.515-13 of the French Monetary and Financial Code are paid on their respective contractual due date, and by way of priority to all other debts, whether or not preferred or secured, including interests resulting from agreements whatever their duration is. No other creditor of a *société de crédit foncier* (such as the Issuer) may avail itself of any right over the assets and rights of such *société* until creditors benefiting from the *privilège* defined in article L.515-19 of the French Monetary and Financial Code have been fully paid off; and
- the judicial liquidation of a *société de crédit foncier* (such as the Issuer) will not result in the acceleration of payment of Privileged Notes and other debts benefiting from the *Privilège* defined in article L.515-19 of the French Monetary and Financial Code.

Insolvency remoteness

Article L.515-27 of the French Monetary and Financial Code precludes the extension of insolvency proceedings in respect of the *société de crédit foncier* parent company to the *société de crédit foncier*.

The French Monetary and Financial Code provides a regime of *sociétés de crédit foncier*, which derogates in many ways from the French legal provisions relating to insolvency proceedings. In particular, in the event of safeguard procedure (*procédure de sauvegarde*), judicial reorganisation (*redressement judiciaire*) or liquidation (*liquidation judiciaire*) of a *société de crédit foncier*, all claims benefiting from the *Privilège*, including interest thereon, must be paid on their due dates and in preference to all other claims, whether or not secured or statutorily preferred and, until payment in full of all such preferred claims, no other creditors may avail itself of any right over the assets of the *société de crédit foncier*.

The provisions allowing an administrative receiver to render certain transactions entered into during the hardening period (*période suspecte*) null and void are not applicable for transactions entered into by a *société de crédit foncier* provided that such transactions are made in accordance with their exclusive legal purpose and without fraud. Pursuant to article L.515-28 of the French Monetary and Financial Code, in case of the opening of any safeguard procedure (*procédure de sauvegarde*), judicial reorganisation (*redressement judiciaire*) or liquidation (*liquidation judiciaire*) against the credit institution which is acting as manager and servicer of the assets and liabilities of the *société de crédit foncier*, the recovery, management and servicing contract may be immediately terminated by the *société de crédit foncier* notwithstanding any legal provisions to the contrary.

DESCRIPTION OF THE ISSUER

For the avoidance of doubt, it is specified that the expression "Privileged Notes" will include German law and French law Privileged Notes and the expression "Noteholders" includes any holder of such Privileged Notes, in the following section.

With 9,000 employees and 3,200,000 customers, it experienced further commercial expansion and built up its presence throughout France by entering into distribution agreements with external operators.

The Group's basic unit is the local savings bank ("Caisse locale"). Each local savings bank covers a limited geographic area, and its capital is held by customer shareholders in the form of shares. Crédit Mutuel Arkéa's capital is held by the local savings banks of the federation of Crédit Mutuel de Bretagne, the federation of Crédit Mutuel du Sud-Ouest and the federation of Crédit Mutuel Massif Central. Crédit Mutuel Arkéa's federations are members of *Confédération Nationale du Crédit Mutuel* (CNCM), which represents Crédit Mutuel's various regional groups.

From a regulatory standpoint, Crédit Mutuel Arkéa is the Group's consolidating parent company. It is licensed as such by the banking authorities. Crédit Mutuel Arkéa ensures that the Group's main financial ratios comply with the regulatory limits set by the banking authorities. It has received a general license for the local savings banks of the three (3) federations. The local savings banks do not receive individual licenses.

As a regulated bank, Crédit Mutuel Arkéa is subject to various controls by the French financial regulators (*Autorité de contrôle prudentiel*, *Autorité des marchés financiers*, etc.).

In this organisation, Crédit Mutuel Arkéa is the Group's lead company. Crédit Mutuel Arkéa also acts as the Group's capital markets and investment bank and as the holding company for the non-credit union and non-mutual savings bank businesses.

Crédit Mutuel Arkéa is managed by its board of directors (*Conseil d'administration*). Its by-laws provide for a board of directors who are appointed by the general meeting of the shareholders for a period of three (3) years, but may serve any number of consecutive terms. The board of directors is chaired by a chairman (*président*) who ensures its efficient functioning and the provision of constant and complete information to it. The board of directors has also appointed a managing director (*directeur général*) who is responsible for the general management of Crédit Mutuel Arkéa and represents it in relation to third parties.

On the Programme Date, 99.9 per cent. of the Issuer's share capital is held by Crédit Mutuel Arkéa and the remainder by the members of the *conseil d'administration* of the Issuer who each hold one (1) share of the Issuer's share capital.

There is no authorised and unissued share capital. There are no securities which grant rights to shares in the capital of the Issuer. All shares have equal voting rights.

