Dematerialised Notes do not require compliance with the TEFRA Rules.

RISK FACTORS

RISK FACTORS RELATING TO THE ISSUER AND ITS ACTIVITY

Like all other banks the Issuer is mainly exposed to credit risk and market risk (e.g. interest rate movements and currency movements). These risk factors are addressed by the Issuer's own risk management procedures and exposures are constantly measured and supervised.

1.1 Customer credit risk

Compagnie Financière du Crédit Mutuel Group had total non-performing loans (including leases) of 421.1 million euros in 2006, an increase of 7.40% over the 392.1 million euros reported in 2005. At the same time, customer loans were up 11.1%.

Non-performing loans fell to 5.01% of total loans in 2006, from 5.19% in 2005. The coverage ratio on non-performing loans fell slightly to 58.95% at 31 December 2006, from 60.13% the previous year. There were 248.2 million euros of provisions on non-performing loans at 31 December 2006, compared with 235.8 million euros the previous year.

Impairment losses on customer loans of 32.8 million euros were reported at 31 December 2006, compared with 36.6 million euros in 2005. In 2006, the loan loss provisions included a 7 million euros allowance to collective provisions.

The outstanding loans of CEOI/BIE, a company that is being liquidated, continued to fall, declining 10.6% year-on-year to 59.08 million euros at 31 December 2006. Net of provisions, this amount represented only 1.78 million euros

1.2 Capital markets counterparty credit risk

CFCM Group and its subsidiaries' manage their counterparty credit risk by adhering to internal procedures that are compliant with all current regulations. A system of counterparty credit limits has been set in place to limit the credit exposure on these companies' capital markets activities.

- At the suggestion of the Risk Committee, the Board of Directors of Caisse Interfédérale du Crédit Mutuel approves an overall credit limit matrix that takes into account both counterparties' internal credit ratings and the shareholders' equity of the Arkéa Group.

- CFCM establishes individual limits within the framework defined by these overall limits, defining both amounts and terms, based primarily on the shareholders' equity of the Arkéa Group and the counterparty's fundamentals (net assets, debt and credit ratings). As required by the rules established by the new Basel II ratio, the internal credit ratings, the heart of the counterparty credit decision-making process, are used to establish a lending limit for each counterparty.

The Board of Directors of Compagnie Financière du Crédit Mutuel is responsible for setting credit limits, based on suggestions made by the CFCM Capital Markets Counterparty Credit Committee. The committee meets each quarter.

The Compagnie Financière du Crédit Mutuel Middle Office Department is responsible for analyzing, monitoring and providing first-level controls over all credit risks within the CFCM Group.

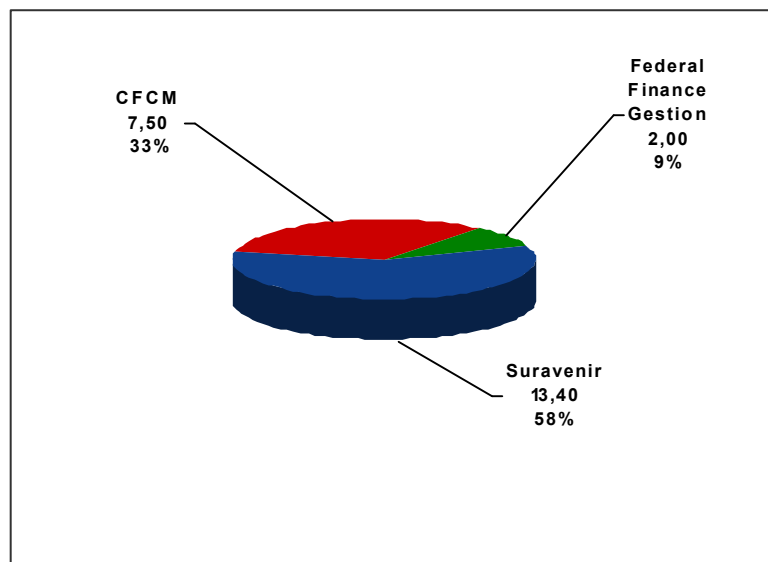

The department is made up of a team of credit analysts who prepare documented opinions on the credit quality of the counterparties of CFCM Group and its subsidiaries.

The Compagnie Financière du Crédit Mutuel Ongoing Controls Department carries out second-level controls. Furthermore, Caisse Interfédérale du Crédit Mutuel is responsible for consolidating the Arkéa Group's exposures, as well as controlling them.

This system of limits and controls is applied to each structure within the CFCM Group and its subsidiaries that operates on the capital markets, whether in a proprietary trading role (CFCM) or on behalf of a third party (Federal Finance Gestion, and Federal Finance Gestion for Suravenir).

The total bond and money market portfolio of the CFCM Group and its subsidiaries amounted to 23 billion euros on 31 December 2006, which may be broken down in the following manner:

Assets under management broken down by structure (in billions of euros)

The portfolio of the CFCM Group and its subsidiaries has a quality internal rating, which has been stable at B+ for the past two years. This resilience is related to the preponderance in the portfolio of the banking sector, which has witnessed numerous upgradings of ratings and a decrease in the weighting of less well-ranked counterparties. At 31 December 2006, CFCM and its subsidiaries no longer held any holdings with a speculative rating (D+, D- or E+).

The concentration of exposure to the best credit risks reflects the Group's desire to remain conservative and actively manage its risk, with 68.5% of its exposures to issuers rated A+ or A-. Overall, at 31 December 2006, the portfolio presents a satisfactory degree of risk diversification by rating category.

Breakdown by rating

From a geographical standpoint, most counterparties are located in Western Europe (88% of total outstandings), and especially so in France (49%). The CFCM Group invests above all in the banking sector (52% of outstandings), where the average internal credit rating in the portfolio is B+, a satisfactory level of quality. The average internal rating of the corporates portfolio comes in slightly lower, at B- (12% of the total portfolio).

1.3 Intermediary risk

Every year, the CFCM Capital Markets Counterparty Credit Committee establishes a list of intermediaries with which Arkéa Group companies are authorized to enter into financial market transactions. This list is submitted to the Board of Directors of the CFCM for approval. The Middle Office Department performs periodic controls and has set in place an internal rating system to assess the quality of all intermediaries on the basis of financial and qualitative criteria.

1.4 Market risks

All capital markets activities are carried out under the terms of a precise set of regulatory guidelines established by the Comité Consultatif de la Législation et de la Réglementation Financière (CCLRF), ex CRBF, and the French Financial Markets Authority (the *Autorité des marchés financiers*, the "AMF").

In accordance with regulations, the CFCM Group's capital markets activities are subject to a system of credit limits. These limits are reviewed and approved at least once per year by the Board of Directors of CFCM in order to take account of all changes in the business.

Market risk controls are revised continuously in order to enhance the risk management system and guarantee that controls are performed independently of all operating structures.

Following the recommendations of the Ongoing Controls Committee, the Board of Directors of CFCM establishes exposure limits by type of activity (interest rate, credit, foreign exchanges and market/equities) and makes the primary choices regarding market risk.

The limits established by CFCM comply with the overall guidelines established by the Board of Directors of CICM.

CFCM's capital markets exposure limits include principally:

1- Limits for the following activities:

- Funding activity
- CFCM's proprietary trading activities:
 - ALM (interest rates, credit, equities);
 - Derivatives;
 - Foreign exchange.
- Customer activity
- Proprietary trading on behalf of CFCM subsidiaries

2- Limits concerning individual transactions:

- Authorized transactions
- Limits on sensitivity risk
- Limits on value at risk
- Limits on the use of shareholders' equity

The Middle Office and the Ongoing Controls Department have primary responsibility for performing controls on the monitoring of market risk within CFCM.

Independently of the Front Office, the Middle Office Department calculates CFCM's capital markets positions and verifies that all limits are complied with. A daily report of the positions managed by the Front Office is prepared for the CFCM and Group senior management bodies. Ongoing controls are provided by the operating departments and by the Ongoing Controls Department.

Within CICM, the Risk Management Department is responsible for consolidating and analyzing the Group's market risk, and for validating the principal methods used to monitor and calculate the shareholders' equity required to cover capital markets activities (CAD and VaR). Moreover, the Group Arkéa General Inspection Department occasionally carries out specific audits established as part of periodic controls.

The shareholders' equity required to cover credit and market risks is calculated in accordance with the standard approach called for by the Capital Adequacy Directive (CAD).

The shareholders' equity required to cover the portfolios managed by the Front Office amounted to 219.0 million euros at 31 December 2006, essentially on credit risk (201.8 million euros) as was the case in 2005. General risk amounted to 17.2 million euros, 16.3 million of which were on interest rate instruments. The increase observed in 2006 reflects both the growth of the activity and the redefinition of the profile of the trading portfolio subsequent to the adoption of IFRS.

In addition to these two methods for measuring current risk, crisis scenarios are also developed for the interest rate, equity, foreign exchange and credit markets. The table below presents details of the shocks to the principle risk factors and their impact in terms of unrealized losses.

in € millions		2006
Crisis scenarios		
Interest rate risk:	Uniform 100 bp increase over one quarter	11.5
Market risk ¹ :	20% drop in equity prices	42.3
Currency risk:	10% unfavorable movement in currency rates	0.4
Credit risk:	20 bp increase in credit spreads on financial institutions	30.7
	100 bp increase in credit spreads on corporates	€4.4 million
	9% decrease in the mark to market on CDOs	37.3
¹ Including all derivative positions expressed as equivalent shares.		

After IFRS were adopted, the calculation of crisis scenarios for the interest rate, equities and credit activities was extended to encompass the entire scope of the Front Office. In 2005, only the trading portfolio had been included. Moreover, the assumptions used were expanded in 2006, especially as concerns the CDO activity.

As in previous years, given the complexity of the products used, the capital requirements, VaR and crisis scenarios for investments in structured interest rate and equity products were all measured conservatively.

2. RISK FACTORS RELATING TO THE NOTES

2.1 The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the relevant Notes and the information contained in this Base Prospectus or any applicable supplement to this Base Prospectus;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact the relevant Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

2.2 Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of such Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Index Linked Notes and Dual Currency Notes

The Issuer may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or other factors (each, a "**Relevant Factor**"). In addition, the Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

- (i) the market price of such Notes may be volatile;
- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time or in a different currency than expected;
- (iv) the amount of principal payable at redemption may be less than the nominal amount of such Notes or even zero;
- (v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (vi) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable likely will be magnified; and
- (vii) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

Partly-paid Notes

The Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing some or all of his investment.

Variable rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Notes

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate. The market values of such Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of such Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

The Issuer's obligations under Subordinated Notes are subordinated

The Issuer's obligations under Subordinated Notes will be unsecured and subordinated and will rank junior in priority to the claims of unsubordinated creditors. Although Subordinated Notes may pay a higher rate of interest than comparable Notes which are not subordinated, there is a real risk that an investor in Subordinated Notes will lose all or some of his investment in the event of voluntary liquidation or judicial liquidation (*liquidation judiciaire*) of the Issuer.

Notes issued under the Programme may be Undated Subordinated Notes

Undated Subordinated Notes have no fixed redemption or maturity date. Nevertheless, the Notes may, in certain circumstances, be redeemed in whole or in part for certain tax reasons or in other circumstances as specified in the Final Terms, at the option of the Issuer, in each case subject to the prior approval of the SGCB.

2.3 Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

Modification of the Conditions

The Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *masse*, as defined in Condition 11, and a General Meeting can be held. The Terms and Conditions permit in certain cases defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant General Meeting and Noteholders who voted in a manner contrary to the majority. The General Meeting may deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, as more fully described in Condition 11.

Change of law

The Terms and Conditions of the Notes are based on French law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to French law or administrative practice after the date of this Base Prospectus.

2.4 Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have an adverse effect on the market value of Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

SUPPLEMENT TO THE BASE PROSPECTUS

In connection with Notes traded on a Regulated Market and/ or offered to the public in Luxembourg and/ or in any other Member State of the European Economic Area, if at any time during the duration of the Programme there is a significant change affecting any matter contained in this Base Prospectus, including any modification of the terms and conditions or generally any significant new factor, material mistake or inaccuracy relating to information, included in this Base Prospectus which is capable of affecting the assessment of any Notes, which inclusion would reasonably be required by investors, and would reasonably be expected by them to be found in this Base Prospectus, for the purpose of making an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer and the Group and the rights attaching to the Notes, the Issuer shall prepare a supplement to the Base Prospectus in accordance with Article 16 of the Prospectus Directive or publish a replacement Base Prospectus for use in connection with any subsequent offering of the Notes, submit such supplement to the Base Prospectus to the *Commission de Surveillance du Secteur Financier* in Luxembourg for approval and supply each Dealer, the Luxembourg Stock Exchange and the *Commission de Surveillance du Secteur Financier* in Luxembourg with such number of copies of such supplement to the Base Prospectus as may reasonably be requested.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion and amendment and as supplemented or varied in accordance with the provisions of the relevant Final Terms, shall be applicable to the Notes. In the case of Dematerialised Notes, the text of the terms and conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed, amended, supplemented or varied by the relevant Final Terms. In the case of Materialised Notes, either (i) the full text of these terms and conditions together with the relevant provisions of the Final Terms (and subject to simplification by the deletion of non-applicable provisions) or (ii) these terms and conditions as so completed, amended, supplemented or varied, shall be endorsed on Definitive Materialised Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. References in the Conditions to "Notes" are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

The Notes are issued by Compagnie Financière du Crédit Mutuel (the "**Issuer**") in series (each a "**Series**") having one or more issue dates and on terms otherwise identical (or identical save as to the first payment of interest), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each a "**Tranche**") on the same or different issue dates. The specific terms of each Tranche (including, without limitation, the aggregate nominal amount, issue price, redemption price thereof, and interest, if any, payable thereunder and supplemented, where necessary, with supplemental terms and conditions which, save in respect of the issue date, issue price, first payment of interest and nominal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be determined by the Issuer and the relevant Dealer(s) at the time of the issue and will be set out in the final terms of such Tranche (the "**Final Terms**").

The Notes are issued with the benefit of an amended and restated agency agreement dated 13 July 2007 (the "**Agency Agreement**") between the Issuer, Fortis Banque Luxembourg SA as fiscal agent and principal paying agent and the other agents named therein. The fiscal agent, the paying agents and the calculation agent(s) for the time being (if any) are referred to below respectively as the "**Fiscal Agent**", the "**Paying Agents**" (which expression shall include the Fiscal Agent) and the "**Calculation Agent(s)**". The holders of the interest coupons (the "**Coupons**") relating to interest bearing Materialised Notes and, where applicable in the case of such Notes, talons (the "**Talons**") for further Coupons and the holders of the receipts for the payment of instalments of principal (the "**Receipts**") relating to Materialised Notes of which the principal is redeemable in instalments are respectively referred to below as the "**Couponholders**" and the "**Receiptholders**".

References below to "**Conditions**" are, unless the context requires otherwise, to the numbered paragraphs below.

1. Form, Denomination, Title and Redenomination

(a) Form

Notes may be issued either in dematerialised form ("**Dematerialised Notes**") or in materialised form ("**Materialised Notes**"), as specified in the relevant Final Terms.

- (i) Title to Dematerialised Notes will be evidenced in accordance with Article L.211-4 of the French *Code monétaire et financier* by book entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Dematerialised Notes.

Dematerialised Notes are issued, at the option of the Issuer, in either bearer form (*au porteur*), which will be inscribed in the books of Euroclear France (acting as central depositary) which shall credit the accounts of the Account Holders, or in registered form (*au nominatif*) and, in such latter case, at the option of the relevant holder in either administered registered form (*nominatif administré*) inscribed in the books of an Account Holder designated by the relevant holder of Notes or in fully registered form (*au nominatif pur*) inscribed in an account maintained by the Issuer or a registration agent (designated in the relevant Final Terms) acting on behalf of the Issuer (the "**Registration Agent**").

For the purpose of these Conditions, "**Account Holder**" means any authorised financial intermediary institution entitled to hold accounts, directly or indirectly, with Euroclear France, and includes Euroclear Bank S.A./N.V. ("**Euroclear**") and the depositary bank for Clearstream Banking, société anonyme ("**Clearstream, Luxembourg**").

- (ii) Materialised Notes are issued in bearer form only. Materialised Notes in definitive form ("**Definitive Materialised Notes**") are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Instalment Notes are issued with one or more Receipts attached.

In accordance with Article L.211-4 of the French Code monétaire et financier, securities (such as Notes constituting obligations under French law) in materialised form and governed by French law must be issued outside the French territory.

The Notes may be "**Fixed Rate Notes**", "**Floating Rate Notes**", "**Zero Coupon Notes**", "**Index Linked Notes**", "**Dual Currency Notes**" or a combination of any of the foregoing, depending on the Interest Basis and the redemption method specified in the relevant Final Terms.

