for the issue of *obligations foncières* and other privileged notes

This first supplement (the "**Supplement**") is supplemental to, and must be read in conjunction with, the base prospectus dated 22 July 2022 (the "**Base Prospectus**") prepared by Arkéa Public Sector SCF (the "**Issuer**") in relation to its €10,000,000,000 Euro Medium Term Note Programme (the "**Programme**") for the issue, from time to time, subject to compliance with all relevant laws, regulations and directives, of French law *obligations foncières* (the "**French law Privileged Notes**") or German law registered notes (*Namenschuldverschreibungen*) (together, the "**Privileged Notes**") which was approved by the *Commission de Surveillance du Secteur Financier* (the "**CSSF**") in its capacity as competent authority pursuant to the Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, as amended (the "**Prospectus Regulation**"), as a base prospectus for the purposes of Article 8 of the Prospectus Regulation on 22 July 2022.

Application has been made to the CSSF in its capacity as competent authority pursuant to the Prospectus Regulation for approval of this Supplement as a supplement to the Base Prospectus.

The CSSF only approves this Supplement as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. The CSSF assumes no responsibility as to the economic and financial soundness of the Privileged Notes and the quality or solvency of the Issuer and such approval should not be considered as an endorsement of the quality of the securities that are the subject of this Supplement. Investors should make their own assessment as to the suitability of investing in the securities.

Unless the context otherwise requires, terms defined in the Base Prospectus shall have the same meaning when used in this Supplement. To the extent there is any inconsistency between (a) any statement contained in this Supplement or any statement incorporated by reference into the Base Prospectus by this Supplement, and (b) any other statement contained in or incorporated by reference in the Base Prospectus, the statements in (a) above will prevail.

The Issuer accepts responsibility for the information contained in this Supplement. To the best of the knowledge of the Issuer (which has taken all reasonable care to ensure that such is the case), the information contained or incorporated by reference in this Supplement is in accordance with the facts and makes no omission likely to affect its import.

Save as disclosed in this Supplement, there has been no other significant new factor, material mistake or material inaccuracy relating to the information included in the Base Prospectus which is capable of affecting the assessment of Privileged Notes since the publication of the Base Prospectus.

In accordance with Article 23.2 (*bis*) of the Prospectus Regulation, where French law Privileged Notes are offered to the public, investors who have already agreed to purchase or subscribe for such French law Privileged Notes before this Supplement is published have the right, exercisable within a time-limit of three (3) working days after the publication of this Supplement (no later than 27 September 2022) to withdraw their acceptances provided that the new factor, material mistake or material inaccuracy referred to in Article 23.1 of the Prospectus Regulation arose or was noted before the final closing of the offer or the delivery of the French law Privileged Notes, whichever occurs first. Investors may contact the Issuer should they wish to exercise the right of withdrawal.

The Issuer has prepared this Supplement to its Base Prospectus pursuant to Article 23.1 of the Prospectus Regulation for the purposes of incorporating by reference the financial statements of the Issuer for the half-year

RISK FACTORS

The first paragraph of the risk factor entitled "*Interest and currency risks*" of paragraph 1 entitled "*Risks related to the Issuer and its operations*" of subsection I entitled "*Risks related to the Issuer*" of the section entitled "*Risk Factors*" on page 19 of the Base Prospectus is amended as follows:

"Interest and currency risks

As described in section "*Description of the Issuer – Business Overview*", each advance granted by the Issuer to the benefit of the Borrower under the Facility Agreement shall be made available in the same Specified Currency and according to the same interest conditions to those applicable to the Privileged Notes funding such advance. As a consequence, as long as an event of default under the Facility Agreement has not occurred, the Issuer is not exposed to any currency and interest risk regarding the advances and the Privileged Notes. As of 30 June 2022, the advances granted by the Issuer to the benefit of the Borrower under the Facility Agreement amount to 1,837,000,000.00 euros."