On 15 November 2010, Crédit Mutuel Arkéa issued a statement of financial support for its subsidiary Crédit Mutuel Arkéa Public Sector SCF. The text of the statement of financial support is translated (for information purposes only) as follows:

CRÉDIT MUTUEL ARKÉA

Issuer's corporate purpose

In accordance with article L.515-13 of the French Monetary and Financial Code, which defines the exclusive purpose of the *sociétés de crédit foncier* and with article 2 of the by-laws (*statuts*) of the Issuer, the Issuer's general purposes both in France and abroad is:

- with respect to its assets:

- to grant or acquire exposures over public entities (*expositions sur des personnes publiques*), in particular, grant loans provided that such loans are secured, in accordance with article L.211-38 *et seq.* of the French Monetary and Financial Code, by the receivables against public entities or fully guaranteed by such public entities transferred by way of security (*remises en pleine propriété à titre de garantie*),
- to subscribe for, acquire (by all possible means) and/or hold (i) units and debt instruments issued by French securitisation organisms (*organismes de titrisation*) or by similar entities, provided that the underlying assets of such units and debt instruments are exclusively composed of exposures to

- public entities, and/or (ii) securities, instruments and deposits sufficiently secure and liquid (within the meaning of the regulation applicable to *sociétés de crédit foncier*),
 - within the limits of laws and regulations then applicable, to subscribe for, acquire (by any means) and/or hold, Privileged Notes issued by the Issuer itself,
 - more generally, acquire (by all possible means) and/or hold any assets representing exposures over public entities (*expositions sur des personnes publiques*) that can be lawfully held by a *société de crédit foncier* in accordance with laws and regulations applicable thereto,
- with respect to its liabilities:
 - obtain all the resources to which a *société de crédit foncier* is entitled, which include (i) the issuance of French law *obligations foncières* benefiting from the *Privilège* mentioned in article L.515-19 of the French Monetary and Financial Code and (ii) the issuance of German law notes in registered form (*Namensschuldverschreibung*) benefiting from the *Privilège* mentioned in article L.515-19 of the French Monetary and Financial Code;
- as general matter:
 - to acquire (by all possible means) and hold any movable and immovable property which is necessary for the accomplishment of its corporate purpose or which derives from the recovery of its debts,
 - conduct all financial and banking transactions and conclude the necessary contracts, to achieve its corporate purpose: in particular, the Issuer may enter into financial forwards instruments to hedge its interests and currency on the loans and exposures set out in articles L.515-14 to L.515-17 of the French Monetary and Financial Code, the Privileged Notes and other resources benefiting from the *Privilège*;
 - and more generally, all operations related to its business or contributing directly or indirectly to achieve its corporate purpose, provided that such operations comply with laws and regulations then applicable to *sociétés de crédit foncier*.

Notwithstanding the generality of the Issuer's corporate purpose, Crédit Mutuel Arkéa Public Sector SCF has willingly agreed to restrict its activities only to granting or acquiring exposures to public entities as defined in articles L.515-15 to L.515-16 of the French Monetary and Financial Code, as further described in section "Business Overview" hereunder.

Business overview

The establishment of the Issuer takes place as part of the Crédit Mutuel Arkéa's group refinancing and is intended to lower the overall cost of funding for the Crédit Mutuel Arkéa's group by refinancing public exposures at a competitive cost.

The assets of the Issuer will therefore mainly comprise advances to be made available by the Issuer to Crédit Mutuel Arkéa.

Collateral security

All advances made available by the Issuer to Crédit Mutuel Arkéa will be fully secured (*totalement garanties*) by a pool of exposures to French public sector entities or guaranteed by such entities, so that each advance qualifies as exposure to public legal persons (*exposition sur des personnes publiques*) within the meaning of article L.515-15 of the French Monetary and Financial Code. Such collateral security shall be a transfer by collateral providers (the "**Collateral Providers**") of eligible assets by way of security (*remises en pleine propriété à titre de garantie*) for the benefit of the Lender in accordance with article L.211-38 *et seq.* of the French Monetary and Financial Code and the provisions of a collateral security agreement (the "**Collateral Security Agreement**").

For the purposes of the Collateral Security Agreement, an "**Eligible Asset**" to be transferred as collateral security shall be any Eligible Public Sector Loan Receivable (as further described below) or any Additional Public Exposure (as further described below).