(b) Denomination

Notes shall be issued in the specified denomination(s) set out in the relevant Final Terms (the "**Specified Denomination(s)**"), save that all Notes which are to be listed on a regulated market (within the meaning of Directive 2004/39/EC of the European Parliament and of the Council, each such market being a "**Regulated Market**") within the European Economic Area ("**EEA**") or offered to the public in a Member State of the EEA in circumstances which require the publication of a prospectus under the Directive 2003/71/EC of the European Parliament and of the Council of 4 November 2003 (the "**Prospectus Directive**") shall have a minimum denomination of €1,000 (or its equivalent in any other currency) or such higher amount as may be allowed or required from time to time by the relevant monetary authority or any laws or regulations applicable to the relevant Specified Currency.

Dematerialised Notes shall be issued in one Specified Denomination only.

(c) Title

- (i) Title to Dematerialised Notes in bearer form (*au porteur*) and in administered registered form (*au nominatif administré*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of the Account Holders. Title to Dematerialised Notes in fully registered form (*au nominatif pur*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts maintained by the Issuer or by the Registration Agent.
- (ii) Title to Definitive Materialised Notes, including, where appropriate, Receipt(s), Coupons and/or a Talon attached, shall pass by delivery.
- (iii) Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Note (as defined below), Coupon, Receipt or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.
- (iv) In these Conditions,

"**Noteholder**" or, as the case may be, "**holder of any Note**" means (a) in the case of Dematerialised Notes, the individual or entity whose name appears in the account of the relevant Account Holder, the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes and (b) in the case of Definitive Materialised Notes, the bearer of any Definitive Materialised Note and the Coupons, Receipts or Talons relating to it.

Capitalised terms have the meanings given to them in the relevant Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

(d) Redenomination

- (i) The Issuer may (if so specified in the relevant Final Terms), on any date, without the consent of the

holder of any Note, Coupon, Receipt or Talon, by giving at least 30 days' notice in accordance with Condition 13 and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community (the "EC", as amended from time to time (the "**Treaty**")) or events have occurred which have substantially the same effects (in either case, "**EMU**"), redenominate all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the "**Redenomination Date**".

- (ii) Unless otherwise specified in the relevant Final Terms, the redenomination of the Notes pursuant to Condition 1(d)(i) shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to Article 123(4) of the Treaty and rounding the resulting figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to holders of Notes in accordance with Condition 13. Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment will be payable in Euros on the Redenomination Date in the manner notified to holders of Notes by the Issuer.
- (iii) Upon redenomination of the Notes, any reference hereon to the relevant national currency shall be construed as a reference to Euro.
- (iv) Unless otherwise specified in the relevant Final Terms, the Issuer may, with the prior approval of the Fiscal Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 14, without the consent of the holder of any Note, Receipt, Coupon or Talon, make any changes or additions to these Conditions or Condition 14 (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated Euromarket debt obligations and which it believes are not prejudicial to the interests of such holders. Any such changes or additions shall, in the absence of manifest error, be binding on the holders of Notes, Receipts, Coupons and Talons and shall be notified to holders of Notes in accordance with Condition 15 as soon as practicable thereafter.
- (v) Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note, Receipt, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euros or any currency conversion or rounding effected in connection therewith.

2. Conversions and Exchanges of Notes

(a) Dematerialised Notes

- (i) Dematerialised Notes issued in bearer form (*au porteur*) may not be converted for Dematerialised Notes in registered form, whether in fully registered form (*au nominatif pur*) or in administered registered form, (*au nominatif administré*).
- (ii) Dematerialised Notes issued in registered form (*au nominatif*) may not be converted for Dematerialised Notes in bearer form (*au porteur*).
- (iii) Dematerialised Notes issued in fully registered form (*au nominatif pur*) may, at the option of the holder of such Notes, be converted into Notes in administered registered form (*au nominatif administré*), and *vice versa*. The exercise of any such option by such holder shall be made in accordance with Article R.211-4 of the French *Code monétaire et financier*. Any such conversion shall be effected at the cost of such holder.

(b) Materialised Notes

Materialised Notes of one Specified Denomination may not be exchanged for Materialised Notes of another Specified Denomination.

3. Status

The obligations of the Issuer under the Notes may be either unsubordinated ("**Unsubordinated Notes**") or subordinated ("**Subordinated Notes**"), as specified in the relevant Final Terms.

(a) Status of Unsubordinated Notes

The Unsubordinated Notes, and, where applicable, any relative Coupons and Receipts are direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank and will rank *pari passu* without any preference among themselves and (subject to such exceptions as are from time to time mandatory under French law) *pari passu* with all other present or future unsecured and unsubordinated obligations of the Issuer.

(b) Status of Subordinated Notes

(i) General

Subordinated Notes ("**Subordinated Notes**") comprise Ordinary Subordinated Notes, Deeply Subordinated Notes, Dated Subordinated Notes and Undated Subordinated Notes (all as defined below).

(ii) Ordinary Subordinated Notes

The principal and (if the applicable Final Terms so specify) interest on the ordinary subordinated notes ("**Ordinary Subordinated Notes**") constitute direct, unconditional, unsecured and subordinated obligations of the Issuer and rank and will rank *pari passu* among themselves and *pari passu* with all other present and future Ordinary Subordinated Notes, but in priority to the *prêts participatifs* granted to, *titres participatifs* issued by, the Issuer and Deeply Subordinated Notes.

(iii) Deeply Subordinated Notes

The principal and (if the applicable Final Terms so specify) interest on deeply subordinated notes ("**Deeply Subordinated Notes**") constitute direct, unconditional, unsecured and subordinated obligations of the Issuer and rank and will rank *pari passu* among themselves and *pari passu* with all other present and future Deeply Subordinated Notes, but behind the *prêts participatifs* granted to, *titres participatifs* issued by, the Issuer and Ordinary Subordinated Notes.

(iv) Dated Subordinated Notes

Subordinated Notes (which terms, for the avoidance of doubt, include both Ordinary Subordinated Notes and Deeply Subordinated Notes) may have a specified maturity date ("**Dated Subordinated Notes**"). Unless otherwise specified in the relevant Final Terms, payments of interest relating to Dated Subordinated Notes constitute obligations which rank equally with the obligations of the Issuer in respect of Unsubordinated Notes issued by the Issuer in accordance with Condition 3(a).

(v) Undated Subordinated Notes

Subordinated Notes (which terms, for the avoidance of doubt, include both Ordinary Subordinated Notes and Deeply Subordinated Notes) may not have a specified maturity date ("**Undated Subordinated Notes**"). Unless otherwise specified in the relevant Final Terms, payments of interest relating to Undated Subordinated Notes, to the extent such payments may be deferred, will be deferred in accordance with the provisions of Condition 5(h).

(vi) Payment of Subordinated Notes in the event of the liquidation of the Issuer

If any judgement is rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason, the payments of the creditors of the Issuer shall be made in the following order of priority (in each case subject to the payment in full of priority creditors):

- (a) unsubordinated creditors of the Issuer
- (b) holders of Ordinary Subordinated Notes
- (c) lenders in relation to *prêts participatifs* granted to the Issuer
- (d) holders of *titres participatifs* issued by the Issuer, and
- (e) holders of Deeply Subordinated Notes.

In the event of incomplete payment of unsubordinated creditors the obligations of the Issuer in connection with Ordinary Subordinated Notes shall be terminated (then subsequently the lenders in relation to *prêts participatifs*, holders of *titres participatifs* and holders of Deeply Subordinated Notes). The holders of Subordinated Notes shall take all steps necessary for the orderly accomplishment of any collective proceedings or voluntary liquidation.

(vii) Capital Adequacy

The relevant Final Terms may provide for additions or variations to the Conditions applicable to the Subordinated Notes for the purposes of, *inter alia*, enabling the proceeds of the issue of such Subordinated Notes to count as (i) *fonds propres de base* (in which case such Subordinated Notes will need to be undated Deeply Subordinated Notes) within the meaning of Article 2 of *Règlement* no. 90-02 dated 23 February 1990, as amended, of the *Comité de la réglementation bancaire et financière* (the "**CRBF Regulation**") or recognised as such by the *Secrétariat général de la Commission bancaire* ("**SGCB**") ("**Tier 1 Capital**") or (ii) *fonds propres complémentaires* within the meaning of Article 4 (c) of the CRBF Regulation ("**Upper Tier 2 Capital**"); or (iii) *fonds propres complémentaires* within the meaning of Article 4 (d) of the CRBF Regulation ("**Lower Tier 2 Capital**", and, together with Upper Tier 2 Capital, "**Tier 2 Capital**") or (iv) *fonds propres surcomplémentaires* within the meaning of Article 5 *ter* III of the CRBF Regulation ("**Tier 3 Capital**"), if such Regulation is applicable.

The CRBF Regulation should be read in conjunction with the press release of the Bank for International Settlements dated October 27, 1998 concerning instruments eligible for inclusion in Tier 1 Capital (the "**BIS Press Release**"). The French language version of the BIS Press Release is attached as an exhibit to the report published annually by the SGCB entitled "*Modalités de calcul du ratio international de solvabilité*".

4. Negative Pledge

So long as any of the Unsubordinated Notes or, if applicable, any Receipts or Coupons relating to them, is outstanding (as defined below), the Issuer will not create or permit to subsist any mortgage, charge, pledge or other form of security interest (*sûreté réelle*) upon any of its assets or revenues, present or future, to secure any Relevant Indebtedness (as defined below) or any guarantee or indemnity in respect of any Relevant Indebtedness unless, at the same time or prior thereto, the Issuer's obligations under the Notes, and, if applicable, Receipts or Coupons relating to them, are equally and rateably secured therewith.

For the purposes of these Conditions:

"**outstanding**" means, in relation to Unsubordinated Notes of any Series, all the Notes issued other than (a) those that have been redeemed in accordance with these Conditions, (b) those in respect of which the date for redemption has occurred and the redemption moneys (including all interest accrued on such Notes to the date for such redemption, Arrears of Interest, as the case may be, and any interest payable after such date) have been duly paid as provided in Condition 7, (c) those which have become void or in respect of which claims have become prescribed, (d) those which have been purchased and cancelled as provided in the Conditions, (e) in the case of Definitive Materialised Notes (i) those mutilated or defaced Definitive Materialised Notes that have been surrendered in exchange for replacement Definitive Materialised Notes,

(ii) (for the purpose only of determining how many such Definitive Materialised Notes are outstanding and without prejudice to their status for any other purpose) those Definitive Materialised Notes alleged to have been lost, stolen or destroyed and in respect of which replacement Definitive Materialised Notes have been issued and (iii) any Temporary Global Certificate to the extent that it shall have been exchanged for one or more Definitive Materialised Notes, pursuant to its provisions.

"Relevant Indebtedness" means any present or future indebtedness for borrowed money in the form of, or represented by, bonds (*obligations*) or other securities which are for the time being, or capable of being, quoted, listed, or ordinarily dealt in on any regulated stock exchange, over-the counter market or other securities market (and includes *Titres de Créance Négociables* governed by Articles L.213-1 to L.213-4 of the French *Code monétaire et financier*).

5. Interest and other Calculations

(a) Definitions

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

"Benchmark" means the reference rate as set out in the relevant Final Terms.

"Business Day" means:

- (i) in the case of Euro, a day on which the Trans European Automated Real Time Gross Settlement Express Transfer or any successor thereto (the **"TARGET System"**) is operating (a **"TARGET Business Day"**), and/or
- (ii) in the case of a Specified Currency other than euro, a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments in the principal financial centre for that currency, and/or
- (iii) in the case of a Specified Currency and/or one or more additional business centre(s) specified in the relevant Final Terms (the **"Business Centre(s)"**), a day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets settle payments in such currency in the Business Centre(s) or, if no currency is indicated, generally in each of the Business Centres so specified.

"Day Count Fraction" means, in respect of the calculation of an amount of interest on any Note for any period of time (from and including the first day of such period to but excluding the last) (whether or not constituting an Interest Period, the **"Calculation Period"**):

- (i) if **"Actual/365"**, **"Actual/365-FBF"** or **"Actual/Actual-ISDA"** is specified in the relevant Final Terms, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365).
- (ii) if **"Actual/Actual-ICMA"** is specified in the relevant Final Terms:
 - (A) if the Calculation Period is equal to or shorter than the Determination Period during which it falls, the number of days in the Calculation Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Periods normally ending in any year; and
 - (B) if the Calculation Period is longer than one Determination Period, the sum of:
 - (x) the number of days in such Calculation Period falling in the Determination Period in which it begins divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year; and

- (y) the number of days in such Calculation Period falling in the next Determination Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year,

in each case, where

"Determination Period" means the period from and including a Determination Date in any year to but excluding the next Determination Date and

"Determination Date" means the date specified in the relevant Final Terms or, if none is so specified, the Interest Payment Date.

- (iii) if **"Actual/Actual-FBF"** is specified in the relevant Final Terms, the fraction whose numerator is the actual number of days elapsed during such period and whose denominator is 365 (or 366 if 29 February falls within the Calculation Period). If the Calculation Period is of a duration of more than one year, the basis shall be calculated as follows:
- the number of complete years shall be counted back from the last day of the Calculation Period;
 - this number shall be increased by the fraction for the relevant period calculated as set out in the first paragraph of this definition.
- (iv) if **"Actual/365 (Fixed)"** is specified in the relevant Final Terms, the actual number of days in the Calculation Period divided by 365.
- (v) if **"Actual/360"** is specified in the relevant Final Terms, the actual number of days in the Calculation Period divided by 360.
- (vi) if **"30/360"**, **"360/360"** or **"Bond Basis"** is specified in the relevant Final Terms, the number of days in the Calculation Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months (unless (a) the last day of the Calculation Period is the 31st day of a month but the first day of the Calculation Period is a day other than the 30th or 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month, or (b) the last day of the Calculation Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month)).
- (vii) if **"30/360-FBF"** or **"Actual 30A/360 (American Bond Basis)"** is specified in the relevant Final Terms, in respect of each Calculation Period, the fraction whose denominator is 360 and whose numerator is the number of days calculated as for 30E/360-FBF, subject to the following exception:

where the last day of the Calculation Period is the 31st and the first day is neither the 30th nor the 31st, the last month of the Calculation Period shall be deemed to be a month of 31 days.

Using the same abbreviations as for 30E/360-FBF the fraction is:

If $dd2 = 31$ and $dd1 \neq (30, 31)$

then :

$$\frac{1}{360} \times [(yy2 - yy1) \times 360 + (mm2 - mm1) \times 30 + (dd2 - dd1)]$$

or

$$\frac{1}{360} \times [(yy2 - yy1) \times 360 + (mm2 - mm1) \times 30 + \text{Min}(dd2, 30) - \text{Min}(dd1, 30)].$$

not be considered to be lengthened to a 30-day month).

- (ix) if "**30E/360-FBF**" is specified in the relevant Final Terms, in respect of each Calculation Period, the fraction whose denominator is 360 and whose numerator is the number of days elapsed during such period, calculated on the basis of a year comprising 12 months of 30 days, subject to the following the exception:

if the last day of the Calculation Period is the last day of the month of February, the number of days elapsed during such month shall be the actual number of days.

Where:

D1 (dd1, mm1, yy1) is the date of the beginning of the period

D2 (dd2, mm2, yy2) is the date of the end of the period

The fraction is :

$$\frac{1}{360} \times [(yy2 - yy1) \times 360 + (mm2 - mm1) \times 30 + \text{Min}(dd2, 30) - \text{Min}(dd1, 30)].$$

(b) Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date except as otherwise provided in the relevant Final Terms.

If a fixed amount of interest ("**Fixed Coupon Amount**") or a broken amount of interest ("**Broken Amount**") is specified in the relevant Final Terms, the amount of interest payable on each Interest Payment Date will amount to the Fixed Coupon Amount or, if applicable, the Broken Amount so specified and in the case of the Broken Amount will be payable on the particular Interest Payment Date(s) specified in the relevant Final Terms.

(c) Interest on Floating Rate Notes and Index Linked Notes

(i) *Interest Payment Dates:* Each Floating Rate Note and Index Linked Interest Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrears on each Interest Payment Date. Such Interest Payment Date(s) is/are either shown in the relevant Final

Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period shown in the relevant Final Terms as the Specified Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

- (ii) *Business Day Convention:* If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day. Notwithstanding the foregoing, where the applicable Final Terms specify that the relevant Business Day Convention is to be applied on an "unadjusted" basis, the Interest Amount payable on any date shall not be affected by the application of that Business Day Convention.
- (iii) *Rate of Interest for Floating Rate Notes:* The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in (i) the relevant Final Terms and/or (ii) the provisions below relating to either FBF Determination or Screen Rate Determination, depending upon which is specified in the relevant Final Terms.