The first and second paragraphs of the risk factor entitled "*Liquidity risk*" of paragraph 1 entitled "*Risks related to the Issuer and its operations*" of subsection I entitled "*Risks related to the Issuer*" of the section entitled "*Risk Factors*" on page 19 of the Base Prospectus are amended as follows:

"Liquidity risk

The maturity and amortisation profile of the assets transferred as Collateral Security will not match the repayment profile and maturities of the Privileged Notes. Therefore, upon the occurrence of an event of default under the Facility Agreement and the enforcement of the Collateral Security, such mismatch creates a potential need for liquidity at the level of the Issuer. As of 30 June 2022, no such mismatch had occurred.

Pursuant to Articles L.513-8 and R.513-7 of the French Monetary and Financial Code, the Issuer must, at all time, cover its treasury needs over a period of one hundred and eighty (180) days. As 30 June 2022, the Issuer had to maintain a minimum of 0 euros to cover its treasury needs." _

The last paragraph of the risk factor entitled "*Commingling risk*" of paragraph 1 entitled "*Risks related to the Issuer and its operations*" of subsection I entitled "*Risks related to the Issuer*" of the section entitled "*Risk Factors*" on page 20 of the Base Prospectus is amended as follows:

"Commingling risk

[...]

To address such commingling risk, the Issuer will benefit from a guarantee from Crédit Mutuel Arkéa and an undertaking from Crédit Mutuel Arkéa to transfer to the Issuer, by crediting such account as designated by the Issuer, certain amounts on each relevant collection payment date following Crédit Mutuel Arkéa's short-term, unsecured, unsubordinated and unguaranteed debt obligation falling below such minimum ratings, complying with the Rating Agency's public methodologies and criteria in order to maintain the rating of the Privileged Notes. As of 30 June 2022, the balance of such account amounted to 2,296,157,760.49 euros."

The second paragraph of the risk factor entitled "*Borrower's ability to pay under the Facility Agreement*" of paragraph 2 entitled "*Risks related to the Borrower*" of subsection I entitled "*Risks related to the Issuer*" of the section entitled "*Risk Factors*" on page 20 of the Base Prospectus is amended as follows:

"Borrower's ability to pay under the Facility Agreement

[...]

As of 30 June 2022, the advances granted by the Issuer to the benefit of the Borrower under the Facility Agreement amount to 1,837,000,000.00 euros."

Sub-paragraph "*Risks related to prudential calculations*" of sub-risk factor entitled "*Risks related to the Group*" of risk factor entitled "*Risks relating to the complexity of the context and risks related to the disaffiliation of the Group from the Crédit Mutuel group*" of paragraph 3 entitled "*Risks related to the*

***disaffiliation of Arkéa's group from Crédit Mutuel"* of subsection I entitled "*Risks related to the Issuer*" of the section entitled "*Risk Factors*" on page 24 of the Base Prospectus is amended as follows:**

" • Risks related to prudential calculations

In addition, the disaffiliation of the Group from the Crédit Mutuel could lead to a change in the internal model for calculating weighted risks leading to an increase in capital requirements, or even a switch to a standard model.

At 30 June 2022, credit risk was determined for €129,683 billion of net risk exposures, including:

- (i) €84,781 billion of risk exposures are assessed using an internal rating approach; and
- (ii) €44,902 billion of risk exposures are already assessed using a standard approach.

As a result, the disaffiliation of the Crédit Mutuel group could lead to a review of the weighted risk assessment method for the €84,781 billion of credit risk exposures currently assessed using an internal rating approach, without calling into question the financial strength of the Group."

RECENT DEVELOPMENTS

The following press release is inserted in the section entitled "Recent Developments" on page 96 of the Base Prospectus :

"3. Press release dated 29 August 2022:

Crédit Mutuel Arkéa makes concrete proposals to the Confédération Nationale du Crédit Mutuel to find a solution to their conflict, calls for dialogue and invites the Confédération to open orderly discussions on this basis

Brest, 29 August 2022 – The Boards of Directors of Crédit Mutuel Arkéa, Crédit Mutuel du Sud-Ouest and Crédit Mutuel de Bretagne have just approved a detailed project defining the contours of a guaranteed autonomy framework for Crédit Mutuel Arkéa. This project represents a balance between the objectives of all parties to the dispute between Crédit Mutuel Arkéa and Confédération Nationale du Crédit Mutuel (CNCM). It is an alternative to the proposed disaffiliation of Crédit Mutuel Arkéa, which is the mandate given to its leaders since 2018.