Each Eligible Public Sector Loan Receivable shall, on the date on which it has been selected to be transferred as Collateral Security (the "**Selection Date**") or on any other date specified below or (in the absence of mention of any such specific date) at any time, complies with the following cumulative criteria:

- (a) it is owed or guaranteed in full by a public entity as defined in article L.515-15 of the French Monetary and Financial Code, such as central administration (*administration centrale*), a central bank (*banque centrale*), a public institution (*établissement public*), a local authority (*collectivité territoriale*) or a group

thereof, of a member State of the European Community or party to the European Economic Area, of the United States of America, Switzerland, Japan, Canada, Australia or New Zealand (a "**Public Sector Loan Receivable**");

- (b) it (i) has arisen under a loan agreement granted by the relevant Collateral Provider to any third party in the normal course of its business activities or (ii) has been acquired by the Collateral Provider provided that, in this latter case, (x) the relevant borrower has had prior borrowing relationship with some Collateral Provider's affiliate and (y) the transfer of such Public Sector Loan Receivable as collateral security will not result in the aggregate outstanding principal balance of all Public Sector Loan Receivables acquired by any of the Collateral Providers and transferred as collateral security to exceed 20% of the aggregate outstanding principal balance of all the collateral security assets on the Selection Date on which such Public Sector Loan Receivable is transferred as collateral security;
- (c) prior to the date upon which the relevant loan was made available to the borrower thereof or acquired by the relevant Collateral Provider, all lending criteria and conditions precedent as applied by such Collateral Provider pursuant to its customary lending procedures were satisfied;
- (d) the Public Sector Loan Receivable is governed by French law;
- (e) the Public Sector Loan Receivable is denominated in Euro;
- (f) the Public Sector Loan Receivable is not more than 90 days past due;
- (g) the borrower (or the guarantor) under the Public Sector Loan Receivable does not benefit from a contractual right of set off;
- (h) the opening by the borrower (or the guarantor) of a bank account dedicated to payments due under the Public Sector Loan Receivable is not provided for in the relevant contractual arrangements as a condition precedent to the originator making the loan corresponding to the relevant Public Sector Loan Receivable available to the said borrower;
- (i) the loan related to the Public Sector Loan Receivable does not provide for the ability for the borrower to re-draw thereunder, or if it does, such loan has a set contractual amortisation schedule; and
- (j) as at the end of the current calendar month, the Collateral Provider transferring the loan corresponding to such Public Sector Loan Receivables as collateral security complies with any and all eligibility criteria applicable to the Collateral Providers under the Collateral Security Agreement.

If any Public Sector Loan Receivable transferred as collateral security ceases to comply with one (1) or several of the above criteria (each, an "**Ineligible Public Sector Loan Receivable**"), such Public Sector Loan Receivable shall account for zero (0) for the purpose of the calculation of the OC Test (as further described below). The above criteria may be amended from time to time provided it is not likely to result in a downgrading, or withdrawal, of the ratings then assigned to the Privileged Notes.

Under the Collateral Security Agreement, "**Additional Public Exposure**" shall refer to any debt instrument complying with the following criteria:

- the obligor of the Additional Public Exposure (or the guarantor thereof, if any) is a public entity as defined in article L.515-15 of the French Monetary and Financial Code, such as central administration (*administration centrale*), a central bank (*banque centrale*), a public institution (*établissement public*), a local authority (*collectivité territoriale*) or a group thereof, of a member State of the European Community or party to the European Economic Area, of the United States of America, Switzerland, Japan, Canada, Australia or New Zealand;
- it is governed by French law;
- it is denominated in Euro;
- it benefits from the most favourable category of credit assessment (*meilleur échelon de qualité de crédit*) assigned by an external rating agency recognised by the *Autorité de contrôle prudentiel* pursuant to article L.511-44 of the French Monetary and Financial Code;

it being provided that, if any debt instrument previously qualifying as Additional Public Exposure ceases to comply with one or several of the above criteria (as such, an "**Ineligible Additional Public Exposure**") and, where it is part of the collateral security assets, it shall account for zero for the purpose of calculation of the OC Test.

OC Test

Without prejudice to compliance with cover test provided by laws and regulations applicable to *sociétés de crédit foncier* (see "*Main features of the legislation and regulations relating to sociétés de crédit foncier*"), Crédit Mutuel Arkéa, as collateral security agent, shall monitor the collateral security so as to at all times comply with a contractual cover test (the "**OC Test**").

The OC Test shall be made according to the terms, definitions and calculation formula set out in the Collateral Security Agreement. Compliance with the OC Test requires that the OC Ratio (as defined below) shall be at least equal to 105%,

whereby:

"**OC Ratio**" means the ratio calculated as:

- the Aggregate Asset Amount,
- divided by Aggregate Privileged Notes Outstanding Principal Amount.