(A) FBF Determination for Floating Rate Notes

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Agent as a rate equal to the relevant FBF Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), "**FBF Rate**" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Agent under a notional interest rate swap transaction (*Echange*) in the relevant Specified Currency governed by the 2001 FBF Master Agreement (*convention cadre FBF*) relating to transactions on forward financial instruments (formerly 1994 AFB Master Agreement for Foreign Exchange and Derivatives Transactions), as supplemented by the then applicable Interest and Currency Technical Annex (*Echange de conditions d'Intérêt ou de Devises - Additif Technique*) published by the *Association Française des Banques* or the *Fédération Bancaire Française* (the "**FBF Definitions**") and under which:

- (a) the Floating Rate is as specified in the relevant Final Terms and
- (b) the Floating Rate Determination Date is as specified in the relevant Final Terms

For the purposes of this sub-paragraph (A), "**Floating Rate**", "**Agent**" and "**Floating Rate Determination Date**" are translations of the French terms "*Taux Variable*", "*Agent*" and "*Date de Détermination du Taux Variable*", respectively, which have the meanings given to those terms in the FBF Definitions.

(B) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent at or about the Relevant Time on the Interest Determination Date in respect of such Interest Accrual Period in accordance with the following:

- (a) if the Primary Source for Floating Rate is a Page, subject as provided below, the Rate of Interest shall be:

- (i) the Relevant Rate (where such Relevant Rate on such Page is a composite quotation or is customarily supplied by one entity) or
- (ii) the arithmetic mean of the Relevant Rates of the persons whose Relevant Rates appear on that Page,

in each case appearing on such Page at the Relevant Time on the Interest Determination Date as disclosed in the relevant Final Terms, plus or minus (as indicated in the relevant Final Terms) the Margin (if any).

- (b) if the Primary Source for the Floating Rate is Reference Banks or if sub-paragraph (a)(i) applies and no Relevant Rate appears on the Page at the Relevant Time on the Interest Determination Date or if sub-paragraph (a)(ii) applies and fewer than two Relevant Rates appear on the Page at the Relevant Time on the Interest Determination Date, subject as provided below, the Rate of Interest shall be the arithmetic mean of the Relevant Rates that each of the Reference Banks is quoting to leading banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date, as determined by the Calculation Agent, plus or minus (as indicated in the relevant Final Terms) the Margin (if any), and
- (c) if paragraph (b) above applies and the Calculation Agent determines that fewer than two Reference Banks are so quoting Relevant Rates, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) that the Calculation Agent determines to be the rates (being the nearest equivalent to the Benchmark) in respect of a Representative Amount of the Specified Currency that at least two out of five leading banks selected by the Calculation Agent in the principal financial centre of the country of the Specified Currency or, if the Specified Currency is Euro, in the Euro-zone as selected by the Calculation Agent (the "**Principal Financial Centre**") are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration (I) to leading banks carrying on business in Europe, or (if the Calculation Agent determines that fewer than two of such banks are so quoting to leading banks in Europe) (II) to leading banks carrying on business in the Principal Financial Centre; except that, if fewer than two of such banks are so quoting to leading banks in the Principal Financial Centre, the Rate of Interest shall be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for any difference between any Margin, Rate Multiplier or Maximum or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period).
- (iv) *Rate of Interest for Index Linked Notes:* The Rate of Interest in respect of Index Linked Notes for each Interest Accrual Period shall be determined in the manner specified in the relevant Final Terms and interest will accrue by reference to an Index or Formula as specified in the relevant Final Terms.

(d) Zero Coupon Notes

Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date pursuant to an Issuer's Option or, if so specified in the relevant Final Terms, pursuant to Condition 6(e) or otherwise and is not paid when due, the amount due and payable prior to the Maturity Date shall, unless otherwise provided in the relevant Final Terms, be the Early Redemption Amount. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(e)(i)).

(e) Dual Currency Notes

In the case of Dual Currency Notes, if the rate or amount of interest falls to be determined by reference to a Rate of Exchange or a method of calculating a Rate of Exchange, the rate or amount of interest payable shall be determined in the manner specified in the relevant Final Terms.

(f) Partly Paid Notes

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will

accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the relevant Final Terms.

(g) Accrual of Interest

Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgement) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date.

(h) Deferral of interest

Payment of interest on Undated Subordinated Notes may be postponed in accordance with applicable French banking laws and regulations and, in particular, Article 4(c) of Regulation no. 90-02 dated 23 February 1990 of the CRBF, as amended from time to time.

In the case of Undated Subordinated Notes, interest shall be payable on each Compulsory Interest Payment Date (as defined below) in respect of the interest accrued in the Interest Period ending on the day immediately preceding such date. On any Optional Interest Payment Date (as defined below) there may be paid (if the Issuer so elects) the interest accrued in the Interest Period ending on the day immediately preceding such date but the Issuer shall not have any obligation to make such payment. Notice of any Optional Interest Payment Date shall be given to the Noteholders in accordance with Condition 15 and to the Regulated Market(s) of the EEA on which the Notes are listed, as the case may be. Such notice shall be given at least seven days prior to the relevant Optional Interest Payment Date(s). Any interest normally due on an Optional Interest Payment Date but deferred by a resolution of the Board of Directors of the Issuer shall, so long as the same remains unpaid, constitute "**Arrears of Interest**" which term shall include interest on such unpaid interest as referred to below. Arrears of Interest may, at the option of the Issuer, be paid in whole or in part at any time upon the expiration of not less than seven days' notice to such effect given to the Noteholders in accordance with Condition 15 but all Arrears of Interest on all Undated Subordinated Notes outstanding shall become due in full on whichever is the earliest of:

- (i) the Interest Payment Date immediately following the first *Assemblée Générale Ordinaire* of the shareholders of the Issuer noticing distributable earnings;
- (ii) the commencement of a liquidation or dissolution of the Issuer; and
- (iii) any redemption date under the relevant Notes.

If notice is given by the Issuer of its intention to pay the whole or part of Arrears of Interest, the Issuer shall be obliged to do so upon the expiration of such notice. When Arrears of Interest are paid in part, each such payment shall be applied in or towards satisfaction of the full amount of the Arrears of Interest accrued in respect of the earliest Interest Period in respect of which Arrears of Interest have accrued and have not been paid in full. Arrears of Interest shall (to the extent permitted by law) bear interest accruing (but only, in accordance with Article 1154 of the French *Code civil*, after such interest has accrued for a period of one year) and compounding on the basis of the exact number of days which have elapsed at the prevailing rate of interest on the Undated Subordinated Notes in respect of each relevant Interest Period. For these purposes the following expressions have the following meanings:

"**Compulsory Interest Payment Date**" means any Interest Payment Date unless the *Assemblée Générale Ordinaire* of the shareholders of the Issuer approving the annual accounts of the Issuer for the fiscal year then ended has noticed before the Interest Payment Date the absence of distributable earnings.

"**Optional Interest Payment Date**" means any Interest Payment Date, as the case may be, other than a Compulsory Interest Payment Date.

It is expected that, in the case of Undated Deeply Subordinated Notes the proceeds of which count as Tier 1 Capital, interest not paid on an Optional Interest Payment Date shall be lost. It is also expected that, in the case of Undated Subordinated Notes the proceeds of which count as Tier 2 Capital, interest not paid on an Optional Interest Payment Date shall constitute Arrears of Interest.

(i) Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts and

Rounding:

- (a) If any Margin is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (c) above by adding (if a positive number) or subtracting (if a negative number) the absolute value of such Margin, subject always to the next paragraph.
- (b) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
- (c) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (w) if FBF Determination is specified in the relevant Final Terms, all percentages resulting from such calculations shall be rounded, if necessary, to the nearest ten-thousandth of a percentage point (with halves being rounded up), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest fifth decimal (with halves being rounded up), (y) all figures shall be rounded to seven figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes "**unit**" means the lowest amount of such currency that is available as legal tender in the country of such currency.

(j) Calculations

The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount (or a formula for its calculation) is specified in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

(k) Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and Instalment Amounts

The Calculation Agent shall, as soon as practicable on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the holders of Notes, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a Regulated Market of the EEA and the rules of such Regulated Market so require, such Regulated Market as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such Regulated Market of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 4(c)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(I) Calculation Agent and Reference Banks

The Issuer shall procure that there shall at all times be four Reference Banks (or such other number as may be required) with offices in the Relevant Financial Centre and one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding (as defined above). If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer shall appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Paris or Luxembourg office, as appropriate, or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

6. Redemption, Purchase and Options**(a) Final Redemption**

Unless previously redeemed, purchased and cancelled as provided below or in accordance with Condition 6(c) or Condition 6(d), each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount) or, in the case of a Note falling within Condition 6(b) below, its final Instalment Amount. Subordinated Notes the proceeds of which constitute Tier 1 Capital or Upper Tier 2 Capital shall be Undated Subordinated Notes. The Maturity Date, in relation to Subordinated Notes the proceeds of which constitute Lower Tier 2 Capital, will not be less than five years from the Issue Date and where the proceeds constitute Tier 3 Capital, will not be less than two years from the Issue Date.

(b) Redemption by Instalments

Unless previously redeemed, purchased and cancelled as provided in this Condition 6, each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified in the relevant Final Terms. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused (i) in the case of Dematerialised Notes, on the due date for such payment or (ii) in the case of Materialised Notes, on presentation of the related Receipt, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount. The first Instalment Date, in relation to Dated Subordinated Notes the proceeds of which constitute Lower Tier 2 Capital, will not be less than five years from the Issue Date and where the proceeds constitute Tier 3 Capital, will not be less than two years from the Issue Date.

(c) Redemption at the Option of the Issuer and Partial Redemption

If a Call Option is specified in the relevant Final Terms, the Issuer may, subject to the prior approval of the SGCB in the case of Subordinated Notes the proceeds of which constitute Tier 1 Capital, Upper Tier 2 Capital, Lower Tier 2 Capital or Tier 3 Capital and subject to compliance by the Issuer of all the relevant laws, regulations and directives and on giving not less than 15 nor more than 30 days' irrevocable notice in accordance with Condition 15 to the holders of Notes (or such other notice period as may be specified in the relevant Final Terms) redeem all or, if so provided, some, of the Notes on any Optional Redemption Date. The Optional Redemption Date in relation to Subordinated Notes the proceeds of which constitute Lower Tier 2 Capital will not be less than five years from the Issue Date and, when the proceeds constitute Tier 3 Capital, will not be less than two years from the Issue Date. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption

(including, where applicable, any Arrears of Interest), if any. Any such redemption must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed as specified in the relevant Final Terms and no greater than the Maximum Redemption Amount to be redeemed as specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption, the notice to holders of such Materialised Notes shall also contain the numbers of the Definitive Materialised Notes to be redeemed, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and Regulated Market requirements.

In the case of a partial redemption of Dematerialised Notes, the redemption may be effected, at the option of the Issuer, either (i) by reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed or (ii) by redeeming in full some only of such Dematerialised Notes and, in such latter case, the choice between those Dematerialised Notes that will be fully redeemed and those Dematerialised Notes of any Series that will not be redeemed shall be made in accordance with Article R.213-16 of the French *Code monétaire et financier* and the provisions of the relevant Final Terms, subject to compliance with any other applicable laws and Regulated Market requirements.

So long as the Notes are listed on the Luxembourg Stock Exchange and traded on the Regulated Market of the Luxembourg Stock Exchange and the rules thereof so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published either on the website of the Luxembourg Stock Exchange (www.bourse.lu) or in a leading newspaper of general circulation in Luxembourg a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes a list of any Materialised Notes, drawn for redemption but not surrendered.

(d) Redemption at the Option of Noteholders

If a Put Option is specified in the relevant Final Terms and provided that the relevant Note is not a Subordinated Note the proceeds of which constitute Tier 1 Capital, Upper Tier 2 Capital, Lower Tier 2 Capital or Tier 3 Capital, the Issuer shall, at the option of the Noteholder, upon the Noteholder giving not less than 15 nor more than 30 days' notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption including, where applicable, any Arrears of Interest.

To exercise such option that may be set out in the relevant final terms, the Noteholder must deposit with a Paying Agent at its specified office a duly completed option exercise notice (the "**Exercise Notice**") in the form obtained during normal business hours from any Paying Agent or the Registration Agent, as the case may be, within the notice period. In the case of Materialised Notes, the Exercise Notice shall have attached to it the relevant Notes (together with all unmatured Receipts and Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Paying Agent with a specified office in Paris, as specified in the Exercise Notice. No option so exercised and, where applicable, no Note so deposited or transferred, may be withdrawn without the prior consent of the Issuer.

(e) Early Redemption

(i) Zero Coupon Notes

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note, the amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 6(f) or (g) or upon it becoming due and payable as provided in Condition 9 shall be the Amortised Nominal Amount (calculated as provided below) of such Note unless otherwise specified in the relevant Final Terms.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Nominal Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity

Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown in the relevant Final Terms, shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.

- (C) If the Amortised Nominal Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(f) or (g) or upon it becoming due and payable as provided in Condition 9 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Nominal Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable was the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (both before and after judgement) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(d).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction as provided in the relevant Final Terms.

(ii) *Other Notes*

The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 6(f) or (g) or upon it becoming due and payable as provided in Condition 9 shall be the Final Redemption Amount together with interest accrued to the date fixed for redemption (including, where applicable, any Arrears of Interest) unless otherwise specified in the relevant Final Terms.

(f) Redemption for Taxation Reasons:

- (i) If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay additional amounts as specified under Condition 8(b) below, the Issuer may, at its option, on any Interest Payment Date (if the Note is either a Floating Rate Note or an Index Linked Note) or at any time (if the Note is neither a Floating Rate Note or an Index Linked Note), subject to having given not more than 45 nor less than 30 days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, and, in the case of Subordinated Notes the proceeds of which constitute Tier 1 Capital, Upper Tier 2 Capital, Lower Tier 2 Capital or Tier 3 Capital, subject to the prior approval of the SGCB, redeem all, but not some only, of the Notes at their Early Redemption Amount together with, unless otherwise specified in the Final Terms, any interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest) provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and interest without withholding for French taxes.
- (ii) If the Issuer would, on the next payment of principal or interest in respect of the Notes, be prevented by French law from making payment to the Noteholders or, if applicable, Couponholders of the full amounts then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 8(b) below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven days' prior notice to the Noteholders in accordance with Condition 15, and, in the case of Subordinated Notes the proceeds of which constitute Tier 1 Capital, Upper Tier 2 Capital, Lower Tier 2 Capital or Tier 3 Capital, subject to the prior approval of the SGCB, redeem all, but not some only, of the Notes then outstanding at their Early Redemption Amount together with, unless otherwise specified in the Final Terms, any interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest) on (A) the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes, provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice of Noteholders shall be the later of (i) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes and (ii) 14 days after giving notice to the Fiscal Agent

as aforesaid or (B) if so specified in the relevant Final Terms, at any time, provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date at which the Issuer could make payment of the full amount payable in respect of the Notes, or, if applicable, Receipts or Coupons or, if that date is passed, as soon as practicable thereafter.

(g) Partly Paid Notes

Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition 6 and the provisions specified in the relevant Final Terms.

(h) Purchases

The Issuer shall have the right at all times to purchase Notes (provided that, in the case of Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise (including by tender offer) at any price. In the case of Subordinated Notes the proceeds of which constitute Tier 1 Capital, Upper Tier 2 Capital, Lower Tier 2 Capital or Tier 3 Capital any such purchase will be subject to the prior approval of the SGCB (i), if made in the open market, if it relates (individually or when aggregated with any previous purchase) to more than ten per cent. of the principal amount of the Notes or (ii) if made by way of a public tender offer or public exchange offer or on the over-the-counter market.

(i) Cancellation

All Notes purchased by or on behalf of the Issuer must be cancelled, in the case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Notes, by surrendering the relevant Temporary Global Certificate or the Definitive Materialised Notes in question, together with all unmatured Receipts and Coupons and all unexchanged Talons, if applicable, to the Fiscal Agent and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Definitive Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

7. Payments and Talons

(a) Dematerialised Notes

Payments of principal and interest in respect of Dematerialised Notes shall (i) in the case of Dematerialised Notes in bearer dematerialised form or administered registered form, be made by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the holders of Notes and, (ii) in the case of Dematerialised Notes in fully registered form, to an account denominated in the relevant currency with a Bank designated by the relevant holder of Notes. All payments validly made to such Account Holders or Bank will be an effective discharge of the Issuer in respect of such payments.

(b) Definitive Materialised Notes

(i) Method of payment

Subject as provided below, payments in a Specified Currency will be made by credit or transfer to an account denominated in the relevant Specified Currency, or to which the Specified Currency may be credited or transferred (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is euro, shall be any country in the Euro-zone, and, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney or Auckland, respectively).