On 7 July, the President of the CNCM held a meeting of its Board of Directors and had so-called "reconciliation" proposals adopted. While the few advances made are to be welcomed, these proposals are insufficient in substance and inadequate in method. In terms of substance, they do not address the root causes of the disagreement: the Confederation's powers are poorly defined and continually expanding, governance is unbalanced in favour of Crédit Mutuel Alliance Fédérale (CMAF), the dominant regional group, there are conflicts of interest between the CNCM and CMAF, and lastly, there is a centralising vision. With regard to the method, Crédit Mutuel Arkéa could only note the unilateral nature of the approach taken by the President of the Confederation. These positions, which do not respond to the group's demands and do not result from negotiation, were unanimously rejected by Crédit Mutuel Arkéa's board of directors at its meeting on 25 August, as well as by the boards of the Brittany and South-West federations.

Despite this, Crédit Mutuel Arkéa remains keen to give every opportunity to an alternative to disaffiliation, provided that this alternative enables it to carry out its specific and unique corporate project.

This is why Crédit Mutuel Arkéa took the initiative of working on **a set of concrete proposals** that were also unanimously approved by the boards of directors of Crédit Mutuel Arkéa and its two federations, Crédit Mutuel de Bretagne and Crédit Mutuel du Sud-Ouest, and set out the conditions necessary for the realisation of such an alternative.

The acceptance of an orderly negotiation on the basis of these proposals **would make it possible to avoid a scenario** that would force Crédit Mutuel Arkéa to complete **the disaffiliation project - which has been the mandate given to its managers since 2018** - if this appears to be the only possible scenario for preserving its autonomy and its unique development model.

This initiative once again illustrates the invitation to **a calm and orderly discussion**. The approach and proposals put forward are **serious, balanced** and fully **respectful of mutualist values**. They also serve the interests of all the regional groups. These **concrete** proposals make it possible to **guarantee in the long term the full recognition of the strategic autonomy of the regional groups and federations**.

They record an **unambiguous acceptance of the prudential powers** of the central body, which must be clearly and restrictively defined and exercised within the framework devolved by the law in the collective interest of the affiliated entities and members.

They are based on **a governance system** based on the principle of **subsidiarity**. This is reflected in the introduction of a strategic veto right allowing regional groups and federations to block any decision by the central body that violates its strategic autonomy and its business plan - except in the case of compelling prudential circumstances. Also proposed are amicable dispute settlement procedures, a more impartial and better regulated sanction procedure, and more balanced representation of regional minority groups in governance bodies.

These principles provide for **the recognition of free competition** between regional groups and the creation of a mechanism to ensure its proper implementation.

The "Crédit Mutuel" corporate brand, managed by the CNCM, is an important asset that conveys the mutualist and cooperative values shared by all. However, it must not be diverted from its common purpose to the benefit of a single regional group, and the regional groups and federations must be free to use **their own brands and signage**.

These changes would lead to **a framework of guaranteed strategic autonomy** enabling Crédit Mutuel Arkéa to remain within Crédit Mutuel and to return to a **decentralised** mode of operation that is both **modern and faithful to the group's origins**.

Mutual concessions are obviously necessary in order to reach an agreement. In return, **the unity of Crédit Mutuel will be preserved and consolidated**; a Crédit Mutuel united around a collective project based on the acceptance of the plurality of models and strategies as well as a real decentralisation.

All the proposals made are "under constant law": they do not imply any legislative or regulatory changes other than adjustments to the CNCM's statutes and General Decisions. **They can be implemented quickly and in any case before the end of 2022.**

Crédit Mutuel Arkéa and the Crédit Mutuel de Bretagne and Sud-Ouest federations **are ready to commit to these proposals and are keen to reach an agreement quickly**, within a serious, methodical and mutually respectful negotiating framework. If orderly discussions were to be opened on the basis of these proposals, then the mandate given by the Board of Directors of Crédit Mutuel Arkéa in 2018 to its managers could change. These proposals from Crédit Mutuel Arkéa have been shared with the Chairman of the CNCM."