"**Aggregate Privileged Notes Outstanding Principal Amount**" means, on any relevant calculation date, the aggregate amount of principal (in euro or euro equivalent with respect to Privileged Notes denominated in a Specified Currency) outstanding at such date under all Privileged Notes;

"**Aggregate Asset Amount**" means, on any relevant calculation date, the sum of:

- the aggregate outstanding principal amount of all Public Sector Loan Receivables transferred as collateral security which are not Ineligible Public Sector Loan Receivables,
- the aggregate outstanding principal amount of the Additional Public Exposures transferred as collateral security and which are not an Ineligible Additional Public Exposures;
- the aggregate outstanding principal amount of the other assets held by the Issuer and which are eligible for the calculation of the regulatory test in accordance with the laws and regulations applicable to *sociétés de crédit foncier*; and
- the aggregate amount of cash deposited as cash collateral by Crédit Mutuel Arkéa which is still standing to the credit of the relevant cash collateral account;

Other assets

In order to comply with the regulatory cover test described in section "*Main features of the legislation and regulations relating to sociétés de crédit foncier*", the Issuer may also purchase substitution assets (the "**Substitution Assets**") which comply with the provisions of article L.515-16 of the French Monetary and Financial Code. In accordance with L.515-13 II of the French Monetary and Financial Code, such purchase shall be financed by any authorised resources which shall not benefit from the *Privilège* defined in article L.515-19 of the French Monetary and Financial Code.

Funding of the advances

Advances made by the Issuer will be financed by debt benefiting from the *Privilège* described in section "*Main features of the legislation and regulations relating to sociétés de crédit foncier*", which includes Privileged Notes or other resources, expressly providing for in the relevant agreement that they benefit from the *Privilège*. These other resources benefiting from the *Privilège* include registered notes governed by German law, which are designed for German institutional investors and subject to private placement.

The Privileged Notes are expected to be rated AAA by S&P and Aaa by Moody's and to be listed on the Luxembourg stock exchange. By offering to the market such AAA/Aaa rated Privileged Notes, which are a reflection, among other factors, of the intrinsic quality of the assets of the Issuer, the Issuer aims to increase the competitiveness of Crédit Mutuel Arkéa's group. By providing the market with an additional counterparty (in addition to Crédit Mutuel Arkéa), the Issuer should increase the Crédit Mutuel Arkéa group's investor base.

Subsidiaries

According to article L.515-17 of the French Monetary and Financial Code, the Issuer, as a *société de crédit foncier*, is not allowed to hold shares in other companies.

MATERIAL CONTRACTS AND RELATIONSHIP BETWEEN CRÉDIT MUTUEL ARKÉA PUBLIC SECTOR SCF AND CRÉDIT MUTUEL ARKÉA

For the avoidance of doubt, it is specified that the expression "Privileged Notes" will include German law and French law Privileged Notes and the expression "Noteholders" includes any holder of such Privileged Notes, in the following section.

As mentioned and/or further described in sections "*Description of the Issuer – Business overview*" and "*Risk factors*", the Issuer will enter into several contracts with Crédit Mutuel Arkéa, its parent company. The main contracts to be entered into between the Issuer and Crédit Mutuel Arkéa are further described below:

TAXATION

For the avoidance of doubt, it is specified that the expression "Privileged Notes" will only include French law Privileged Notes, in the following section.

The following is an overview limited to certain tax considerations in France and in Luxembourg relating to the payments made in respect of Privileged Notes that may be issued under the Programme and specifically contains information on taxes on the income from the securities withheld at source. This overview is based on the laws in force in France and in the Grand Duchy of Luxembourg as of the date of this Base Prospectus and as applied by the tax authorities and is subject to any changes in law or different interpretation. It does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of the Privileged Notes. Each prospective holder or beneficial owner of Privileged Notes should consult its tax advisor as to the tax consequences of any investment in or ownership and disposal of the Privileged Notes in light of its particular circumstances.

EU Savings Taxation Directive

The EC Council Directive 2003/48/EC of 3 June 2003 on the taxation of savings income in the form of interest payments (the "**Savings Taxation Directive**") requires each Member State as from 1 July 2005 to provide to the tax authorities of another Member State details of payments of interest and other similar income within the meaning of the Savings Taxation Directive made by a paying agent located within its jurisdiction to (or, under certain circumstances, to the benefit of) an individual resident in that other Member State, except that Luxembourg and Austria will instead impose a withholding system for a transitional period unless the beneficiary of the interest payment elects for the exchange of information.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Privileged Note as a result of the imposition of such withholding tax. If a withholding tax is imposed on payment made by a Paying Agent, the Issuer will be required to maintain a Paying Agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Savings Taxation Directive.

On 13 November 2008, the European Commission published a detailed proposal for amendments to the Savings Taxation Directive, which included a number of suggested changes. The European Parliament approved an amended version of this proposal on 24 April 2009. If any of those proposed changes are made in relation to the Savings Taxation Directive they may amend or broaden the scope of the requirements described above. On 15 September 2008, the European Commission issued a report to the Council of the European Union on the operation of the Savings Taxation Directive, which included the Commission's advice on the need for changes to the Savings Taxation Directive.