(ii) *Presentation and surrender of Definitive Materialised Notes, Receipts and Coupons*

Payments of principal in respect of Definitive Materialised Notes will (subject as provided below) be made in the manner provided in paragraph (a) above only against presentation and surrender (or, in the case of partial payment of any sum due, annotation) of such Notes, and payments of interest in respect of Definitive Materialised Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, annotation) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Payments of instalments of principal (if any) in respect of Definitive Materialised Notes, other than the final instalment, will (subject as provided below) be made in the manner provided in paragraph (a) above only against presentation and surrender (or, in the case of part payment of any sum due, annotation) of the relevant Receipt in accordance with the preceding paragraph. Payment of the final instalment will be made in the manner provided in paragraph (a) above only against presentation and surrender (or, in the case of part payment of any sum due, annotation) of the relevant Note in accordance with the preceding paragraph. Each Receipt must be presented for payment of the relevant instalment together with the Definitive Materialised Note to which it appertains. Receipts presented without the Definitive Materialised Note to which they appertain do not constitute valid obligations of the Issuer.

Upon the date upon which any Definitive Materialised Note becomes due and repayable, unmatured Receipts (if any) relating thereto (whether or not attached) shall become void and no payment will be made in respect thereof.

Fixed Rate Notes in definitive form (other than Dual Currency Notes or Index Linked Notes) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 10) or, if later, 5 years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Dual Currency Note, Index Linked Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof.

If the due date for redemption of any Definitive Materialised Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against presentation and surrender (if appropriate) of the relevant Definitive Materialised Note.

(c) **Payments in the United States**

Notwithstanding the foregoing, if any Materialised Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without

involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(d) Payments subject to Fiscal Laws

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives but without prejudice to Condition 8. No commission or expenses shall be charged to the holders of Notes or Couponholders in respect of such payments.

(e) Appointment of Agents

The Fiscal Agent, the Paying Agents and the Calculation Agent initially appointed by the Issuer and their respective specified offices are listed at the end of the Base Prospectus relating to the Programme of the Notes of the Issuer. The Fiscal Agent, the Paying Agents and the Registration Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent experts(s) and, in each case such, do not assume any obligation or relationship of agency for any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, Registration Agent or Calculation Agent and to appoint other Fiscal Agent, Paying Agent(s), Registration Agent(s) or Calculation Agent(s) or additional Paying Agent(s), Registration Agent(s) or Calculation Agent(s), provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) Paying Agents having specified offices in at least two major European cities (including Luxembourg so long as the Notes are listed on the Luxembourg Stock Exchange and traded on the Regulated Market of the Luxembourg Stock Exchange and, so long as the Notes are listed on any other Regulated Market of the EEA, such other city where the Notes is listed) (iv) in the case of Materialised Notes, a Paying Agent having its specified office in a Member State of the EU that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any other EU Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to, such Directive (which may be any of the Paying Agents referred to in (iii) above), (v) in the case of Dematerialised Notes in fully registered form, a Registration Agent and (vi) such other agents as may be required by the rules of any other Regulated Market on which the Notes may be listed.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Notes denominated in U.S. dollars in the circumstances described in paragraph (c) above.

Notice of any such change or any change of any specified office shall promptly be given to the holders of Notes in accordance with Condition 15.

(f) Talons

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 10).

(g) Business Days for Payment

If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day unless otherwise specified in the relevant Final Terms, nor to any interest or other sum in respect of such postponed payment. In this paragraph, "**business day**" means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, (B) in such jurisdictions as shall be specified as "**Financial Centre(s)**" in the relevant Final Terms and (C) (i) in the case of a payment in a currency other than Euro, where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) in the case of a payment in Euro, which is a TARGET Business Day.

(h) Bank

For the purpose of this Condition 7, "**Bank**" means a bank in the principal financial centre of the relevant currency or, in the case of Euro, in a city in which banks have access to the TARGET System.

8. Taxation**(a) Tax Exemption for Notes issued or deemed to be issued outside France**

Unless it is specified in the relevant Final Terms that Condition 8(c) shall apply to the Notes, interest and other revenues with respect to Notes constituting *obligations* under French law which, as may be specified in the relevant Final Terms are being issued or deemed to be issued outside the Republic of France, benefit from the exemption provided for in Article 131 *quater* of the French *Code général des impôts* from deduction of tax at source. Accordingly such payments do not give the right to any tax credit from any French source. The tax regime applicable to Notes which do not constitute *obligations* will be set out in the relevant Final Terms.

As to the meaning of the expression "issued or deemed to be issued outside the Republic of France" see "Summary of the Programme - Taxation" above.

(b) Additional Amounts

If French law should require that payments of principal or interest in respect of any Note, Receipt or Coupon be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable, the Receiptholders and the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon, as the case may be:

(i) Other connection

to, or to a third party on behalf of, a Noteholder, Receiptholder or Couponholder who is liable to such taxes or duties by reason of his having some connection with the Republic of France other than the mere holding of the Note, Receipt or Coupon; or

(ii) More than 30 days after the Relevant Date

in the case of Definitive Materialised Notes, more than 30 days after the Relevant Date except to the extent that the Noteholder, Receiptholder or Couponholder would have been entitled to such additional amounts on presenting it for payment on the thirtieth such day; or

(iii) Payment to individuals

where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any other European Union Directive implementing the conclusions of the ECOFIN Council meeting of 26 and 27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive; or

(iv) Payment by another Paying Agent

in the case of Definitive Materialised Notes presented for payment by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a Member State of the European Union.

References in these Conditions to (i) "**principal**" shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Nominal Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it, (ii) "**interest**" shall be

deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 5 or any amendment or supplement to it and (iii) "**principal**" and/or "**interest**" shall be deemed to include any additional amounts that may be payable under this Condition.

(c) Article 125 A III

If it is provided in the relevant Final Terms that this Condition 8(c) applies to the Notes, payments in respect of the Notes, Receipts or Coupons made to non-French residents will be made without withholding or deduction for, or on account of, taxes imposed by or on behalf of the Republic of France, or any taxing authority thereof, provided that holder of the Notes, Receipts or Coupons supplies proof of non-residency (in the form made available by the Issuer or any Paying Agent) to the Issuer or any Paying Agent in accordance with the provisions of Article 125 A III of the French *Code général des impôts*.

9. Events of Default

The Representative (as defined in Condition 11), upon request of any Noteholder, or in the event the Noteholders of any Series have not been grouped in a *Masse*, any Noteholder, may, upon written notice to the Fiscal Agent (with copy to the Issuer) given before all defaults shall have been cured, cause the principal amount of all Notes held by such Noteholder to become due and payable, together with any accrued interest thereon, as of the date on which such notice for payment is received by the Fiscal Agent if:

(a) In the case of Unsubordinated Notes

- (i) the Issuer is in default in the payment of principal of, or interest on, any Note (including the payment of any additional amounts mentioned in Condition 8) when due and payable and such default shall continue for more than seven (7) days thereafter; or
- (ii) the Issuer is in default in the performance of any of its other obligations under the Notes and such default has not been cured within fourteen (14) days after the receipt by the Fiscal Agent of the written notice of such default by the Representative or a Noteholder; or
- (iii) if any other present or future indebtedness for borrowed monies of the Issuer in excess of € 5,000,000 (or its equivalent in any other currency), whether individually or collectively, becomes or becomes capable of being declared due and payable prior to its stated maturity as a result of a default thereunder, or any such indebtedness shall not be paid when due or, as the case may be, within any originally applicable grace period therefor or any steps shall be taken to enforce any security in respect of any such indebtedness or any guarantee or indemnity given by the Issuer for, or in respect of, any such indebtedness of others shall not be honoured when due and called upon; or
- (iv) if the Issuer makes any proposal for a general moratorium in relation to its debt or applies for, or is subject to, the appointment of a *mandataire ad hoc* or enters into a conciliation procedure (*procédure de conciliation*) or a judgement is issued for the judicial liquidation (*liquidation judiciaire*) or the transfer of the whole of the business (*cession totale de l'entreprise*) of the Issuer or, to the extent permitted by applicable law, if the Issuer is subject to any other insolvency or bankruptcy proceedings or makes any conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors; or
- (v) if the Issuer ceases or publicly threatens to cease to carry on all or a material part of its business or other operations or sells, transfers, lends or otherwise disposes of, directly or indirectly, all or a material part of its undertakings or assets, except in the case of a disposal, liquidation, merger or other reorganisation in which all of the Issuer's assets are transferred to a legal entity which simultaneously assumes all of the Issuer's liabilities, including the Notes, and whose main purpose, or one of whose main purpose, is the continuation of, and which effectively continues, the Issuer's activities; or
- (vi) if it is or will become unlawful for the Issuer to perform or comply with one or more of its obligations under the Notes.

- (b) **In the case of Subordinated Notes**, and in accordance with Condition 3(b), if any judgement shall be issued for the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason then the Subordinated Notes shall become immediately due and payable, in accordance with Condition 3(b), at their principal amount together with any accrued interest to the date of payment.

10. Prescription

Claims against the Issuer for payment in respect of any amount due under the Notes, Receipts and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or 5 years (in the case of interest) from the appropriate Relevant Date in respect of them.

11. Representation of Noteholders

Except as otherwise provided by the relevant Final Terms, holders of Notes will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *masse* (in each case, the "**Masse**").

The Masse will be governed by the provisions of the French *Code de commerce* (the "**Code**") with the exception of Articles L.228-48, L.228-59, L.228-71, R.228-63, R.228-67 and R.228-69, subject to the following provisions:

(a) Legal Personality

The Masse will be a separate legal entity and will act in part through a representative (the "**Representative**") and in part through a general meeting of the holders of Notes (the "**General Meeting**").

The Masse alone, to the exclusion of all individual holders of Notes, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes.

(b) Representative

The office of Representative may be conferred on a person of any nationality. However, the following persons may not be chosen as Representatives:

- (i) the Issuer, the members of its *Conseil d'Administration*, its general managers (*directeurs généraux*), its statutory auditors, its employees and their ascendants, descendants and spouse; or
- (ii) companies guaranteeing all or part of the obligations of the Issuer, their respective managers (*gérants*), general managers (*directeurs généraux*), members of their board of directors, executive board or supervisory board, their statutory auditors, employees and their ascendants, descendants and spouse; or
- (iii) companies holding 10 per cent. or more of the share capital of the Issuer or companies having 10 per cent. or more of their share capital held by the Issuer; or
- (iv) persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing an enterprise in whatever capacity.

The names and addresses of the initial Representative and its alternate will be set out in the Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its function or duties, if any, as set out in the relevant Final Terms.

In the event of death, retirement or revocation of appointment of the Representative, such Representative will be replaced by the alternate Representative. In the event of the death, retirement or revocation of appointment of the alternate Representative, an alternate will be elected by the General Meeting.

All interested parties will at all times have the right to obtain the names and addresses of the Representative

and the alternate Representative at the head office of the Issuer and the specified offices of any of the Paying Agents.

(c) Powers of Representative

The Representative shall (in the absence of any decision to the contrary of the General Meeting) have the power to take all acts of management necessary in order to defend the common interests of the holders of Notes.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

The Representative may not be involved in the management of the affairs of the Issuer.

(d) General Meeting

A General Meeting may be held at any time, on convocation either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth of the principal amount of the Notes outstanding, may address to the Issuer and the Representative a demand for convocation of the General Meeting. If such General Meeting has not been convened within two months after such demand, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, hour, place and agenda of any General Meeting will be published as provided under Condition 15.

Each Noteholder has the right to participate in a General Meeting in person or by proxy. Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note.

(e) Powers of the General Meetings

The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and the alternate Representative and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, including authorising the Representative to act at law as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase amounts payable by Noteholders, nor establish any unequal treatment between the Noteholders and that no amendment to the status of Subordinated Notes the proceeds of which constitute (i) Tier 1 Capital; (ii) Upper Tier 2 Capital; (iii) Lower Tier 2 Capital; and (iv) Tier 3 Capital.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least a fifth of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-third majority of votes cast by Noteholders attending such General Meetings or represented thereat.

Decisions of General Meetings must be published in accordance with the provisions set forth in Condition 15.

(f) Information to Noteholders

Each Noteholder or Representative thereof will have the right, during the 15-day period preceding the holding of each General Meeting, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer, at the specified offices of any of the Paying Agents and at any other place specified in the notice of the General Meeting.

(g) Expenses

The Issuer will pay all expenses relating to the operation of the Masse, including expenses relating to the calling and holding of General Meetings and, more generally, all administrative expenses resolved upon by the General Meeting, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

(h) Single Masse

The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of such first mentioned Series in accordance with Condition 14, shall, for the defence of their respective common interests, be grouped in a single Masse. The Representative appointed in respect of the first Tranche or Series of Notes will be the Representative of the single Masse of all such Series.

In respect of any Tranche of Notes issued or deemed to be issued outside France, this Condition 11 may, if so specified in the relevant Final Terms, be waived, amended or supplemented, and in respect of any Tranche issued inside France, this Condition 11 shall be waived in its entirety and replaced by the full provisions of the Code.

12. Modifications

These Conditions may be amended, modified or varied in relation to any Series of Notes by the terms of the relevant Final Terms in relation to such Series.

13. Replacement of Definitive Materialised Notes, Receipts, Coupons and Talons

If, in the case of any Materialised Notes, a Definitive Materialised Note, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and Regulated Market regulations, at the specified office of the Fiscal Agent or such other Paying Agent as may from time to time be designated by the Issuer for this purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Definitive Materialised Note, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Definitive Materialised Notes, Receipts, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Materialised Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

14. Further Issues and Consolidation**(a) Further Issues**

Unless otherwise provided in the relevant Final Terms, the Issuer may from time to time without the consent of the Noteholders, Receiptholders or Couponholders create and issue further Notes to be assimilated (*assimilées*) with the Notes provided such Notes and the further Notes carry rights identical in all respects (or identical in all respects save as to the first payment of interest) and that the terms of such Notes provide for such assimilation, and references in these Conditions to "**Notes**" shall be construed accordingly.

(b) Consolidation

Unless otherwise provided in the relevant Final Terms, the Issuer, with the prior approval of the Fiscal Agent (which shall not be unreasonably withheld), may from time to time on any Interest Payment Date occurring on or after the Redenomination Date on giving not less than 30 days' prior notice to the Noteholders in accordance with Condition 15, without the consent of the Noteholders, Receiptholders or Couponholders, consolidate the Notes of one Series denominated in Euro with the Notes of one or more other Series issued by it, whether or not originally issued in one of the European national currencies or in

Euro, provided such other Notes have been redenominated in Euro (if not originally denominated in Euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

15. Notices

- (a) Notices to the holders of Dematerialised Notes in registered form (*au nominatif*) shall be valid if either, (i) they are mailed to them at their respective addresses, in which case they will be deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the mailing, or (ii) they are published in a leading daily newspaper of general circulation in Europe (which is expected to be the *Financial Times*) or, so long as such Notes are listed on any Regulated Market(s), in a leading daily newspaper with general circulation in the city/ies where the Regulated Market(s) on which such Notes is/are listed, which in the case of the Luxembourg Stock Exchange's Regulated Market is expected to be the *D'Wort*, or (iii) so long as such Notes are listed on the Luxembourg Stock Exchange, they are published on the website of the Luxembourg Stock Exchange (www.bourse.lu).

DESCRIPTION OF CFCM AND THE GROUP

1. PREAMBLE

Compagnie Financière du Crédit Mutuel ("CFCM") is a French "*Société Anonyme*" corporation governed by ordinary law for commercial companies and by the laws applicable to banks and financial institutions. It acts as the Arkéa Group's money market and investment bank, and holding company for its non-cooperative investments, providing two primary services:

- managing the Arkéa Group's trading and refinancing activity,
- making capital investments and managing the subsidiaries.

The subsidiaries of CFCM (together with CFCM, the "**Group**"), which are organized by the market they serve, participate in practically every line of business in the area of finance and insurance. Their primary function is to market products and services adapted to the needs of the Arkéa Group's customers throughout its networks.

2. ARKEA GROUP

The Arkéa Group is a credit union and mutual savings bank. The building blocks of the Arkéa Group are the local savings banks. Local savings banks operate within a limited geographic area. Their stated capital is divided into shares, which are owned by the depositors. The lynchpin entity of the Arkéa Group is the Caisse Interfédérale de Crédit Mutuel (CICM). The stated capital of this company is owned by the local savings banks belonging to the Crédit Mutuel de Bretagne, the Crédit Mutuel du Sud-Ouest and the Crédit Mutuel Massif Central federations. It is organized as a credit union. The CICM is the guarantor of the major financial equilibria of the Group vis-à-vis the banking and financial authorities and controls such major financial equilibria. It wholly-owns Compagnie Financière du Crédit Mutuel, a holding company, which in turn controls the Group's subsidiaries.

The local Crédit Mutuel savings banks that belong to the three federations set up the Caisse Interfédérale de Crédit Mutuel as a quasi "parent company" to act as the head of the network and serve as shared technical and financial tool.

From a regulatory perspective, the consolidating parent company of the Arkéa Group is the banking institution known as the Caisse Interfédérale de Crédit Mutuel. It is licensed as a banking institution by the French banking and financial authorities. The banking institution whose financial statements are referred to below as the consolidated statements consists of the credit unions, the local savings banks belonging to the Crédit Mutuel de Bretagne, the Crédit Mutuel du Sud-Ouest, and the Crédit Mutuel Massif Central federations and the legal entity Caisse Interfédérale de Crédit Mutuel.

2.1 Structure of Arkéa Group

Arkéa Group is a member of the Confédération Nationale du Crédit Mutuel ("**CNCM**"), which represents the various regional members of Crédit Mutuel.

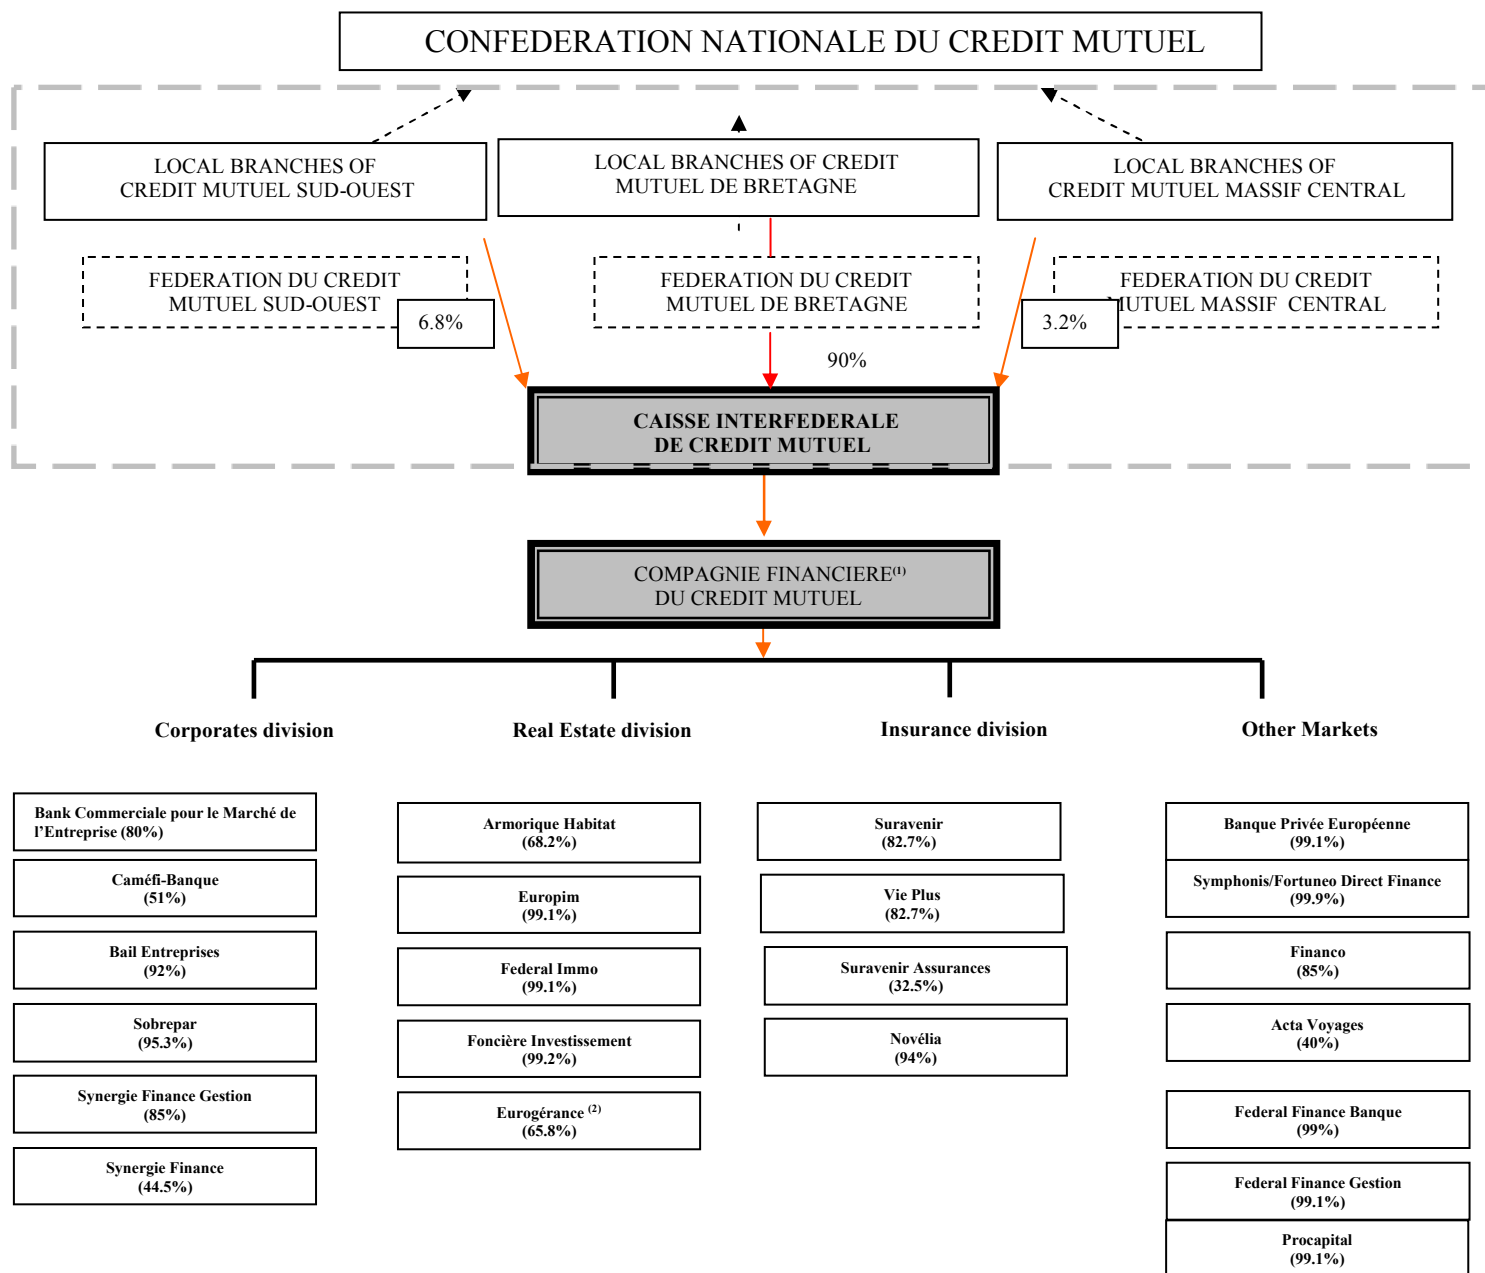

The Arkéa Group consists of two legally distinct divisions:

- **a credit union and mutual savings bank division** consisting of Caisse Interfédérale de Crédit Mutuel and the three Crédit Mutuel federations: Bretagne, Sud-Ouest and Massif Central, and the Caisse de Bretagne de Crédit Agricole Mutuel;
- **a division organized under ordinary corporate law** that consists of Compagnie Financière du Crédit Mutuel, which is wholly-owned by CICM, and its affiliates.

Within this structure, CICM is the head of the Group with a collective license for the local savings banks belonging to the three federations. The local savings banks are not licensed individually.

Compagnie Financière du Crédit Mutuel acts as the Group's capital markets and investment bank and as the holding company for the non-credit union and non-mutual savings bank businesses.

ARKÉA GROUP

1: Percentage of consolidated capital of the CFCM Group, including its subsidiaries

2 : Eurogérance was sold out in December 2006.

The complete list of the consolidated entities is available in the notes to the consolidated financial statements.

2.2 History of Arkéa Group

In 1991, the group Crédit Mutuel de Bretagne decided to adopt a new internal organizational structure to adapt to the requirements of a highly diversified banking and financial group with many subsidiaries. The structure was based on:

- the transformation of the Caisse Fédérale du Crédit Mutuel de Bretagne into a company with two functions:
 - a holding company responsible for expanding the equity holdings of the group Crédit Mutuel de Bretagne and the developing of its subsidiaries;
 - manager of external financial activities (refinancing and capital markets investments).
- the creation of a Caisse Fédérale, a retail banking entity, responsible in accordance with the statute of Crédit Mutuel for internal banking business. This company was named Caisse Fédérale de Crédit Mutuel de Bretagne.

In 1995, the corporate licence, from which the Caisse Fédérale du Crédit Mutuel de Bretagne benefited for its Crédit Mutuel de Bretagne local branches, was extended to cover Crédit Mutuel entities affiliated to the former Caisse Fédérale du Crédit Mutuel du Sud-Ouest.

This extension produced the CMB-CMSO Group under the aegis of the Caisse Interfédérale de Crédit Mutuel ("CICM"), the former Caisse Fédérale du Crédit Mutuel de Bretagne. As a result of this corporate authorization, the decision was taken to develop the legal and institutional organization of the CMB-CMSO Group in order to:

- position the CICM as the CMB-CMSO Group's central body with full responsibility to guarantee the CMB-CMSO Group's financial security and to ensure its management, while consolidating strategy and major policies.
- place CFCM as a subsidiary of CICM.
- optimize operating methods and its internal as well as external clarity, while organizing the CMB-CMSO Group around two distinct divisions:
 - a cooperative and mutual savings bank division;
 - a division including companies regulated by corporate law and by the laws applicable to banks and financial institutions.

In 2002, the corporate licence was extended to the Crédit Mutuel local branches affiliated until then to the Caisse Fédérale du Crédit Mutuel Massif Central.

The local branches of Arkéa Group are not individually licensed. In respect of the mutualist and cooperative networks, the banking authorities delivered to them a corporate Caisse Fédérale licence for their networks and their affiliated local branches. For Arkéa Group, the licence was granted to the Caisse Interfédérale de Crédit Mutuel (as defined below). The collective licence imposes legal, regulatory and financial responsibilities on those authorized, under the terms of the Law no. 84-46 of 24 January 1984 in relation to the activity and control of banks (as consolidated in the legislative part of the *Code monétaire et financier*).

According to the strategy set out in the Ambitions Arkéa 2010 project and in the medium-term plans of the Group's component entities, fiscal 2006 involved acquisitions and the consolidation of complementary financial service businesses into the Arkéa Group.

- in end-December 2005, Suravenir acquired Vie Plus in order to round out the distribution channels of the Group's life insurance business with insurance brokers and asset management advisors
- in July 2006, the Compagnie Financière du Crédit Mutuel acquired the ProCapital Group. This Group operates two complementary businesses:
 - the Fortunéo Direct Finance online brokerage business, which was merged with the existing Symphonis business created internally by the Group, and resulting in the Arkéa Group having nearly 20% of the online brokerage market, making it one of the leading players on that market

- the paperless securities account management business for institutional clients (investment firms, private banks, online banks and brokers). As a group, ProCapital offers competitively-priced services ranging from the routing of securities and mutual fund trades to account servicing and management and custody.

At the regulatory level, the consolidating parent company of Arkéa Group is the "Caisse Interfédérale de Crédit Mutuel", a bank made up of local cooperative companies, the local branches of Crédit Mutuel de Bretagne, Crédit Mutuel du Sud-Ouest and Crédit Mutuel Massif Central, the members of Crédit Mutuel and CICM.

This new collective authorization does not modify the current Arkéa Group structure, with two divisions. The Crédit Mutuel Massif Central joined the cooperative and mutualist division.

2.3 Activity of Arkéa Group

Arkéa Group carries out business in the areas of banking credit and savings, finance and insurance. With 7 067² employees in 2006, it experienced further commercial expansion and built up its presence throughout France by entering into distribution agreements with external operators.

2.3.1 Loans

Total new lending rose 6.3% to 7 billion euros. Home mortgage loans rose 1.9% to 3.7 billion euros. They account for 53.2% of total lending and remain a critical growth vector of lending.

Total outstanding home mortgage loans rose by 10.9% to 13.7 billion euros, 57.8% of total outstanding loans.

New lending to businesses picked up noticeably, rising by 17.5% to 1.9 billion euros. The three mutual savings bank networks and the Group's specialized networks - Banque Commerciale pour le Marché des Entreprises (BCME) - were able to take advantage of renewed growth on this market. Over the year, the specialized network extended 50% of all new loans to businesses.

Total outstanding loans to businesses rose by 6.9% to 5.7 billion euros.

New consumer lending rose by 5.3% to 1.4 billion euros. The three Crédit Mutuel federations and Financo contributed jointly to this achievement (47% of loans) on a market which remains fiercely competitive.

Financo continued to promote revolving credit, which accounted for 14.4% of total consumer lending in 2006 vs. 9% one year earlier.

Total retail banking business outstanding loans (in euro billions)

Overall, the total outstanding loans of the retail bank rose by 9% to 23.9 billion euros.

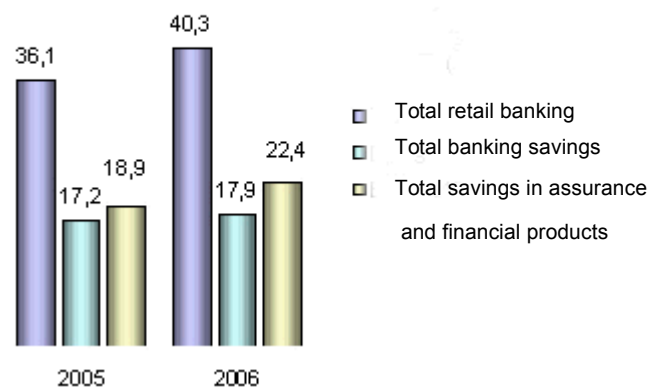

2.3.2 Savings

The retail bank's deposits rose by 11.6% to 40.3 billion euros, or by 4.2 billion euros.

Deposits (including certificates of deposit) were 16% of the increase (0.7 billion euros). Rising market rates have made time deposit investment accounts and certificates of deposit very attractive. The excellent level of deposits in such accounts and CDs has offset the dwindling performance of housing savings plans, which are less lucrative as a result of changes to legislation and low home mortgage rates.

Savings in insurance and financial products, which account for 84% of the increase in deposits, continued to grow, up by 2 billion euros at constant consolidation scope. Savings were boosted by the consolidation of the Fortunéo Direct Finance Group, which added an additional 1.5 billion euros.

Total retail banking deposits (in euro billions)

² Average figure for 2006

The acquisition of Fortunéo Direct Finance and the excellent earnings of Symphonis pushed the share of savings in insurance and financial products generated by the online brokerage affiliates from 4% in 2005 to 14% in 2006. The market share of the Arkéa Group in the online brokerage market borders on 20%.

Based on the same model as the Eurocompte for individuals, it bundles together specific services in terms of cash flow needs, the securing of cash deposits and payment methods, and various types of insurance.

Eurocomptes (thousands of contracts)

In November 2006, the Group rolled out the Eurocompte VIP, a variant of the Eurocompte service for young adults. This new product includes banking services tailored to young adults, a Web portal featuring online banking services, a job bank, discounts on major names and stores (entertainment, travel and automobile, etc.).

(d) Online banking

The Group's Domiweb product features a comprehensive and efficient line of services. More than 230,000 customers use Domiweb to view their account information, make payments, place stock market orders, take out loans, open savings accounts, and take out insurance policies. The online opening of accounts grew sharply by 45%. Through Domiweb, customers have access to a vast amount of information and customized services. Business customers have access to an entire range of tools to make secured transfers to pay their suppliers, transfer cash, and pay salaries. Customers can use the "My Advisor" mailbox to contact their account officers via secured email.

In addition, the Group has beefed up its security system. Customers now need the "Domipass" card to carry out so-called sensitive transactions. They can also use the "Virtualis" service to make secure payments over the web.

Domiweb always ranks high on banking website comparisons. Visitors to the website are up 39%, to 30 million logins in 2006, as a result of a better placement on search engines.

Fortuneo Direct Finance had net income of 8.8 million euros in 2006, compared with 3.1 million euros in 2005.

(v) *Securities activities*

At 31 December 2006, ProCapital placed tenth in the Euronext ranking of investment firms in terms of trades executed, moving up three notches during the year, and placed fourth among French firms.

Volumes increased 56% in 2006, with 3,482,487 trades executed, while the mutual fund activity rose 68%.