French Withholding Tax

The Savings Taxation Directive has been implemented in French law by article 242 *ter* of the French General Tax Code (*Code général des impôts*) and articles 49 I *ter* to 49 I *sexies* of the schedule III to the French General Tax Code (*Code général des impôts*). Article 242 *ter* of the French General Tax Code (*Code général des impôts*) imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

Following the enactment of the third Amended Finance Act for 2009 (*troisième loi de finances rectificative pour 2009* no. 2009-1674 dated 30 December 2009) (the "**Law**"), payments of interest and other revenues made by the Issuer with respect to such Privileged Notes will not be subject to the withholding tax set out under article 125 A III of the French General Tax Code (*Code général des impôts*) unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of article 238-0 A of the French General Tax Code (*Code général des impôts*) (a "**Non-Cooperative Jurisdiction**").

If such payments under the Privileged Notes are made in a Non-Cooperative Jurisdiction, a 50% withholding tax will be applicable (subject to certain exceptions described below and the more favourable provisions of any applicable double tax treaty) by virtue of article 125 A III of the French General Tax Code (*Code général des impôts*).

Furthermore, under article 238 A of the French General Tax Code (*Code général des impôts*), interest and other revenues paid by or on behalf of the Issuer with respect to such Privileged Notes may no longer be deductible from the Issuer's taxable income, if they are paid or accrued to persons established or domiciled in a Non-Cooperative Jurisdiction or paid in such a Non-Cooperative Jurisdiction. Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as deemed distributed income pursuant to article 109 of the French General Tax Code (*Code général des impôts*), in which case such non-deductible interest or other revenues may be subject to the withholding tax set out under article 119 *bis* of the French General Tax Code (*Code général des impôts*), at a rate of 30 or 55%.

Notwithstanding the foregoing, the Law provides that neither the 50% withholding tax nor the non-deductibility will apply in respect of a particular issue of Privileged Notes if the Issuer can prove that the principal purpose and effect of such issue of Privileged Notes was not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative Jurisdiction (the "**Exception**"). Pursuant to the official regulation published by French tax authorities on 12 September 2012 (*Bulletin Officiel des Finances Publiques-Impôts* - BOI-INT-DG-20-50-20120912 Section no. 990), an issue of Privileged Notes will be deemed to have a qualifying purpose and effect, and accordingly will be able to benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of such issue of Privileged Notes, if such Privileged Notes are:

- (i) offered by means of a public offer within the meaning of article L.411-1 of the French Monetary and Financial Code or pursuant to an equivalent offer in a state or territory other than a Non-Cooperative Jurisdiction. For this purpose, an "equivalent offer" means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- (ii) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative Jurisdiction, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative Jurisdiction; or
- (iii) admitted, at the time of their issue, to the clearing operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of article L.561-2 of the French Monetary and Financial Code, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative Jurisdiction.

Luxembourg taxation Privileged Notes

The following overview is of a general nature and is included herein solely for information purposes. It is a description of the essential material Luxembourg tax consequences with respect to the Privileged Notes. The overview does not purport to be a comprehensive description of all of the tax considerations that may be relevant to any prospective investor and may not include tax considerations that arise from rules of general application or that are generally assumed to be known by holders of Privileged Notes. This overview is based on the laws presently in force in Luxembourg on the date of this Prospectus and is subject to any change in law that may take effect after such a date. It is not intended to be, nor should it be construed to be, legal or tax advice. Prospective investors in the Privileged Notes should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a tax, duty, levy, impost or other charge or withholding of a similar nature refers to Luxembourg tax law and/or concepts only. Also, please note that a reference to Luxembourg income tax encompasses corporate income tax (*impôt sur le revenu des collectivités*), municipal business tax (*impôt commercial communal*), a solidarity surcharge (*contribution au fonds pour l'emploi*) as well as personal income tax (*impôt sur le revenu*) generally. Corporate holders of Privileged Notes may further be subject to net wealth tax (*impôt sur la fortune*) as well as other duties, levies or taxes. Corporate income tax, municipal business tax as well as the solidarity surcharge invariably apply to most corporate taxpayers resident of Luxembourg for tax purposes. Individual taxpayers are generally subject to personal income tax and the solidarity surcharge. Under certain circumstances, where an individual taxpayer acts in the course of the management of a professional or business undertaking, municipal business tax may apply as well.

Luxembourg tax residency of the holders of Privileged Notes

A holder of Privileged Notes will not become resident, nor be deemed to be resident, in Luxembourg by reason only of the holding of the Privileged Notes, or the execution, performance, delivery and/or enforcement of the Privileged Notes.