During the year, the portfolio of active accounts rose 21% to 199,626. This increase is linked notably to the integration in November 2006 of new customers.

ProCapital had net income of 5.2 million euros in 2006, compared with 4.083 million euros in 2005.

(vi) *Travel*

Sales of Acta Voyages amounted to 38.4 millions euros in 2006. Turnover of travel annual revenue and ticketing annual revenue were respectively 18 and 20.4 millions euros.

End of December 2006, net profit of Acta Voyages amounted to 438,000 euros.

2.5 Prudential ratios

CFCM's prudential ratios are assessed at Arkéa Group level.

➤ Capital adequacy ratio

At 31 December 2006, the Arkea capital adequacy ratio was 122% compared to the required 100% standard. This coverage is provided mostly by Tier One capital, which represents nearly 90% of the Group's total shareholders' equity.

➤ Major risks ratio

It is calculated every quarter. The Group ensures at all times that:

- the total amount of risks to which the Group is exposed with respect to a single beneficiary does not exceed 25% of the Group's net shareholders' equity;
- the total amount to which the Group is exposed with respect to beneficiaries whose risk exceeds 10% of net consolidated shareholders' equity does not exceed eight times consolidated shareholders' equity.

➤ Liquidity ratio

The Group's one-month regulatory liquidity ratio was 130% at end-2006 while the required standard is 100%.

➤ Shareholders' equity and long-term debt ratio

This prudential ratio measures the coverage of applications of capital exceeding five-year maturities by long-term sources of funds with a residual maturity of more than five years. At end-2006, this ratio was 69.3%, above the 60% regulatory standard.

2.6 Arkéa Group earnings over the past three years

2006 is the first year in which the Arkéa Group adopted IFRS, as adopted by the European Union. Adoption takes into account IAS 32 (on financial information), the IFRIC 2 interpretation (on interests), IAS 39 (on financial instruments) as amended by EC regulations – in particular regulations no. 2086/2004 (carve out) and no. 1864/2005 (fair value option) - and IFRS 4 on insurance liabilities.

Changes to the Group include the consolidation of ProCapital and Fortuneo and the Brit Alliance and Brit Alliance Finance structures created in partnership with Morgan Stanley, and the deconsolidation of Eurogérance and Alcor Bank Luxembourg.

The breakdown of net banking and insurance income is based on the industry breakdown used in the financial statements. The retail banking division includes mainly the regional bodies of Crédit Mutuel of the Arkéa Group, their economic interest groupings, the capital markets bank (consisting mainly of Compagnie Financière du Crédit Mutuel), the commercial banks (BCME, Caméfi-banque, the finance lease and private equity affiliates), and the specialized subsidiaries (BPE for private banking, Symphonis and Fortuneo Direct Finance for online brokerage and Financo for consumer lending).

The insurance and asset management division consists of the life insurance affiliates (Suravenir and Vie plus), the non-life insurance affiliates (Suravenir Assurances), the asset management affiliates (Federal Finance Banque and Federal Finance Gestion), the property management affiliates (Federal Immo Group and Foncière Investissement) and the securities services affiliates (ProCapital).

The Group's net income rose 9.4% to 267.7 million euros. It reflects the vitality of the Group, which, by diversifying its businesses, has acquired the ability to maintain reasonable growth in a less favorable business climate. The noticeable rise in operating expenses is mainly the result of the Group's growth, which in 2006 included three additional affiliates.

€ Billion	2004	2005	2006
Net banking and insurance income	1061.5	1180.3	1272.7
Gross operating profit	361.5	440.9	457.7
Net profit (Group share)	170.2	244.7	267.7

➤ Balance sheet

**Total balance sheet at 31 December
(€ billion – 2005/2006 IFRS)**

The Arkéa Group consolidated balance sheet amounted to €61.0 billion at 31 December 2006, an increase of 10.1 % compared with 2005. This increase reflects the sustained marketing of loans, saving products and services.

**Group equity capital at 31 December
(€ billion – 2005/2006 IFRS)**

Shareholders' equity before appropriation of net income amounted to 2.8 billion euros, up by 16.5%. The Group's share capital, which consists of the shares held by the depositor/shareholders of the banking institution, rose by 16.2% to 805 million euros. In 2006, 300 million euros of Lower Tier II capital was raised on financial markets to pay for the acquisition of the ProCapital Group.

Dividends, that is, the distribution of net income within the credit union structure, are expected to amount to 21 million euros.

3. THE ISSUER: COMPAGNIE FINANCIÈRE DU CRÉDIT MUTUEL

CFCM was incorporated on 20 October 2000, under the name of Eurobretagne VI and took the form of a French "*Société anonyme*".

The legal and commercial name of CFCM is « **Compagnie Financière du Crédit Mutuel** ».

CFCM is registered with the French *Registre du Commerce et des Sociétés* of Brest under number 433 383 122.

CFCM is a subsidiary of CICM (almost owned directly at 100%) which is owned by the local branches of Crédit Mutuel de Bretagne, Crédit Mutuel du Sud-Ouest and Crédit Mutuel Massif Central. CFCM adopted the name "**Compagnie Financière du Crédit Mutuel**" in May 2001. There are no arrangements, known to CFCM, the operation of which may at a subsequent date result in a change of control of CFCM. Its term of existence is 99 years from the date of its incorporation.

The company is governed by:

- The French *Code de commerce* (former Act of 24 July 1966 relating to commercial companies); and
- The French *Code monétaire et financier* (former Act of 24 January 1984 relating to the activities and control of credit institutions).

CFCM has taken over the dual objectives of the former Compagnie Financière du Crédit Mutuel de Bretagne:

- To carry out, on behalf of Arkéa Group, all financial transactions on capital markets and to execute foreign transactions in association with its network of correspondent foreign banks and in particular:
 - To carry out all banking and related or supplementary operations, in France and abroad, notably investment services under the terms of Article L.321-1 of the *Code monétaire et financier*, as well as insurance brokerage activities;
 - To accept, hold and manage any direct or indirect holdings in any credit establishment, investment firm or financial institution or in any other company or firm which exists or may be set up; and
 - To undertake, more generally, any financial, commercial, industrial, securities or property transactions which are directly or indirectly related to its objectives, as well as any similar connected or complementary transactions.

- To carry out the functions of a holding company and thus bring together and develop Arkéa Group holdings, structured as subsidiaries or affiliates of subsidiaries.

CFCM carries on its business from its headquarters in Brest together with all of the services of Arkéa Group.

The headquarters of its subsidiaries have been set up in Brittany, in Paris and in Marseille. CFCM's share capital is almost wholly owned by CICM.

3.1 Issuer's activities

3.1.1 Money market and investment bank

(a) Capital Markets

➤ ***Funding: strong growth in medium- and long-term funding***

With market conditions remaining favorable due to abundant liquidity and the tightening of credit spreads, the Front Office continued to ensure the security of the resources of the Arkéa Group.

This explains why total issues under the Euro Medium Term Note (EMTN) program grew considerably. With 2.9 billion euros of new EMTNs issued in 2006, CFCM now has more EMTNs outstanding than Certificate of Deposits (CDs): 5.9 billion euros. This calculated policy, which was set in place in 2002, allows the Arkéa Group to lengthen the maturities of its resources and to diversify its investor base considerably with, notably, a very considerable share of foreign banking and institutional investors. By 31 December 2006, the share of French investors in the EMTN program had fallen sharply, to 38% from over 50% at the end of 2005.

After issuing 300 million euros in subordinated Lower Tier 2 securities in February 2006, CFCM held two road shows. The first, in June 2006, enabled the company to present the Arkéa Group in France, Germany, Ireland and Austria and resulted in a 10-year, 500 million euro issue. The second, in October, was held in France, Germany, Denmark, Norway and Finland and resulted in a 5-year, 600 million euro issue. The satisfactory conclusion of these two issues is proof of the good image the Group has with international investors.

Lastly, in order to increase the Group's autonomy in terms funding and to improve its financial communication, in September 2006 the Front Office opened a sales and marketing office in Paris whose primary purpose is to sell the credit of CFCM and to carry out funding operations by issuing CDs, MTNs and EMTNs.

➤ ***Continued growth of sales and marketing activities***

The efforts made since 2001 to beef up human and technical resources were rewarded in 2006 by strong sales. Two areas were particularly successful:

- there was very high growth in the number of debt restructuring transactions: the interest of a large number of customers was elicited by the start of a cycle of increasing short-term rates and by the company's selection of products well-suited to market conditions,
- foreign exchange activity was also quite strong, resulting in a year of record earnings.

To accommodate this growth of activity, new investments were made both in term of human competences and resources as well as estimation and valuation tools.

➤ ***Proprietary trading: intensification of diversification***

Conditions in interest rate markets were unfavorable to CFCM's traditional proprietary trading activities. For one, the increase in short-term rates and the flattening of the yield curve led to a drop in margins on fixed rate assets. Moreover, the drop in credit spreads observed since mid-2002 has resulted in lower earnings on asset swaps.

New interest rate activities were launched to compensate these lower spreads, notably with the establishment of a portfolio of structured loans to financial institutions.

The lower credit spreads that reflected the health of the credit market resulted in a noticeable increase in the contribution of CDOs (collateralized debt obligations), structured credit products, gradually acquired from 2004 to mid-2006.

Similarly, trends were particularly good in the equities market, with an especially good performance posted in the sector by the financial companies held by CFCM. This positive trend allowed the company to reinforce and maintain its portfolios, which were partially hedged starting in May.

The Front Office's other diversification products also achieved growth, namely alternative funds, gold and commodities funds, and structures for investing in emerging economic powers

Lastly, CFCM continued to invest periodically in FCPR-type venture capital funds. While this doesn't contribute immediately to the bottom line, it should enable the company to take gains over a 3- to 5-year horizon.

(b) International services

The year was marked by the release of a new software application used to process incoming and outgoing foreign currency wire transfers.

The new application allowed the Group to expand its international product and service offer, increase the reliability of its processing, and improve anti-money laundering controls.

In 2006, the international business grew steadily, and total volumes processed rose 17%.

Lastly, 2006 was also marked by the beginning of the convergence of international and domestic transaction standards, and by the first work carried out in anticipation of the arrival of the Single Euro Payments Area (SEPA).

The documentary credit business remained stable in 2006.

(c) Back office activities

The Compagnie Financière du Crédit Mutuel Back Office Department is responsible for processing, unwinding, and recording the transactions carried out by the Front Office. It also serves as custodian for the Arkéa Group's asset management companies, and is responsible for processing and unwinding all specialized finance transactions.

In 2006, the Back Office Department handled 10% more transactions than in 2005. This increase reflects continued growth in the proprietary trading activities of the Front Office and the ever-growing success of the unit-linked products in the life insurance policies issued by the Suravenir subsidiary.

During 2006, the Back Office Department pursued its projects to implement the new International Accounting Standards and International Financial Reporting Standards and to adapt the company's tools and procedures in order to comply with the new regulatory requirements and to strengthen the growth of the business of Compagnie Financière du Crédit Mutuel and its subsidiaries.

(d) Specialized financing

After a particularly active year in 2005, the acquisition finance market continued to expand in 2006, with 208 leveraged buyout transactions in France, over 9% more than the previous year. These transactions primarily involved small and medium-sized companies, which represented nearly 82% of the total number of transactions completed.

3.1.2 Holding company business

(a) Holding company activity

Compagnie Financière du Crédit Mutuel's portfolio of equity investments had a net carrying amount of 1,223 million euros at 31 December 2006, up 558 million euros (84%) over the previous year.

The increase came essentially from new equity investments:

In July 2006, the Group acquired the ProCapital group and its subsidiaries, including the online brokerage Fortuneo Direct Finance, for 340.4 million euros. With Symphonis and now Fortuneo, the Arkéa Group holds from now on 20% of the online stock brokerage business and aims at becoming the leader on this market.

Among the other equity investments made in 2006, it is worth noting CFCM's contributions to:

- ⇒ Foncière Investissement (10 million euros), to help it carry out its building acquisition program, essentially for office buildings.
- ⇒ Financo (8.3 million euros), to enable it to maintain its 9% capital adequacy ratio while its lending is experiencing strong growth.

(b) Subsidiaries

By promoting and coordinating the growth of its subsidiaries, Compagnie Financière du Crédit Mutuel is able to offer a broad range of products and of services.

3.2 Markets

The Issuer operates on the financial markets. Throughout its subsidiaries, which are organized by the market they serve, it also operates on the corporate market, the sales market, the asset management and insurance market, and the real-estate market.

3.3 Risk management

3.3.1 Risk management within the Arkéa Group

The organization and procedures of the risk management function within the Compagnie Financière du Crédit Mutuel and its subsidiaries are established and monitored at Arkéa Group level. All procedures are then adapted and implemented within each Group entity, while ensuring compliance with all directives set forth by the supervisory authorities and Confédération Nationale du Crédit Mutuel, the central body with which the Arkéa Group is affiliated.

In 2005, the Group began adapting its procedures to incorporate the new provisions of French Banking and Financial Regulatory Committee (CRBF) Regulation 97-02, as amended, and it maintained these efforts in 2006. Internal controls are organized around a system that incorporates distinct periodic controls and ongoing controls. Four committees and two departments of Caisse Interfédérale du Crédit Mutuel are specifically responsible for these controls.

(a) Audit Committee

The committee is composed of five members appointed to three-year terms by the Board of Directors of Caisse Interfédérale de Crédit Mutuel, which also appoints the committee Chairman. The committee, which meets at least three times per year, oversees the proper functioning of the company's management bodies, the control of all Arkéa Group entities, compliance with all laws and regulations governing the industry, and the monitoring of all types of risk, including credit risk, market risk, overall interest rate risk, liquidity risk, operational risk, etc.

The Audit Committee validates the annual periodic control plan and examines all work performed by the Internal Audit and Periodic Controls departments and the conclusions and recommendations of all external audits. It reports on its activities to the Board of Directors of Caisse Interfédérale du Crédit Mutuel. The Audit Committee discusses all of the committee's work and recommendations concerning entities within the CFCM consolidation scope with the Board of Directors of Compagnie Financière du Crédit Mutuel.

(b) Financial Statements Committee

The Financial Statements Committee is composed of five directors of Caisse Interfédérale de Crédit Mutuel and/or Compagnie Financière du Crédit Mutuel, appointed to three-year terms by the Board of Directors, which also appoints the committee Chairman. The committee met five times in 2006. Its role is to help the Board of Directors evaluate the financial information and verify its accuracy. It examines the financial statements of the Arkéa Group before they are presented to the Board, ensures that all financial information is accessible, examines the pertinence of the accounting choices made, analyzes the Group's earnings and verifies the annual report and all regulatory filings to be filed with the supervisory authorities. It issues an opinion regarding the appointment of the independent auditors and analyzes the findings of their audit. It reports its works and conclusions to the Board of Directors of CICM. It informs the Board of Directors of Compagnie Financière du Crédit Mutuel of its works regarding entities within its consolidation scope. The committee examined Compagnie Financière du Crédit Mutuel's 2006 annual and consolidated financial statements.

(c) Periodic Controls Committee

Under the chairmanship of the Executive Managing Director of the Arkéa Group, this committee is responsible for evaluating the quality of all periodic controls, notably as concerns the accuracy of the systems for measuring, monitoring and managing the risks to which the Group is exposed at the consolidated level, and to propose all additional measures necessary. It participates in the establishment of the annual periodic control plan. It familiarizes itself with the findings of all control and audit reports, validates the recommendations contained in these reports and monitors their implementation.

(d) Ongoing Control Committee

Under the chairmanship of the Executive Managing Director of the Group, this committee, whose members include notably CFCM's Executive Managing Director and the Director of Ongoing Controls, monitors all credit, market and operational risk on a consolidated basis. It ensures compliance with all rules and procedures governing the assumption of risk, checks all changes in total exposure levels, sets exposure limits based on credit ratings and ensures that each Group structure observes the prudential rules that have been established.

(e) Risk Management Department

Free from the influence of any operational division, this Caisse Interfédérale du Crédit Mutuel department provides independent ongoing controls over compliance, security, and validation of trades and ensures compliance with all measures related to the oversight of all types of risk throughout the entire Group. It develops and uses the tools required to identify, prevent, monitor and reduce these risks.

It has oversight over all employees responsible for ongoing controls within the various operating entities.

The Risk Management Department is also responsible for preparing the Arkéa Group to implement all of the provisions established by the Basel Committee.

(f) The General Inspection and Periodic Controls Department

This department, which reports directly to the Executive Managing Director of the Arkéa Group, periodically checks the compliance of all transactions with regulations and procedures, the level of risk run, and the effectiveness and pertinence of all control procedures.

The General Inspection Department operates throughout the entire Arkéa Group. Its control plan is validated by the Audit Committee. The plan includes annual audits of all major risks in the areas of credit, capital markets, accounting processes, information systems, and operations.

One specific control plan is developed for the local bank network and another for all Group companies including Compagnie Financière du Crédit Mutuel and its subsidiaries.

(g) Annual report on internal controls and the measurement and monitoring of risk within the Arkéa Group

The annual report on internal controls and the measurement and monitoring of major risks within the Group is prepared under the responsibility of the Executive Managing Director of the Group. It specifies which areas are covered by ongoing controls and which by periodic controls. It is presented to the Audit Committee and the Board of Directors of Caisse Interfédérale du Crédit Mutuel, and a copy is then provided to the supervisory authorities.

Based on the application of CRBF Regulation 97-02, amended, risk management requires effective internal controls and the specific tracking of each type of risk. These internal controls incorporate all of the provisions contained within the Basel II revised framework agreement.

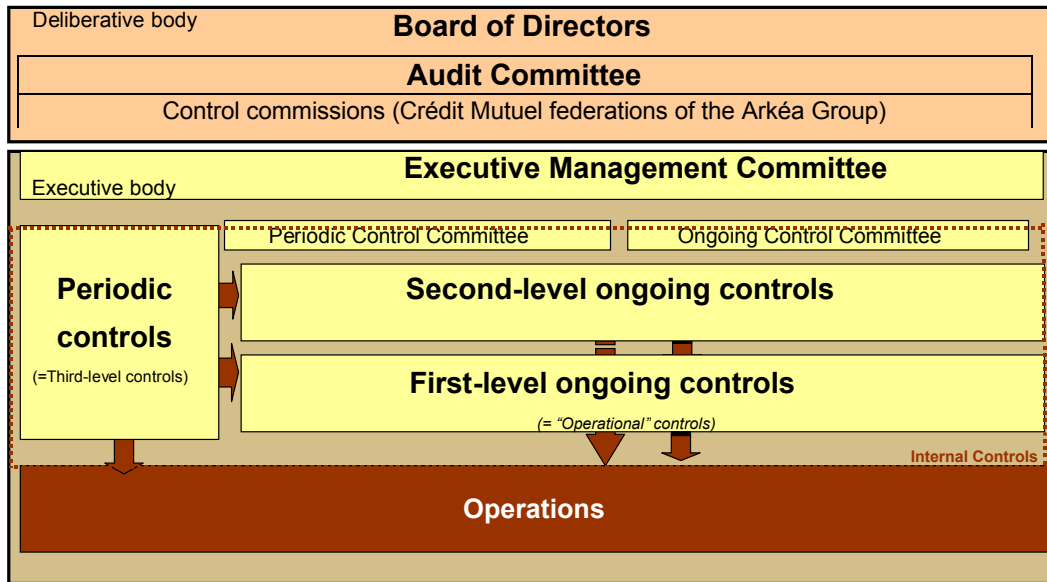

3.3.2 Performance of internal controls within the Arkéa Group

Internal controls are designed to protect the Group's employees and assets and to ensure the legality of all transactions, the application of all directives and the obtaining of goals, the quality of all information and the effectiveness of the company's operations.

Arkéa Group has modified the organization of its internal controls in accordance with the entry into effect of the Decree of 31 March 2005, which amended French Banking and Financial Regulatory Committee (CRBF) Regulation 97-02 of 21 February 1997, regarding internal controls within credit institutions and investment companies.

Established by entity, this organization reflects the principles adopted at the end of 2005 by the Boards of Directors of Caisse Interfédérale de Crédit Mutuel and Compagnie Financière du Crédit Mutuel, principles that are applicable within all Arkéa Group entities.

Arkéa Group, which is monitored on a consolidated basis by the regulatory control authorities, has organized its internal controls in the following manner:

The executive and deliberative bodies of the Arkéa Group are the Executive Management Committee and the Board of Directors of CICM, the head entity of the Arkéa Group, which controls CFCM and its subsidiaries.

The internal control function (including both ongoing controls and periodic controls) is placed directly under the responsibility of the Executive Managing Director of CICM, who is also Executive Managing Director of the Arkéa Group.

➤ Ongoing controls

The organization of ongoing controls over the compliance, security and validation of all transactions entered into, as well as compliance with all other duties related to the oversight of all types of risk associated with operations (see Regulation 97-02, Article 6) is based on the making of a distinction between first and second-level ongoing controls:

✎ First-level ongoing controls are performed at the “operational” level, during the actual process, regardless of whether the control is performed by the employee himself or is assigned to a third party. All controls are referred to as “first level” when they are performed while the process is still in progress.

✎ Second-level ongoing controls are positioned at the control function level, and never interfere with the carrying-out of the process being controlled. The control of an operation (as an example of a process) is considered to be “second level” when it takes place following the natural conclusion of the transaction concerned, and is performed by a person other than the one who carried out the operation, in order to ensure compliance with the “two-sets-of-eyes” rule.

This distinction made, the Arkéa Group has based the organization of its ongoing controls on the following principles:

- the organization of ongoing controls covers all risks in all of the Group’s businesses, regardless of the legal organization of the activities generating these risks,
- ultimate responsibility for compliance with regulatory requirements over ongoing controls lies with the executive body. Within the Group, this responsibility is broken out by legal entity, with each entity being responsible for the quality of its own ongoing controls. Responsibility is then distributed to individual line managers, who are operationally responsible for ongoing controls over the activities that have been assigned to them,

- each Group entity organizes its own internal ongoing controls function and reports either directly to CICM, or via the subsidiaries or via Compagnie Financière du Crédit Mutuel.

The organization of ongoing controls thus results from the Group's pyramid-shaped organization, all of which is supervised and managed by CICM. This organization is intended to allow CICM's authoritative bodies to guide the taking of risk and to control all potential impacts with a reasonable degree of security.

As such, in practice, each operating department adopts, organizes and implements the procedures and tools used to provide ongoing controls over its activities, with responsibility for this placed with the line managers. In 2006, a major operational risk project was commenced to overhaul the supervision of all second-level ongoing controls. Starting with a mapping of all processes, the approach consists of identifying all risks that could affect these processes, then listing all first-level measures for controlling them before plotting the second-level controls that either exist or need to be set in place.

These control guidelines are then used to establish effective responsibilities for ongoing controls. Each ongoing controller performs second-level controls over the activities overseen by his direct superior. The results of these controls are stored and are accessible by type of risk, organizational entity and by process. They are detailed in a report provided to the ongoing controls managers of each entity and CICM, with CFCM's subsidiaries reporting through that company.

At the same time these ongoing controls are being performed, a Group procedure for reporting all incidents is used to record all operational risk events, in the broadest sense of the term, with a negative financial impact of at least 1,000 euros. The evaluation of the risks related to these incidents is updated twice yearly when the interim and annual accounts are prepared.

➤ Periodic controls

Periodic controls ensure "compliance of operations, the level of risk to which the company is effectively exposed, compliance with all procedures, the effectiveness and appropriateness of all ongoing controls." (CRBF 97-02, Article 6).

Within the Arkéa Group, responsibility for periodic controls resides entirely and exclusively with the General Inspection and Periodic Controls Department of Caisse Interfédérale de Crédit Mutuel. In addition to periodic controls over CICM, this department is delegated by each Group entity to conduct its periodic controls. The department reports directly to CICM's Executive Management Committee, and informs the Periodic Controls Committee and Audit Committee of its actions.

Periodic controls are performed each year as scheduled in an annual plan, prepared under the Arkéa Group's annual periodic controls planning procedure. The control plan is established at least once every year, and incorporates the control objectives set forth by the Group's executive and deliberative bodies.

Under no circumstance do the role and activities established by the delegation of powers granted to CICM to perform periodic controls interfere with the performance of periodic controls on a consolidated basis required of CICM as the central authority of the Arkéa Group.

The staff members responsible for periodic controls are entirely independent from those participating in operations and the associated risks and those in charge of ongoing controls. Each are equipped with specific, standalone tools.

The exercise of their duties takes the form of onsite or remote audits. Periodic controls of operational risks are performed by controlling the audited processes, combined with a control of the actual ongoing controls process itself.

The Director of CICM's Inspection General and Periodic Controls Department is the person responsible for the periodic controls appointed with the French Banking Commission for the Arkéa Group.

3.3.3 Compagnie Financière du Crédit Mutuel's own specific risk management system

The CFCM risk management system is part of the general framework of the Arkéa Group system described above.

Being responsible for the Group's capital markets activities and the management of all its subsidiaries, CFCM has implemented a system that is well suited to its particular activities and risks. This approach associates:

- segregation of duties, to prevent conflicts of interest
- intercompany committees, specialized by type of risk
- the risk management and internal control functions, which are carried out in close collaboration with CICM.

➤ **Segregation of duties**

The organization adopted within Compagnie Financière du Crédit Mutuel and its subsidiaries guarantees a segregation of duties, firstly between all third-party management activities – which are entrusted to the asset management company, Federal Gestion – and the company's proprietary trading activities, which are carried out exclusively by Compagnie Financière du Crédit Mutuel.

Only these two entities participate in the capital markets, and this, independently from one another, notably to guarantee the primacy of the interest of the Group's customers.

This segregation of duties effective at the institutional level is also found at the operational level. CFCM is organized in the following manner:

- The Front Office trades financial instruments on its own account, as well as on behalf of corporate clients of the banking networks and the Group's partners under participation agreements (hedging of companies' interest rate and foreign currency risks),
- The Back Office records the transactions and their unwinding in the accounting system, and acts as custodian of proprietary and third-party assets,
- The Middle Office is responsible for day-to-day monitoring of operations and risk.

To improve security over these activities, the duties are also segregated by having both the Back Office and the Middle Office Departments report to the Corporate Secretary of Compagnie Financière, while the Front Office reports to Financial Markets and International Activities.

Under this organization, each structure organizes and performs its own ongoing first-level controls.

➤ **Committees**

Compagnie Financière du Crédit Mutuel's committees were set up to prepare and monitor all operating and strategic decisions by marshaling the expertise contained throughout Compagnie Financière, its subsidiaries and, if appropriate, Arkéa Group, in a spirit of intercompany cooperation.

The discussions that take place within these committees often involve insider information. All participants are, therefore, subject to the same rules as employees holding sensitive positions, as defined by regulations, in order to avoid any inappropriate spreading or illicit use (insider trading) of such information.

These committees rely greatly on the analyses and monitoring provided by the Compagnie Financière du Crédit Mutuel Middle Office Department, and make their decisions in accordance with the limits that have been established by the Board of Directors.

These committees are:

- Loan Committee, for all credit approvals (specialized financing, syndicated loans, guarantees given, funds guaranteed, etc.),
- Capital Markets Counterparty Credit Committee, for the selection of interbank counterparties, issuers and capital markets intermediaries,
- Partner Approval Committee, for optimizing and ensuring the security of all purchases of financial products and services for the entire Group (notably for selection of the management companies and mutual funds marketed),
- Private Equity Committee, for making decisions with regard to equity investments in listed and unlisted companies, including all real estate investments.

- In addition to these committees, there is also the Financial Management Committee, which is responsible for broad balance sheet equilibria, compliance with financial ratios, and the financial management of CFCM through its performances and its profitability, and the Ongoing Control Committee, examined hereafter in greater detail.

➤ **CFCM's specific internal controls**

Compagnie Financière du Crédit Mutuel has organized its own ongoing and periodic internal controls in accordance with the relevant general guidelines adopted by the Arkéa Group to comply with the requirements of the new CRBF Regulation 97-02.

↳ Ongoing controls

The organization of ongoing controls adopted by Compagnie Financière du Crédit Mutuel resulted notably in the setting in place of the Ongoing Control Department, which had begun to be established in 2005.

This department is responsible for:

- banking and insurance compliance,
- compliance of investment services,
- management of market risks,
- management of credit risks,
- prevention of money-laundering and financing of terrorism.

It is responsible for ensuring that all ongoing control procedures and actions are observed and performed as provided for the ongoing control system adopted by Compagnie Financière du Crédit Mutuel.

Under this system, CFCM has an ongoing controls manager and a compliance manager. Moreover, the Financial Markets and International Trade Department and the Office of the Corporate Secretary have also each appointed an ongoing controller, who reports to the Director in charge of the activity.

Within each of these two departments, the role of the ongoing controller is to:

- adapt the Department's ongoing control system to anticipate all risks generated by operations,
- draw up the annual ongoing control plan,
- ensure that all CFCM entities implement all first and second-level controls,
- perform any additional controls that may be required.

The CFCM Ongoing Control Department shares responsibility for the ongoing controller function within its scope of companies with the CICM Risk Management Department.

As regards corporate governance, each year, Compagnie Financière du Crédit Mutuel's deliberative body, the Board of Directors, pays particular attention to the presentation of a report on the state of internal controls.

The Executive Management Committee, an executive body, presides over CFCM's Ongoing Control Committee, which is composed of all of Compagnie Financière's central directors. The Committee meets quarterly, and is responsible notably for monitoring the implementation of tools and the state of progress of control measures and assessing the quality and the effectiveness of ongoing control procedures.

↳ Periodic controls

Even prior to the modification of CRBF 97-02, the General Inspection and Audit Department was responsible for the implementation of CFCM's periodic controls, as is the case in most Arkéa Group entities. The Department reports to the Executive Management Committee of Caisse Interfédérale de Crédit Mutuel.

This organization was reconfirmed, as it was already compliant with the requirements concerning periodic and ongoing control functions established by CRBF Regulation 97-02. Under this organization, the Board of Directors of CFCM has delegated the periodic control of its own activities to the General Inspection and Periodic Controls Department (formerly referred to as the General Inspection and Audit Department).

3.4 Financial elements

The financial year of CFCM runs from 1 January to 31 December. The annual results of the Issuer CFCM shown hereafter are the non consolidated and consolidated accounts.

3.4.1 Statutory appropriation of earnings

At least 20% of annual earnings are allocated to legal reserves, which appear on the balance sheet. This obligation ceases when the level of reserves reaches 10% of the share capital.

Thereafter, other sums are allocated for the remuneration of shareholders. Dividends may be paid in the form of shares if the Annual General Meeting of Shareholders so decides.

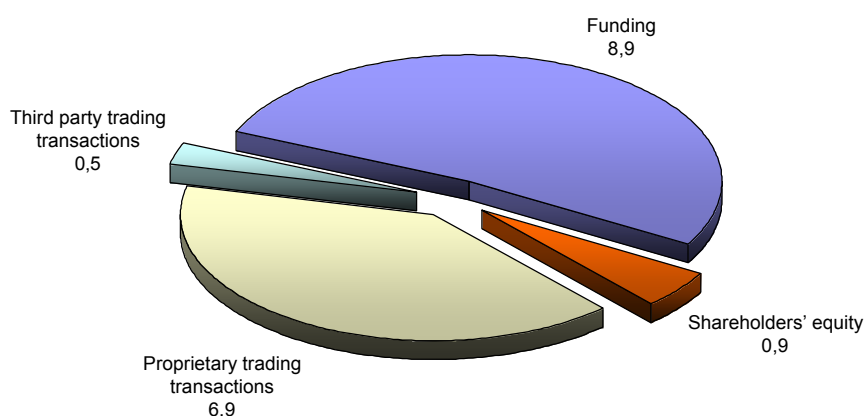

3.4.2 Accounts at 31.12.2006

(a) Balance sheet

Compagnie Financière du Crédit Mutuel had total assets of 17.5 billion euros at 31 December 2006, consisting essentially of capital markets transactions. Funding transactions for CICM, Group subsidiaries and other federations and front office proprietary trading transactions amounted to 8.9 billion euros (a 1.9 billion euro increase over 2005 due to the increased needs of the subsidiaries and the mutual savings bank networks) and 6.9 billion euros, respectively. Compagnie Financière du Crédit Mutuel had 905 million euros in shareholders' equity, including the general banking risk reserve (FRBG).

In addition to serving as a holding company, CFCM also carries out the Group's capital markets activities. Its portfolio of equity and other long-term investments amounted to 1.2 billion euros, a 558 million euro increase due primarily to the acquisition of the ProCapital group and the creation of a special purpose vehicle with Morgan Stanley.

CFCM balance sheet structure (in billions of euros)

(b) Off-balance sheet

CFCM's off-balance sheet consists essentially of 24.3 billion euros in forward financial instruments, including 15.8 billion euros in interest rate swaps.

(c) Income statement

Net banking income rose 11.8% to 89.9 million euros, compared with 80.4 million euros in 2005.

Despite tightening credit spreads, increasing short-term rates and a flattening of the yield curve, this increase was achieved thanks to the combined impacts of several factors:

- an increase in transactions on behalf of third parties, especially in the debt restructuring and foreign exchange businesses,
- an increase in the equities, mutual funds and structured credit products (CDO) activities, in a market that performed well overall,
- a diversification of the company's proprietary activities through the establishment of new interest rate activities, notably structured loans to financial institutions,
- strong specialized financing volumes,
- growth of income from equity investments, thanks to the good earnings obtained by subsidiaries in 2005.