Luxembourg Withholding tax

Resident holders of Privileged Notes

Under the Luxembourg law dated 23 December 2005 (the "**Law**"), a 10% withholding tax is levied as of 1 January 2006 on interest payments (or similar income) made by a Luxembourg paying agent to or for the immediate benefit of a Luxembourg resident individual. This withholding tax also applies on accrued interest received upon disposal, redemption or repurchase of the Privileged Notes. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth.

Further, a Luxembourg resident individual who acts in the course of the management of his/her private wealth and who is the beneficial owner of an interest payment made by a paying agent established outside Luxembourg in a Member State of the European Union or of the European Economic Area or in a jurisdiction having concluded an agreement with Luxembourg in connection with the European Council Directive 2003/48/EC on taxation of savings income (the "**Savings Taxation Directive**"), may also opt for a final 10% levy. In such case, the 10% levy is calculated on the same amounts as for the payments made by Luxembourg resident paying agents. The option for the 10% levy must cover all interest payments made by the paying agent to the Luxembourg resident beneficial owner during the entire civil year.

Non-resident holders of Privileged Notes

Under Luxembourg tax law currently in force and subject to the application of the Luxembourg laws of 21 June 2005 implementing the Savings Taxation Directive (the "**Laws**") and several agreements concluded between Luxembourg and certain dependant territories of the European Union, there is no withholding tax on payments of interest (including accrued but unpaid interest) made to a Luxembourg non-resident holder of Privileged Notes, repayment of the principal, or redemption or exchange of the Privileged Notes.

Under the Laws, a Luxembourg based paying agent (within the meaning of the Savings Taxation Directive) is required, since 1 July 2005, to withhold tax on interest and other similar income (including reimbursement premium received at maturity) paid by it to (or under certain circumstances, to the benefit of) an individual or a residual entity (a "**Residual Entity**") in the sense of article 4.2. of the Savings Taxation Directive (i.e. an entity without legal personality except for (i) a Finnish *avoin yhtiö* and *kommandiittiyhtiö* / *öppet bolag* and *kommanditbolag* and (ii) a Swedish *handelsbolag* and *kommanditbolag*, and whose profits are not taxed under the general arrangements for the business taxation and that is not, or has not opted to be considered as, a UCITS recognised in accordance with Council Directive 85/611/EEC), resident or established in another Member State of the European Union, unless the beneficiary of the interest payment elects for an exchange of information. The same regime applies to payments to individuals or Residual Entities resident in any of the following territories: Aruba, the British Virgin Islands, Guernsey, the Isle of Man, Jersey, Montserrat and the Netherlands Antilles.

As from 1 July 2011, the withholding tax is of 35%. The withholding tax system will only apply during a transitional period, the ending of which depends on the conclusion of certain agreements relating to information exchange with certain other countries.

In each case described here above, responsibility for the withholding tax will be assumed by the Luxembourg paying agent.

Taxation of the holders of Privileged Notes

Taxation of Luxembourg residents

Luxembourg resident individuals

A Luxembourg resident individual, acting in the course of the management of his/her private wealth, is subject to Luxembourg income tax in respect of interest received, redemption premiums or issue discounts under the Privileged Notes, except if a withholding tax has been levied by the Luxembourg paying agent on such payments or, in case of a non-resident paying agent, if such individual has opted for the 10% levy, in accordance with the Law.

Under Luxembourg domestic tax law, gains realised upon the sale, disposal or redemption of the Privileged Notes by a Luxembourg resident individual holder of Privileged Notes, who acts in the course of the management of his/her private wealth, are not subject to Luxembourg income tax, provided (i) this sale or disposal took place at least six months after the acquisition of the Privileged Notes and (ii) the Privileged Notes do not constitute zero coupon notes. A Luxembourg resident individual who acts in the course of the management of his/her private wealth has further to include the portion of the gain corresponding to accrued but

unpaid income in respect of the Privileged Notes in his/her taxable income, insofar as the accrued but unpaid interest is indicated separately in the agreement.

A gain realized by a Luxembourg resident individual who acts in the course of the management of his/her private wealth upon the sale of zero coupon notes before their maturity must be included in his/her taxable income for Luxembourg income tax assessment purposes.

A Luxembourg resident individual, who acts in the course of the management of a professional or business undertaking to which the Privileged Notes are attributable, has to include interest and gains realized on the sale or disposal of the Privileged Notes in his/her taxable income for Luxembourg income tax assessment purposes. Taxable gains are determined as being the difference between the sale, repurchase or redemption price (including accrued but unpaid interest) and the lower of the cost or book value of the Privileged Notes sold or redeemed.

Luxembourg resident companies

A Luxembourg resident company (*société de capitaux*) must include interest and gains realized on the sale or disposal of the Privileged Notes in its taxable income for Luxembourg income tax assessment purposes. Taxable gains are determined as being the difference between the sale, repurchase or redemption price (including accrued but unpaid interest) and the lower of the cost or book value of the Privileged Notes sold or redeemed.