With a strong expansion of its business and due to its participation in regulatory and strategic projects, Compagnie Financière du Crédit Mutuel's operating expenses rose 3 million euros (18.0%) to 20.0 million euros.

Income from operations rose 10.1% to 69.9 million euros, compared with 63.5 million euros in 2005.

The cost of the risk represented 5.7 million euros, an increase of 4.4 million euros over 2005 due to a significant drop in recoveries of provisions on corporate investment securities and an increase in charges to impairment provisions on the leveraged buyout activity.

Net recoveries of provisions and 1.1 million euros in gains on the disposal of investment securities (3.4 million euros in 2005) brought income before tax to 65.3 million euros, compared with 65.6 million euros in 2005.

After income tax of 11.3 million euros, 2006 net income amounted to 54,016,034.71 euros.

Non consolidated net income (in millions of euros)

After incorporation of 6,567,564.46 euros in retained earnings, income available for distribution for 2006 amounted to 60,583,599.17 euros.

The proposed appropriation of net income submitted to the Annual General Meeting is as follows (in euros):

Appropriation to the legal reserve	2,700,801.74
Appropriation to optional reserves	23,000,000.00
Dividend	27,170,000.00
Unappropriated retained earnings	7,712,797.43

The net dividend per share proposed by Compagnie Financière amounted to 0.38 euros, compared with 0.37 euros in 2005.

3.4.3 Consolidated accounts at 12.31.2006

The year was marked by a rise in short-term rates and stability in long-term rates. This had an unfavorable impact on the lending networks' financial margin, although that was mitigated by the diversity of Compagnie Financière's subsidiaries' businesses and by the fees and commissions generated on the Group's activities and services. The consolidation scope of Compagnie Financière du Crédit Mutuel changed between 2005 and 2006.

At the end of December 2005, Suravenir acquired General Electric's life insurance subsidiary, which became Vie Plus. While Vie Plus had no impact on 2005, 2006 earnings included a full 12 months' worth of operations. In addition, the ProCapital group was acquired in August, and Alcor Bank Luxembourg and Eurogérance were deconsolidated during the year.

(a) Consolidated balance sheet

Compagnie Financière du Crédit Mutuel had consolidated total assets of 41.3 billion euros at 31 December 2006, a 13.4% increase over 31 December 2005.

▪ On the asset side, Suravenir (life insurance) and Vie Plus' investments on behalf of their policyholders increased by 2.1 billion euros, due to a changing regulatory environment that favored life insurance.

This increase included an additional 1.0 billion euros on multi-option investment contracts (in unit-linked products) thanks to strong subscriptions and asset valuations in a favorable market, and 1.1 billion euros on contracts in euros, once again due to strong subscriptions and diversification (structured equity products).

Another significant asset item, loans to customers made by Compagnie Financière and its subsidiaries (BCME, Banque Privée Européenne, Financo, Caméfi-Banque), amounted to 8.1 billion euros, an increase of 11.7% for the year.

Loans to credit institutions increased by 1.2 billion euros to 4.1 billion euros, due primarily to the mutual bank networks' greater needs.

▪ On the liability side, and correlated to the increase in investments on the asset side, the change in the number of customer policies and outstandings in Suravenir and Vie Plus generated a 2.1 billion euro increase in the technical provisions of the insurance businesses, bringing them to 20.8 billion euros. The funds raised through the 2006 EMTN program, with an average maturity of seven years, and the strong rise in negotiable certificates of deposit in a rate environment that was conducive to the subscription of these products brought total debt securities to 12.3 billion euros, a 1.9 billion euro increase over 2005.

Longer maturities combined with the diversification of counterparties (72% of funds were raised from investors outside France) ensure the security of the Group's funding. The Group's share of shareholders' equity rose 10.3% to 1.4 billion euros, representing 3.3% of total assets.

(b) Consolidated profit and loss

Net banking and insurance income (in millions of euros)

Net banking and insurance income (NBI) was up 17.3% to 535.3 million euros. The improvement in NBI was attributable, in addition to the integration of new subsidiaries, to the good performance of the insurance activities (increase in revenues and impact of the good performance of market indices on the value of the multi-option investment portfolios); the increase in service, market and life insurance fees and commissions; and, to a lesser degree, the improvement of the financial margin reported by the networks, which was penalized in 2006 by the flattening of the yield curve (increase in short-term rates and stability of long-term rates).

Operating expenses (in millions of euros)

Operating expenses consist of personnel costs, other administrative expenses, depreciation and amortization. In 2006, these costs rose 26.7% (i.e. 56.8 million euros) to 270 million euros.

The year was marked by the acquisition of the ProCapital group. This acquisition, combined with the consolidation of Vie Plus in the 2006 financial statements, contributed 50% of the increase in consolidated operating expenses.

Excluding the impact of new acquisitions, operating expenses increased by 29.1 million euros, i.e. 13.6%.

- ✓ Personnel costs rose 8.6% (7.8 million euros) to 98.7 million euros in 2006. Headcount increased by 80 employees due to the strong growth of the activities of the holding company and its subsidiaries (Financo, Suravenir, and Symphonis, notably). The rise was also linked to the salary negotiations and the application of collective bargaining agreements.
- ✓ The 20.8 million euro (18.4%) increase in other charges over 2005 is explained by the aggressive communications campaigns within the subsidiaries, the updating of the Suravenir unit-linked contracts, and the high growth of the companies' activities.

Compagnie Financière and its subsidiaries had an average of 1,622 employees.

Operating ratio

The operating ratio amounted to 50.5%. This ratio includes the impacts of the expansion of the consolidation scope in 2006, with the acquisition of the ProCapital group and of the consolidation of the first full year of operations of Vie Plus, acquired in December 2005.

Income from operations (in millions of euros)

Compagnie Financière du Crédit Mutuel had consolidated income from operations of 265.2 million euros, a 9.1% increase.

The coverage of Compagnie Financière and its subsidiaries' credit risk resulted in a 32.8 million euro charge, compared with a 33.9 million euro charge the previous year.

Consolidated net income (in millions of euros)

Compagnie Financière and its subsidiaries generated net income of 138.3 million euros in 2006, 13.3% more than in 2005. The subsidiaries contributed 87.5% of this net income.

3.4.4 Share capital

CFCM's issued share capital is €715 million, made up of 71,500,000 ordinary shares numbered from 1 to 71,500,000 with a par value of €10.

The share capital can be increased in accordance with legal provisions. New shares can be issued either at par value or at a premium.

A capital increase can only be approved by an extraordinary general meeting, on the basis of a report by the Board of Directors.

Any increase in capital at above par value requires the unanimous approval of shareholders, unless such an increase is effected by incorporating reserves, earnings or issue premiums.

An extraordinary general meeting can delegate the necessary powers to the Board of Directors to increase the share capital on one or more occasions, to establish the terms of the increase, to certify that such terms have been carried out and to amend the CFCM's articles of association accordingly.

A reduction in capital can be decided by an Extraordinary General Meeting of Shareholders, which may delegate to the Board of Directors all the necessary powers to carry out such a reduction.

3.5 Composition of the management

CFCM is a French “*Société Anonyme*” governed by the general law of commercial companies and by the laws applicable to financial and banking institutions.

However, its membership of a mutual and co-operative bank group has an influence on its operational methods.

Thus CFCM committed itself to implementing the "best practice" governance methods.

This is illustrated by:

- The allocation of powers;
- The composition and work of the Board of Directors;
- The rights and duties of the Board of Directors;
- The methods for the indemnification and remuneration of the Directors and Executive Officers.

3.5.1 Allocation of powers in CFCM

By implementing the proposal of the act on "New Economic Regulation" dated 15 May 2001, the Board of Directors decided to separate the functions of Chairman of the Board of Directors and Managing Director.

The Board of Directors considered that this separation of the function of direction and the function of management, guaranteed the greatest efficiency.

In accordance with the legal provisions:

- The Board of Directors determines the orientation of CFCM's activities, ensures their implementation, and carries out any necessary monitoring;
- The Chairman, in charge of the Board of Directors, ensures its efficient functioning, the provision of constant and complete information to the Board, and ensures co-ordination with the general management ;
- The Managing Director takes responsibility for the management of the company and represents the company vis-à-vis third parties.

Christian Touzalin and Jean-Pierre Guédon are respectively Chairman and Vice-Chairman of Compagnie Financière.

Humbert de Fresnoye is Executive Managing Director, with both executive and operational responsibility.

3.5.2 Composition and work of the Board of Directors of CFCM

Since the April 27, 2006 Annual General Meeting, the Board of Directors has been composed of 15 directors elected from among the shareholders (fourteen men and one woman; average age: 59). All are directors of a local Crédit Mutuel savings bank and are, or were, businesspeople. Two employee representatives also participate in the meetings of the Board of Directors.

Various specific committees assist the Executive Management Committee and the Board of Directors with the performance of their duties:

- ↳ Executive management committee
- ↳ Loan Committee
- ↳ Capital Markets Counterparty Credit Committee
- ↳ Partner Approval Committee
- ↳ Private Equity Committee
- ↳ Financial Management Committee

↳ Ongoing Controls Committee

Changes made to corporate governance of CFCM in 2006:

- ↳ Renewal of Christian Touzalin as Chairman of the Board of Directors,
- ↳ Nomination by the Annual General Meeting of Gilbert Tronel and Jean-Louis Chartier as directors, replacing François Nicolas and Jean Quintin,
- ↳ Renewal of Rémy Cabaret, Jean-Pierre Corlay, Jean-François Devaux and Jean-Pierre Guédon as directors,
- ↳ Nomination by the Board of Directors of Humbert de Fresnoye as Executive Managing Director.

The duties of the Board of Directors are described in detail in the report of the Chairman of the Board of Directors attached to this management report and submitted voluntarily to the independent auditors for their evaluation. EU Savings Directive

On 3 June 2003, the European Union adopted the Directive 2003/48/EC regarding the taxation of savings income in the form of interest payments (the “Directive”). The Directive requires Member States as from 1 July 2005 to provide to the tax authorities of other Member States details of payments of interest and other similar income within the meaning of the Directive made by a paying agent within its jurisdiction to (or under circumstances to the benefit of) an individual resident in another Member State, except that Belgium, Luxembourg and Austria will instead impose a withholding system for a transitional period unless the beneficiary of interest payment elects for the exchange of information. The same regime applies to payments to individuals resident in any of the following territories: Netherlands Antilles, Aruba, Guernsey, Jersey, the Isle of Man, Montserrat and the British Virgin Islands.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. If a withholding tax is imposed on payment made by a Paying Agent, the Issuer will be required to maintain a Paying Agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Directive.

French Withholding Tax

The Directive has been implemented in French law by Article 242 *ter* of the French General Tax Code and Articles 49 I *ter* to 49 I *sexies* of the Schedule III to French General Tax Code. Article 242 *ter* of the French *Code Général des Impôts*, imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

Payments of interest and other revenues with respect to Notes which constitute *obligations* under French law and are issued or deemed to be issued by the Issuer outside the Republic of France benefit from the exemption from deduction of tax at source on interest set out under Article 125 A III of the French *Code Général des Impôts*, as provided for in Article 131 *quater* of the French *Code Général des Impôts*. Accordingly, such payments do not give the right to any tax credit from any French source.

Notes constituting *obligations* under French law will be issued (or deemed to be issued) outside France by the Issuer (i) in the case of syndicated or non-syndicated issues of Notes, if such Notes are denominated in euro, (ii) in the case of syndicated issues of Notes denominated in currencies other than euro, if, *inter alia*, the Issuer and the relevant Dealers agree not to offer the Notes to the public in the Republic of France in connection with their initial distribution and such Notes are offered in the Republic of France only through an international syndicate to qualified investors (*investisseurs qualifiés*) as described in Article L. 411-2 of the French *Code monétaire et financier* or (iii) in the case of non-syndicated issues of Notes denominated in currencies other than euro, if each of the subscribers of the Notes is domiciled or resident for tax purposes outside the Republic of France and does not act through a permanent establishment or fixed base therein, in each case as more fully set out in the Circular 5 I-11-98 of the *Direction Générale des Impôts* dated 30 September 1998.

However, if so provided in the relevant Final Terms, Notes constituting *obligations* denominated in currencies other than euro may be issued on a non-syndicated basis and placed with subscribers not all of whom are resident outside the Republic of France. In such cases, the Notes will not benefit from the exemption from deduction at source provided for in Article 131 *quater* of the French *Code Général des Impôts* and interest payments under such Notes made to a non-French resident will be exempt from withholding or deduction imposed by or on behalf

of the Republic of France at source only if the beneficiary of the payment provides certification that he is not resident in the Republic of France, all in accordance with the provisions of Article 125 A III of the French *Code Général des Impôts*, as more fully described in Condition 7.

See “Terms and Conditions of the Notes – Taxation”.

The tax regime applicable to Notes which do not constitute *obligations* will be set out in the relevant Final Terms.

Luxembourg Withholding Tax

The Directive has been implemented in Luxembourg law by Act of 21 June 2005.

Individuals

Luxembourg residents

A 10% withholding tax has been introduced, as from 1 January 2006, on interest payments made by Luxembourg paying agents (defined in the same way as in the Directive) to Luxembourg individual residents. Only interest accrued after 1 July 2005 falls within the scope of this withholding tax. Income (other than interest) from investment funds and from current accounts provided that the interest rate is not higher than 0,75% are exempt from the withholding tax. Furthermore, interest which is accrued once a year on savings accounts (short and long term) and which does not exceed €250 per person and per paying agent is exempted from the withholding tax.

This withholding tax represents the final tax liability for the Luxembourg individual resident taxpayers.

Luxembourg non-residents

Subject to the application of the Directive and the Laws, there is no withholding tax on payments of interest (including accrued but unpaid interest) made to Luxembourg non-resident Noteholders.

Under the Directive and the Laws, a Luxembourg based paying agent (within the meaning of the Directive) is required since 1 July 2005 to withhold tax on interest and other similar income paid by it to (or under certain circumstances, to the benefit of) an individual resident in another Member State unless the beneficiary of the interest payments elects for the exchange of information. The same regime applies to payments to individuals or Residual Entities resident in certain dependent territories.

The withholding tax rate is initially 15%, increasing steadily to 20% and to 35%. The withholding tax system will only apply during a transitional period, the ending of which depends on the conclusion of certain agreements relating to information exchange with certain other countries.

Corporations

There is no withholding tax for Luxembourg resident and non-resident corporations holders of the Notes on payments of interest (including uncured but unpaid interest).

SUBSCRIPTION AND SALE

Subject to the terms and on the conditions contained in an amended and restated dealer agreement dated 13 July 2007 between the Issuer, the Arranger and the Permanent Dealers (the "**Dealer Agreement**"), the Notes will be offered by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuer has agreed to reimburse the Arranger for its expenses incurred in connection with the Programme and the Dealers for certain of their activities in connection with the Programme. The commissions in respect of an issue of Notes on a syndicated basis will be stated in the relevant Final Terms.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealers have agreed to indemnify the Issuer against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

Selling Restrictions

General

These selling restrictions may be modified by the agreement of the Issuer and the Dealers in particular following a change in a relevant law, regulation or directive. Any such modification will be set out in the Final Terms issued in respect of the issue of Notes to which it relates or in a supplement to this Base Prospectus.

Each Dealer has agreed that it will comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes the Base Prospectus, any other offering material or any Final Terms and neither the Issuer nor any other Dealer shall have responsibility therefore.

This Base Prospectus prepared in connection with the Notes has not been submitted to the clearance procedures of the *Autorité des marchés financiers*.

European Economic Area

In respect of Notes the denomination per unit of which is less than Euro 50,000 (or its equivalent in another currency):

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**"), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "**Relevant Implementation Date**") it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of Notes to the public in that Relevant Member State:

- (a) if the final terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a "**Non-exempt Offer**"), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable;
- (b) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;

- (c) at any time to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than € 43,000,000 and (3) an annual net turnover of more than € 50,000,000, as shown in its last annual or consolidated accounts;

provided that no such offer of Notes referred to in (b) to (e) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "offer of Notes to the public" in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression "**Prospectus Directive**" means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

The Issuer and the Dealers reserve the right to reject any offer to purchase the Notes, in whole or in part, for any reason. This Base Prospectus does not constitute an offer to any person in the United States. Distribution of this Base Prospectus by any non-U.S. person outside the United States to any U.S. person or to any other person within the United States is unauthorised and any disclosure without the prior written consent of the Issuer of any of its contents to any such U.S. person or other person within the United States is prohibited.