Luxembourg residents benefiting from a special tax regime

Luxembourg residents who benefit from a special tax regime, such as, for example, (i) holding companies subject to the amended law of 31 July 1929, (ii) undertakings for collective investment subject to the amended laws of 20 December 2002, (iii) specialised investment funds subject to the law dated 13 February 2007 or (iv) family wealth management companies subject to the law dated 11 May 2007, are exempt from income tax in Luxembourg and thus income derived from the Privileged Notes, as well as gains realised thereon, are not subject to Luxembourg income taxes.

Taxation of Luxembourg non-residents

A non-resident who has neither a permanent establishment nor a permanent representative in Luxembourg to which the Privileged Notes are attributable is not liable to any Luxembourg income tax, whether he receives payments of principal or interest (including accrued but unpaid interest) or realizes capital gains upon redemption, repurchase, sale or exchange of any Privileged Notes.

A Luxembourg non-resident who has a permanent establishment or a permanent representative in Luxembourg to which the Privileged Notes are attributable has to include any interest, as well as any capital gain realized on the sale or disposal of the Privileged Notes, in his/her taxable income for Luxembourg income tax assessment purposes.

Net Wealth Tax

A Luxembourg resident or a non-resident who has a permanent establishment or a permanent representative in Luxembourg to which the Privileged Notes are attributable is subject to Luxembourg net wealth tax on such Privileged Notes, except if the holder of the Privileged Notes is (i) a resident or non-resident individual taxpayer, (ii) a holding company subject to the amended law of 31 July 1929, (iii) an undertaking for collective investment subject to the amended law of 20 December 2002, (iv) a securitisation company governed by the law of 22 March 2004 on securitisation, (v) a company governed by the law of 15 June 2004 on venture capital vehicles, (vi) a specialized investment fund subject to the law of 13 February 2007 or (vii) a family wealth management company subject to the law of 11 May 2007.

Other Taxes

Registration taxes and stamp duties

There is no Luxembourg registration tax, stamp duty or any other similar tax or duty payable in Luxembourg by the holder of Privileged Notes as a consequence of the issuance of the Privileged Notes, nor will any of these taxes be payable as a consequence of a subsequent transfer, redemption or repurchase of the Privileged Notes.

Value added tax

There is no Luxembourg value added tax payable in respect of payments in consideration for the issuance of the Privileged Notes or in respect of the payment of interest or principal under the Privileged Notes or the transfer of the Privileged Notes. Luxembourg value added tax may, however, be payable in respect of fees charged for certain services rendered to the Issuer, if for Luxembourg value added tax purposes such services are rendered or

are deemed to be rendered in Luxembourg and an exemption from Luxembourg value added tax does not apply with respect to such services.

Inheritance tax and gift tax

No estate or inheritance taxes are levied on the transfer of the Privileged Notes upon death of a holder of Privileged Notes in cases where the deceased was not a resident of Luxembourg for inheritance tax purposes.

Gift tax may be due on a gift or donation of Privileged Notes if the gift is recorded in a deed passed in front of a Luxembourg notary or otherwise registered in Luxembourg.

SUBSCRIPTION AND SALE

For the avoidance of doubt, it is specified that, in the following section, the expressions "Privileged Notes" and "Noteholders" will only include French law Privileged Notes and holders of such French law Privileged Notes.

Subject to the terms and on the conditions contained in an amended and restated dealer agreement dated 19 December 2012 between the Issuer, the Arranger and the Permanent Dealers (the "**Dealer Agreement**"), the Privileged Notes will be offered by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Privileged Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Privileged Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer(s). The Privileged Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Privileged Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two (2) or more Dealers.

The Issuer will pay each relevant Dealer a commission (as applicable) as agreed between them in respect of Privileged Notes subscribed by it. The Issuer has agreed to reimburse the Arranger for its expenses incurred in connection with the Programme and the Dealers for certain of their activities in connection with the Programme.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Privileged Notes. The Dealers have agreed to indemnify the Issuer against certain liabilities in connection with the offer and sale of the Privileged Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Privileged Notes in certain circumstances prior to payment for such Privileged Notes being made to the Issuer.

Selling Restrictions

General

These selling restrictions may be modified by the agreement of the Issuer and the Dealers in particular following a change in a relevant law, regulation or directive. Any such modification will be set out in the Final Terms and (if applicable) the subscription agreement entered into in respect of the issue of Privileged Notes to which it relates or in a supplement to this Base Prospectus.

Each Dealer has agreed that it will comply, to the best of its knowledge, with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Privileged Notes or has in its possession or distributes the Base Prospectus, any other offering material or any Final Terms and neither the Issuer nor any other Dealer shall have responsibility therefore.

This Base Prospectus has not been submitted to the clearance procedures of the *Autorité des marchés financiers*.

United States of America

The Privileged Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**"), and subject to certain exceptions, may not be offered or sold within the United States of America or to, or for the account or benefit of U.S. persons as defined under Regulation S. Terms used in this paragraph have the same meanings given to them by Regulation S under the Securities Act.

Materialised Privileged Notes having a maturity of more than one (1) year are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States of America or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and regulations thereunder.

In addition, until forty (40) days after the commencement of the offering of any identifiable Tranche, an offer, sale or delivery of Privileged Notes within the United States of America by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act, if such offer, sale or delivery is made otherwise than in accordance with an available exemption from registration under the Securities Act.

This Base Prospectus has been prepared by the Issuer for use in connection with the offer and sale of the Privileged Notes outside the United States. The Issuer and the Dealers reserve the right to reject any offer to purchase the Privileged Notes, in whole or in part, for any reason.

This Base Prospectus does not constitute an offer to any person in the United States. Distribution of this Base Prospectus by any non-U.S. person outside the United States to any U.S. person or to any other person within the United States is unauthorised and any disclosure without the prior written consent of the Issuer of any of its contents to any such U.S. person or other person within the United States is prohibited.

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**"), each Dealer has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "**Relevant Implementation Date**") it has not made and will not make an offer of Privileged Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Privileged Notes to the public in that Relevant Member State:

- (a) at any time to any legal entity which is a qualified investor as defined under the Prospectus Directive;
- (b) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive (as defined below), 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (c) at any time in any other circumstances falling within article 3(2) of the Prospectus Directive,

provided that no such offer of Privileged Notes referred to in paragraphs (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to article 3 of the Prospectus Directive or supplement a prospectus pursuant to article 16 of the Prospectus Directive.

For the purposes of this provision, the expressions (i) "**offer of Privileged Notes to the public**" in relation to any Privileged Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Privileged Notes to be offered so as to enable an investor to decide to purchase or subscribe the Privileged Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, (ii) "**Prospectus Directive**" means Directive 2003/71/EC (and the amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in each Relevant Member State and (iii) "**2010 PD Amending Directive**" means Directive 2010/73/EU dated 24 November 2010.

United Kingdom

Each Dealer has represented and agreed that:

- (a) in relation to any Privileged Notes which have a maturity of less than one (1) year, (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (ii) it has not offered or sold and will not offer or sell any Privileged Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect that they will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Privileged Notes would otherwise constitute a contravention of section 19 of the Financial Services and Markets Act 2000 (the "**FSMA**") by the Issuer;
- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Privileged Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and
- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Privileged Notes in, from or otherwise involving the United Kingdom.

Japan

The Privileged Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Law no. 25 of 1948, as amended, the "**FIEA**"). Accordingly, each of the Dealers has represented and agreed that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any

Privileged Notes in Japan or to, or for the benefit of, a resident of Japan, or to others for re-offering or resale, directly or indirectly in Japan or to a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan. As used in this paragraph, "**resident of Japan**" means any person resident in Japan, including any corporation or other entity organised under the laws of Japan.

The Netherlands

Each Dealer has represented and agreed that it has not made nor will it make any offers of Privileged Notes to the public in The Netherlands in reliance on Article 3(2) of the Prospectus Directive unless:

- (a) such offer is made exclusively to legal entities which are qualified investors in The Netherlands as defined in the Dutch Financial Supervision Act (*Wet op het financieel toezicht*, the "**FMSA**"); or
- (b) standard exemption wording is disclosed as required by article 5:20(5) of the FMSA; or
- (c) such offer is otherwise made in circumstances in which article 5:20(5) of the FMSA is not applicable,

provided that no such offer of Privileged Notes shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

France

Each of the Dealers and the Issuer has represented and agreed that it has not offered, sold or otherwise transferred and will not offer, sell or otherwise transfer, directly or indirectly, any Privileged Notes to the public in France and it has not distributed or caused to be distributed and will not distribute or cause to be distributed to the public in France, this Base Prospectus, the relevant Final Terms or any other offering material relating to the Privileged Notes and such offers, sales, transfers and distributions have been and will be made in France only to (i) providers of investment services relating to portfolio management for the account of third parties (*personnes fournissant le service d'investissement de gestion de portefeuille pour compte de tiers*) and/or (ii) qualified investors (*investisseurs qualifiés*), all as defined in, and in accordance with, articles L.411-1, L.411-2 and the related provisions of the French Monetary and Financial Code.

Accordingly, each Dealer has represented and agreed not to effect any offering, marketing, solicitation or selling activity of the Privileged Notes in the Republic of Italy except:
